BMI SUPPLY 30TH ANNIVERSARY!

In April 1987, BMI Supply launched with the goal of providing excellent customer service and broad product selection to the hardworking people in the Entertainment Industry. Over the past 30 years, our experienced team has delivered on that goal to professional theatres, academic theatres, schools, concert halls, event venues, and houses of worship across the nation and beyond. We consider ourselves part of your production team, a perspective that prioritizes ultimate customer service to ensure your production's success. Our sales and installation staff, many with 15+ years at BMI Supply, have hands-on experience in most every facet of technical theatre and event production.

We hope you find this 2017 catalog useful. We stepped away from the "big" catalog for a few years, bringing it back this year for our anniversary and due to customer demand for print! **Check out our website for even more products and updated pricing.**

THE GAFFGUN

Saving over 90% of the time to lay gaffer's tape over cables, the GaffGun simplifies your job while saving time, money and your back. Cables don't even have to be straight; the GaffGun straightens and centers your cable(s) and then lays tape on them. The GaffGun Bundle includes the GaffGun, long extension handle, small cable guide, medium cable guide, large cable guide, and floor guide (no cable).

GaffGun Bundle #25-290001.....\$269.00

GAFFGUN CORELOK TAPES

Gaffgun GT PRO - Pro Gaff on special core

| 08-3CT02ZZ | Carpet (double-stick), 2" x 25 yds | 8.75/roll |

STAGE HARDWARE

LEG-A-MATIC PLATFORM BRACKETS

This simple yet indispensable piece of hardware creates a corner pocket for platform legs. Bracket bolts to platform frame with standard 3/8" bolts. **The original Leg-a-Matic holds a 2x4 leg using #8 or #10 wood screws. The Leg-A-Matic II accepts 2" OD pipe or 2" square tubing.** Both brackets are made from high grade 6061-T6 aluminum, strengthening the corner joints on your platforms. Saves time, saves money, adds security and strength! Note: Brackets do NOT relieve the need for cross bracing legs.

Leg-a-Matic

Leg-a-Matic II

- Leg-a-Matic™** (for 2x4 legs) #04-PL001 **\$7.15**
- Leg-a-Matic II™** (for 2" OD pipe or 2" square stock) #04-PL003 **9.79**
- LAM Hardware Pak** (for mounting bracket to platform) #04-PL002 **3.70**
Includes: 4 each Hex Key Bolt, Locking Nut, and Flat Washer.

WAGON BRAKES

- Regular Duty, 300 lb. cap.** #04-WB011 **\$16.90**
- Heavy Duty, 800 lb. cap.** #04-WB012 **28.20**
Neoprene-tip extension spindles included.

Replacement Spindles

- Regular Duty** #04-WB013 **\$2.25**
- Heavy Duty** #04-WB014 **2.75**

STAGE HARDWARE

Keeper Plate

Keeper Plate Stubby

KEEPER PLATES

Use to contain cable at the top of scenery rigged to fly. Made from heavy-gauge steel and pre-drilled for assembly with two 1/4" bolts and two #8 or #10 flat head screws (1/4" bolts only on the stubby).

Keeper Plate 2040 #04-DR004..... **\$2.50**
Measures 1-1/8" x 4-5/8"

Keeper Plate Stubby 2050 #04-DR003..... **2.25**
Measures 1-1/8" x 2-5/8"

EYEBOLTS

Drop forged, hot galvanized, XL thread. Working load limit applies to straight line loading only. Additional sizes available on our website.

| Size | WLL | Item Number | Price Ea. |
|---------------|----------|-------------|---------------|
| 5/16" x 2.25" | 800 lb. | 04-EB003 | \$1.33 |
| 3/8" x 4.5" | 1200 lb. | 04-EB006 | 1.97 |
| 3/8" x 6" | 1200 lb. | 04-EB007 | 2.45 |
| 1/2" x 6" | 2200 lb. | 04-EB009 | 3.21 |

SHOULDERED EYEBOLTS

Fully threaded, use for straight or angular loads. Loads below are listed for straight pulls. If the direction of pull is 45°, the adjusted load limit is 30% of the working load limit. If the direction of pull is 90°, the adjusted load limit is 25% of the working load limit. Size = Material diameter x threaded shank length.

