

Material Safety Data Sheet

Section I – Product Identification

Product Name: Little Blizzard Fluid Dry, Extra-Dry, Super Extra-Dry, Dry 100 & Concentrate LB-32
Chemical family: Alkanolamine
Date of Revision: 10/06/08
Produced By: CITC
1420 80th St. SW Suite #D
Everett, WA 98203
Prepared By: MSDS Coordinator
Emergency Phone: CHEM-TEL, INC. 1-800-255-3924
HMS Rating: Health 0
Flammability 0
Reactivity 0

Section II – Hazardous Ingredients

Chemical Name: NONE

Section III – Physical Data

Boiling Point: 212° F, (100° C)
Vapor Density: N/A
Evaporation Rate: Slower than Ether
Evaporation Volatile by Volume: 000%
Weight/Gallon: 8.34 lbs/gal

Section IV – Fire and Explosion Hazard Data

Hazard Classification **OSHA:** None
DOT: None

Label Information: This product is made in a manner to insure quality, purity, and stability. Handle carefully to preserve its original quality. This product does not contain any chemical subject to reporting under OSHA Hazard Communication Standard 29 CFR 1910.1200. Shut off leaks and dike up large spills. Absorb with an inert material such as earth, sand or vermiculite. Sweep up and dispose of in accordance with Federal, State, and Local Regulations. If spilled in lake water drainage, dilute with water to prevent an imbalance of ph levels.

Flash Point: N. E. DEG F
Lower Explosion Limit % By Volume: N. E.
Extinguishing Media: Not Applicable
Special Fire Fighting Procedures: None
Unusual Fire and Explosion Hazards: None

Section V – Health Hazard Data

Effects of Overexposure:

Ingestion: None
Skin Absorption: None currently known
Inhalation: None currently known
Skin Contact: None currently known
Eye Contact: Minor irritation

Chronic Effects of Overexposure: None currently known

Other Health Hazards: None currently known

Primary Route(s) of Entry: No information furnished by manufacturer.

Emergency and First Aid Procedures:

Ingestion: No harmful effects expected
Skin: Flush skin with water
Inhalation: None considered necessary
Eyes: Washing eyes within 1 minute is essential to achieve maximum effectiveness.

Notes to Physician: No information furnished by Manufacturer.

Section VI – Reactivity Data

Stability: Stable
Conditions to Avoid: None
Incompatibility: None
Hazardous Decomposition Products: None
Hazardous Polymerization: Will not occur.

Section VII – Spill or Leak Procedure

Steps to be taken in case material is released or spilled: Contact local authorities. If spilled in lake water drainage, dilute with water to prevent an imbalance in pH levels.

Waste Disposal: Pour into drainage in accordance with all Federal, State and Local Regulations. Do not agitate. High Foam without detergents. Rinse.

Section VIII – Safe Handling and Use Information

Respiratory Protection: None required in normal use.
Ventilation: General (Mechanical) room ventilation to maintain vapor levels below TLV is expected to be satisfactory.
Protective Gloves: None
Eye Protection: Safety glasses
Other Protective Equipment: None required

Section IX – Special Precautions

Precautions to be Taken in Handling and Storage: Keep container closed. Do not store in freezing conditions or near lakes or rivers.

Other Precautions: When aerated, will evaporate leaving little residue. Quickly evaporates when in small particles. No environmental impact known when aerated.

Section 313 Supplier Notification:

This product does not contain toxic chemicals subject to the reporting Requirements of Section 313 of the Emergency Planning and Community Right-To-Know Act of 1986 and of 40 CFR 372:

We believe the statements, technical information and recommendations contained herein are reliable, but they are given without warranty or guarantee of any kind, express or implied, and we assume no responsibility for any loss, damage, or expense, direct or consequential, arising out of their use.