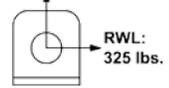

| Size | WLL | Item Number | Price Ea. |
|----------------|----------|-------------|---------------|
| 1/4" x 1" | 500 lb. | 04-EB037 | \$0.90 |
| 5/16" x 1-1/8" | 900 lb. | 04-EB035 | 1.45 |
| 3/8" x 1-1/4" | 1300 lb. | 04-EB034 | 1.62 |
| 1/2" x 1-1/2" | 2400 lb. | 04-EB038 | 2.48 |

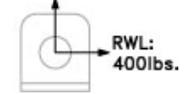

Shackle Plate

RWL: 400 lbs.

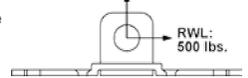

Shackle Plate Stubby

RWL: 600lbs.

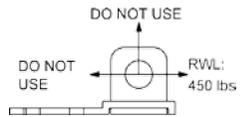

90° Shackle Plate

RWL: 600 lbs.

90° Shackle Plate Stubby

SHACKLE PLATES

Eliminate the D-ring! Made from heavy-gauge steel and pre-drilled for assembly with two 1/4" bolts and two #8 or #10 flat head screws (1/4" bolts only on the stubbies).

Shackle Plate 2010 (1-1/8" x 4-5/8") #04-SP002..... **\$3.10**
Shackle Plate Stubby 2060 (1-1/8" x 2-5/8") #04-SP003..... **3.50**

90° SHACKLE PLATES

Similar in design to above shackle plates, but with shackle connection turned 90° to suit varying installation needs.

Shackle Plate 90° 2020 (1-1/8" x 4-5/8") #04-SP004..... **\$4.80**
Shackle Plate 90° Stubby 2030 (1-1/8" x 3-1/8") #04-SP005..... **4.40**

PIPE FITTINGS

SLIP-ON STRUCTURAL PIPE FITTINGS

One of the quickest ways to assemble structural pipe work. Cut labor costs up to 70%. 100% reusable. No welding, threading, drilling, or bolting. Railing fittings in most cases exceed OSHA requirement to withstand a load of 200 lb. applied to the top rail. Fittings conform to ASTM A47. Hot-dipped galvanized finish conforms to ASTM A153.

| Fitting Size | Fitting I.D. | Pipe O.D. |
|--------------|--------------|-----------|
| 1.00" (-25) | 1.38" | 1.32" |
| 1.25" (-32) | 1.72" | 1.66" |
| 1.50" (-40) | 1.94" | 1.90" |

PIPE FITTINGS

SLIP-ON STRUCTURAL PIPE FITTINGS

One of the quickest ways to assemble structural pipe work. Cut labor costs up to 70%. 100% reusable. No welding, threading, drilling, or bolting. Railing fittings in most cases exceed OSHA requirement to withstand a load of 200 lb. applied to the top rail. Fittings conform to ASTM A47. Hot-dipped galvanized finish conforms to ASTM A153.

CASTERS

BMI SUPPLY TRI-WHEEL CASTERS

Three swivel casters mounted around a center swivel point means easy turning of the heaviest platforms. Made of steel plate, heavy duty ball bearings, and load rated casters, the tri-wheel caster will ease your scene shifts. Comes assembled. **300 lb. models feature single-wheel swivel casters; 800 lb. & 1100 lb. models feature dual-wheel swivel casters.**

Neoprene - Excellent on all surfaces. Superb rejection of floor debris, very quiet operation. Rounded tread allows for effortless swiveling.

Hard Synthetic Rubber - Good on smooth surfaces. Impervious to oil, grease, and water. Extremely durable.

800 lbs Capacity

| Capacity | Height | Clearance Radius | Wheel | Item Number | Price |

Loopmaker

CLAM SHELL PIPE CLAMP

Includes bolts and Nylock nuts. Aka "batten clamp".

- 1.25" Clamshell Clamp** #11-3PCS114.....**\$7.31**
- 1.50" Clamshell Clamp** #13-00000680.....**8.40**

MEGA-GRIDLOCK

This grid crossover clamp is made of 6061-T6 extruded aluminum and is designed for permanent pipe grid installations in studios and theaters. Joins two overlapping pipes together in a 90 degree joint. Fastens any combination of 1-1/2" pipe (1.9" OD), 1-1/4" pipe (1.66" OD), and 2" OD Tube. (Tight fit on 2" OD tube). Safe Vertical Working Load: 1250lb.

- MGM Aluminum Finish** #11-9GCAMIL.....**\$14.45**
- MGB Black Anodized** #11-9GCABLK.....**14.45**

ROSCO SANDBAGS WITH HOOK

Rosco Sandbags are used for a variety of purposes, most often as an adjustable counterweight method for hemp rigging. Sandbags are carefully rated for the weight of sand they will hold. Made from strong canvas, includes heavy metal hook with safety catch.

- Rosco 10 lb. Sandbag** #04-SA001.....**\$30.75**
- Rosco 25 lb. Sandbag** #04-SA002.....**33.62**
- Rosco 50 lb. Sandbag** #04-SA003.....**44.28**
- Rosco 75 lb. Sandbag** #04-SA004.....**58.22**
- Rosco 100 lb. Sandbag** #04-SA005.....**63.35**
- Rosco 150 lb. Sandbag** #04-SA006.....**66.01**
- Rosco 200 lb. Sandbag** #04-SA007.....**78.72**

SADDLEBAG SANDBAG

The Saddlebag Sandbag has a 2" wide webbing strap for handling and two separate pockets so that the strap distributes the weight evenly. Comes with plastic bag to fill with sand after shipping (sand not included).

- 10 lb. Saddlebag** #04-SA017.....**\$26.25**
- 15 lb. Saddlebag** #04-SA018.....**33.46**
- 25 lb. Saddlebag** #04-SA015.....**36.95**
- 50 lb. Saddlebag** #04-SA016.....**44.69**

ADJUSTABLE BEAM CLAMP

Includes shackle, bolts, and nuts. 350lbs recommended working load.

- 4" to 8", 3/8" throat** #11-3BCS038.....**\$17.94**
- 4" to 9", 3/4" throat** #11-3BCS034.....**17.94**

GRIPLOCK GRIPPERS

Using wire rope, you can easily hang objects, permanently or temporarily, with Griplock Grippers. Simply insert wire rope and slide Gripper into position. The load triggers a unique gripping mechanism. Plunger allows easy release and repositioning. Safety nut ensures plunger cannot be pressed once gripper in desired position. Immensely handy!

RIGGING

APPLIED TRUSS

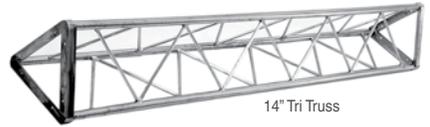

Aluminum triangle and box truss for use in theatres, concert halls, production sets, churches, and many other applications. Trussing is constructed from highly polished aluminum tubing, carefully hand tig welded, and weight load certified by a structural engineering firm. Aluminum end plates standard; spigoted truss available. Custom lengths and corner pieces also available.

STAGEMAKER HOISTS

The **Stagemaker Compact Concert Hoist** enables safe and accurate positioning of speakers, lighting rigs, stage scenery, and whatever else you may want to safely raise and lower. The compact design allows it to fit inside many truss structures. Each Stagemaker hoist features a combined load limiter / brake, solid state brake control, 360° upper and lower hook rotation, 5-pocket

load wheel for accurate operation, anti-jam chain guide for precise chain alignment, black chain, and a pressure cast aluminum body with black two-part epoxy paint. Stagemaker hoists also feature integral handles for convenient transport and come standard with a chain bag. Easy-to-use slack chain stops make for simple travel limit setup.

Quieter than most hoists on the market. Available in inverted (body-down) or normal configurations. **Call or email for a detailed quote for your venue!**

MANUAL CHAIN HOIST

Do you need to lift something heavy but do not have the budget for an electric chain hoist? A manual chain hoist could be the answer. From the makers of the Stagemaker electric chain hoist, the Series II Manual Chain Hoist is available in 1/4-Ton through 10-Ton configurations. Features include: an overload limiting device (except on the 1/4-Ton), Grade 80 high strength galvanized chain, heat-treated alloy steel hooks with latches and inspection points, and a dual pawl Weston-style brake with two friction discs providing four braking surfaces. Below are a few popular configurations. Please call or email for a quick customized quote.

SPANSET STAGE SLINGS

Lightweight, soft, pliable roundslings for temporary rigging applications. Manufactured from a continuous loop of high-tenacity polyester yarn encased in a smooth, double wall, tightly woven cover without any edge seam. Because the load-bearing core yarns are encased by the cover, they are protected from cuts, abrasion, and the harmful effects of ultra-violet rays. Black color ideal for inconspicuous suspension of lighting, sound, and other equipment. Additional sizes and ratings available.

| 3/4" x 600' | 12,825 lbs. | 17-24N24 | 799.80 |

KM-III

KM-III static kernmantle rope is a great headline that meets the rigorous requirements associated with rescue and rappelling operations. KM-III consists of a continuous filament polyester cover braided over a nylon core. The high tenacity filament polyester cover braid provides the most durable and abrasion resistant construction available. KM-III is torque-balanced to eliminate the spin typically induced in ropes during operation. **Longer lengths available on our website!**

| Size | Color | Tensile Strength | Item Number | 150' Price |
|-------|-------|------------------|-------------|-----------------|
| 3/8" | White | 6,000 lbs | 17-06C12 | \$121.50 |

| 5/8" | Black | 11,000 lbs | 17-07C20 | 241.65 |

MULTILINE II

ML-II rope combines filament and staple/spun polyester wrapped around a polyolefin core. Easy on the hand, this three-strand rope provides the greatest durability, highest strength, lightest weight, and most consistent supple feel over time. Renders well over blocks, sheaves, and winches, making this an ideal line for counterweight systems or "hemp" houses. Environmentally stable - will not rot. White w/orange tracer. **You will find additional lengths available on our website, as well as a black coated version.**

| Diameter | Tensile Strength | Item Number | 600' Reel |
|----------|------------------|-------------|-----------------|
| 1/2" | 5,800 lbs. | 17-01H16 | \$253.34 |

MODEL 280

This system is supplied "Complete With All Necessary Accessories" (CWANA). Minimum order is 20'. Includes the following:

- 2800 Track Channel
- 2801 Single Carrier (1 per foot of track)
- 2802 Master Carrier (2)
- 2803 Live End Pulley (1)
- 2804 Dead End Pulley (1)
- 2865 Tension Floor Pulley (1)
- 2807 Lap Clamp (2)
- 2808 Hanging Clamp (1 per every 7' of track, minimum)
- 2809 End Stop (2)
- Black Sash Cord for operation (amount based on system length/height)

280 Track, CWANA #16-1000280 \$41.19/ft.

MOST 280 COMPONENTS ALSO AVAILABLE IN BLACK FINISH!

SCENERY CARRIERS BY H&H

Both for use with H&H 400 Series or ADC 280 Series. Nylatron bearings keep them centered in track channel. Urethane wheels for quiet operation. Both feature a load limit of 200 lbs.

WE ALSO CARRY ALL OTHER ADC SERIES INCLUDING 500 PATRIARC AND 140 RIG-I-FLEX!

CURTAIN TRACK

ADC 130 SERIES FLEX-I-TRAC

FLEX-I-TRAC is a light-to-medium duty I-beam type track designed for medium weight curtains. This economically priced track unit is supplied for "walk-along" operation only with no cord, pulleys or master carriers furnished. The track channel is curved on-the-job to virtually any degree or radius.

ADC 130 SERIES COMPONENTS

Ball-bearing carriers offer smoother operation and longer component life for track systems with heavy use.

ROTDRAPER® PIVOT ARMS

Rotodrapers pivotal fixtures are used for changing the position of curtains on tormentors, side-legs, back-drops and cycloramas. The effect is easily accomplished either by turning the curtain itself or by fastening a tow-line to the pipe or track and swinging it to the desired position. The pivot arm is unique because no implement is required to secure the curtain to its proper position. The Rotodrapers is simply installed and easily manipulated to any angle desired (including full 360° turn). All rotodraper can accommodate drapery to 10' wide.

No. 6 Rotodrapers Unit hangs from pipe batten. Drapery hangs from a pipe (not included) attached to the Rotodrapers. Supports up to 100 lbs.

No. 14 Rotodrapers Unit rides in 140 Series Track (not included). Drapery hangs from a pipe (not included) attached to the Rotodrapers. Supports up to 75 lbs.

No. 17 Rotodrapers Unit rides in 170 Series Track (not included). Drapery hangs from a pipe (not included) attached to the Rotodrapers. Supports up to 75 lbs. This unit as with all track style Rotodraper allows U.S. - D.S. or S.R. - S.L. movement of the entire unit as well as 360° turning of drapery.

No. 28 Rotodrapers Unit rides in 280 Series Track (not included). Drapery hangs from a pipe (not included) attached to the Rotodrapers. Supports up to 75 lbs. and 10' wide drapery.

CUSTOM SEWN SOFT GOODS

We supply custom draperies, backdrops, and scrims sewn to your specifications!

DRAPERIES

Stage draperies are made of commando, velour, or other heavy fabrics. Since there is not a painting process these fabrics are flame retardant and certified. They may have 0%, 50%, 75%, or special fullness. When there is fullness, box pleats are sewn in on 12" centers with webbing behind and a solid brass grommet installed in the center of the pleat. Tie lines or S-hooks (for tracked draperies) are supplied and installed. Side hems are usually a 2" or better turn back. Bottom finish can be jack chain, leadweight tape, or pipe pocket with skirt. For protection and opaqueness, lining on the up stage side is also available.

BACKDROPS

Backdrops are usually made of FR or non-FR muslin and sewn flat (no pleats) for painting a scene. They may be seamed or seamless. When seamed, the seam is sewn horizontally to aid in its disappearance. Standard finish for backdrops is webbing across the top with grommets and tie lines installed on 12" centers. Sides are hemmed and the bottom has a chain or pipe pocket. Most painters prefer to paint on non-FR drops so the flame retardant doesn't interact with the paint or process. After painting you can then flame retard the backdrop with our FlameOut II non-chalking, non-toxic retardant.

SCRIMS

We use the finest European cotton sharkstooth scrim. Black and white scrims come flame retardant and painters scrim (36") is non flame retardant. Scrims are sewn flat and are seamless. Webbing is sewn across the top with grommets and tie lines installed on 12" centers. Sides are hemmed and the bottom has a chain or pipe pocket made of muslin or canvas with a scrim skirt hanging lower (approx. 2") on the down stage side. This allows the pipe to keep weight on the scrim.

FABRIC ACCESSORIES

TOURING / STORAGE HAMPERS

Excellent for storing or touring drapes, drops, cable, props and more. The canvas sides allow soft goods to breathe while still affording general protection. The 3/8" steel rod frame, mounted on a sturdy wooden base, is covered with canvas and has HD Glosstex added at wear points for long life. The 1/2" wood top has quick flip down latches that can be padlocked for security. These are the best of the best! Please note these arrive fully assembled and ship via common carrier (freight) only. It costs about the same to ship 4 as it does to ship just 1, so plan ahead and order in multiples to make the most of your shipping dollars.

- 12 Bushel (36" x 26" x 27.5") #03-1A0112..... **\$322.00**
- 16 Bushel (40" x 28" x 30") #03-1A0116..... **364.00**
- 20 Bushel (48" x 32" x 30") #03-1A0120..... **392.00**

KNOCK DOWN HAMPERS

Versatile in-house hamper that ships & stores in a compact, knocked-down manner, saving you \$\$ and space! These hampers can ship via standard UPS service. The frame is constructed of heavy-duty powder-coated steel that resists rust and is easy to assemble. Liner is the same robust canvas used on the touring style hampers. Includes four (4) swivel casters. **Nylon cloth caps available for all sizes at \$30.00 each.**

- KDH - 12BU (36"L x 26"W x 25"D) #03-1A0512..... **\$257.00**
- KDH - 16BU (40"L x 28"W x 25"D) #03-1A0516..... **316.00**
- KDH - 20BU (44"L x 32"W x 25"D) #03-1A0520..... **359.00**

CANVAS STORAGE BAGS

These durable bags are constructed using heavy weight canvas with grommet & drawstring top closure. Useful for storing and protecting soft goods...keeps them clean and dust-free!

- Large Canvas Bag 3'H x 2'-6"Diameter #02-200007..... **\$55.00**
- Small Canvas Bag 2'-6"H x 1'-8"Diameter #02-200006..... **45.00**

COSTUME & DRAPERY STEAMERS

Made in the USA since 1940, a Jiffy Steamer will give you years of dependable performance. Steaming is 5 times faster than ironing and cannot scorch most materials. **J2 is a personal steamer, suited for light commercial use.** Offers roughly 1.5 hours of steaming per tank fill (0.75 gallon). **J4000 is a heavy duty professional steamer ideal for busy costume shops and large draperies.** One (1) gallon tank will last roughly 2 hours. Both units feature durable die-cast aluminum housings.

- Jiffy J-2 #02-500001..... **\$214.62**
- Jiffy J-2M (w/metal head) #02-500005..... **234.22**
- Jiffy J-4000 #02-500003..... **302.82**
- Jiffy J-4000M (w/metal head) #02-500002..... **322.42**

WEBBING

- Jute, 3.5" x 72 yds., #01-1900NT072..... **\$31.00/roll**
- Jute, by the yard #01-1900NT035..... **0.65/yard**
- Poly, Black, 3" x 100 yds #01-1900BK003... **65.00/roll**

GROMMETS

- #3, 7/16" hole, brass #02-300001..... **\$16.00/gross**
- #3, 7/16" hole, black #02-200002..... **19.25/gross**
- #3 Hole Cutter #02-400001..... **22.00**
- #3 Setting Die #02-400002..... **55.00**

S-HOOKS

| Size | Qty/Pack | Item # | Price Ea. |

| 1/4" x 2-1/4" | 100 | 11-1SHL250 | 18.00 |

BREACHING SNAP

Handy & simple snap closure fitting for hanging soft goods and other tasks. 1/4" x 2-1/2" long. 10 pieces per box.

- Breaching Snap, 10/box #11-7BSL014..... **\$5.10**

PIPE AND DRAPE

BMI Supply has teamed with one of the largest manufacturers of exhibit Pipe & Drape in the United States to proudly offer this quality product line. There are many pipe and drape products available, but none match the quality of workmanship, materials, and serviceability found in this American-made product.

FIXED HEIGHT UPRIGHTS

Fixed uprights are the most cost-effective solution for routine pipe & drape setups. Sturdy extruded & anodized 1.5" diameter aluminum tubes for use with the slip-fit bases. Multiple slits at the top of each upright allow for horizontal drape support connection in each direction. 3' height is excellent for orchestra pit masking; 8' height ideal for temporary changing areas and other masking. Black powder-coat versions also available.

3' height is excellent for orchestra pit masking; 8' height ideal for temporary changing areas and other masking. Black powder-coat versions also available.

1.5" Fixed Upright, Slip-Fit bottom

| | |
|-----------------------------------|---------|
| 3' Fixed Height #61-600037 | \$10.38 |
| 6' Fixed Height #61-600024 | 16.19 |
| 8' Fixed Height #61-600023 | 17.54 |
| 10' Fixed Height #61-600033 | 30.09 |

TELESCOPING UPRIGHTS

Telescoping uprights provide the answer for applications where fixed uprights do not offer enough flexibility. They are extremely versatile and easy to adjust, providing heights to 20 ft. Uprights adjust in either precise 1 ft. increments using the unique double button lock system or are fully adjustable using the locking clamp mechanism. Both lock styles included on each upright. These set up quickly and easily.

1.5" Slip Fit Telescoping Upright

| | |
|--------------------------------------|---------|

| 9'-16' height range #61-600001 | 80.72 |

STORAGE CARTS ALSO AVAILABLE!
PLEASE CALL FOR DETAILS.

DRAPE SUPPORTS (HORIZONTALS)

The Drape Support is the most important component. It must be rugged enough to stand up to repeated use, yet light enough to be easily handled. Construction of a Drape Support begins with extruded, anodized aluminum tubes. The cast aluminum and steel Hook Ends are then attached to the Drape Support with four steel rivets before final assembly. The telescoping Drape Supports feature a button lock system that allows the length of the drape support to be adjusted in precise increments.

| | |
|---|---------|
| 3'-5' w/stops at 4' and 5' #61-600020 | \$20.78 |
| 4'-7' w/stops at 5', 6' and 7' #61-600025 | 24.29 |
| 6'-10' w/stops at 8' and 10' #61-600005 | 28.07 |
| 7'-12' w/stops at 8', 10' and 12' #61-600002 | 31.71 |
| 8'-14' w/stops at 10', 12' and 14' #61-600012 | 34.68 |
| 10'-18' without Button Locks #61-600036 | 42.38 |

STANDARD DRAPERY PANELS

Poly premier fabric holds up well over time and is flame retardant. Open hem top for easy slip-on installation using drape supports. Panels are sewn flat; order extra panels to gather for pleated look. Custom sizes available. Color options shown above, please mention when ordering.

| Poly-Premier Drape 142" x 60"W #61-600041 | 33.74 |

SLIP FIT BASES

The Slip Fit System is often the first choice of large trade show decorators and convention centers; it sets up quickly while providing excellent stability. This system uses a special nipple that attaches to the base in any of up to three mounting holes. Stacking slot on most models helps reduce storage space.

For 1.5" Uprights

| | |
|---|---------|
| 8"x14" with 3" Nipple, 5.2lbs #61-600038 | \$13.35 |

PAINT

ARTIST CHOICE PAINTS

The ARTIST'S CHOICE palette consists of deep, pure hues designed for theatre, film and display work. The paints are saturated color pigment suspended in an acrylic-like medium that provides superior hiding, absorption, and sag resistance. These vivid colors blend easily and are designed to be extended with water. Colors dry fast to a deep, non-reflective finish. Opaque results are achieved mixing 1 part paint - 3 parts water. Translucencies are achieved mixing 1 part paint - 5/10/15/20 parts water. ARTIST'S CHOICE paints adhere well to most surfaces.

STREETSHOE NXT

StreetShoe NXT Waterbased Wood Floor Finish with XL Catalyst is a waterbased system formulated especially for high traffic wood floors. It provides a clear finish that remains unmatched in performance and durability.

StreetShoe NXT contains special UV inhibitors that provide even more protection for your floor from the sun's harmful rays. Additional highlights include:

- 450 - 650 sq. ft. coverage
- 275 VOC: LEED compliant
- 2 - 3 hour dry time; 90% cure in 24 hours
- Mild odor, easy to apply, cleans up with water
- Multiple sheen options

Our staff has used this in active theatres and found it one of the most durable finishes available. Use the Squeaky Cleaner below for regular maintenance. Prices below include catalyst. Additional catalyst available.

GLUES AND COATINGS

SCULPT OR COAT

The original **clear** foam coating. This versatile construction tool creates a tough, flexible plastic coating. Great for walkables, sitables, and touring pieces. Fantastic adhesive - sticks to practically everything! Binds textures. Air cures. Sculptors with fabric or paper pulp. Save time! Color with Artist's Choice saturated paints before applying and you can tough coat, base paint, texture, and protect all in one easy step.

- Sculpt or Coat, Quart** #54-227501 **\$ 29.17**
- Sculpt or Coat, Gallon** #54-237501 **56.02**
- Sculpt or Coat, 2-gallon** #54-247501 **106.04**
- Sculpt or Coat, 5-gallon** #54-257501 **250.56**

ROSCO CRYSTAL GEL

Rosco CrystalGel is a clear plastic-like coating that can be applied to virtually any scenic surface and dries to a flexible, translucent, paintable surface in a few hours. Once dry, CrystalGel can be carved or rolled without peeling or cracking. Sawdust, ground cork or other products can be added to create a variety of textures. Non-toxic, water-based, one gallon will cover about 250 square feet depending on thickness.

- Crystal Gel 1 Gallon** #54-137400 **\$ 59.81**
- Crystal Gel 5 Gallon** #54-157400 **255.35**

ROSCO FLEXCOAT

Flexible, non-toxic, water-based coating for polyurethane foam, styrofoam, and ethafoam. Provides excellent adhesion to a wide variety of substrates. Flexcoat contains no plasticizers so it will not become brittle with age or exterior exposure. Weatherproof and fire retardant, provides one-coat protection.

- Flexcoat 1 Gallon** #54-137120 **\$ 59.81**
- Flexcoat 5 Gallon** #54-157120 **255.35**

ROSCO FOAMCOAT

Water-based, flame retardant protective coating for all rigid foams. Dries to a very hard durable coating that resists chipping and cracking yet can be sanded smooth or carved with detailing. Useful on heavily abused scenery or props. Can also be used as a texturing agent to create patterns like bark, stonework, and other scenic elements.

- Foamcoat 1 Gallon** #54-137100 **\$ 59.81**
- Foamcoat 3.5 Gallon** #54-167100 **189.57**

JAXSAN 600 SCENIC COATING

A great product originally made for the roofing industry that found its way into theatre and scenic construction. JAXSAN is an acrylic latex coating that forms a fiber-reinforced rubbery skin on nearly any surface and is popular for foam sculpture. JAXSAN is available in three consistencies so that it can be applied by brush/roller, special sprayer, or trowel. Weather resistant, flame retardant, water thinnable and non-hazardous. Standard paints adhere to JAXSAN without flaking. More options on website!

ROSCO FLEXBOND

FlexBond is a clear, flexible scenic glue which bonds many porous and non-porous scenic materials. Rosco FlexBond dries to a clear, hard, yet pliable coating that does not suffer from the "tackiness" common in many other flexible glues. FlexBond is water-based and safe to use.

- FlexBond 1 Gallon** #54-137500 **\$ 41.11**
- FlexBond 5 Gallon** #54-157500 **174.65**

30NF GREEN GLUE

This green, waterbased contact adhesive is non-flammable and can be applied by spray, brush, or roller. Bonds most foamed plastics, plastic laminate, wood, plywood, and canvas to themselves and each other. Non porous surfaces typically require only one coat while porous surfaces may require two coats.

- Fastbond 30NF, Gallon** #54-4330NF **\$102.50**
- Fastbond 30NF, 5 Gallon Pail** #54-4530NF **351.25**

3M 78 SPRAY ADHESIVE

3M 78 Spray Adhesive targets spray for efficient use of adhesive in bonding most foam insulation, including expanded polystyrene and extruded polystyrene. Clear in color. Will not eat away foam board. One 24oz can will cover up to 130 square feet.

- Spray 78 - 24oz** #54-4D0078 **\$20.85**

VACUFORM

BMI Supply carries a wide range of vacuform panels and objects. Below are a handful of popular items:

- Brick panels
- Cinderblock panels
- Fieldstone panels
- Shingle roof
- Dental mouldings
- Spanish tile
- Fire hydrants
- Radiators

Many styles require trimming and/or finishing. Special shipping considerations apply. **Please call or email to discuss your project in detail!**

CUTRITE HOT KNIFE

This is a variable power control heat cutter by Demand Products, maker of professional hot knife tools. Features 190W of power and includes Hot Foam Cutter Knife Tool, 4" & 6" Hot Knife foam

cutter blades, original Hot Knife blade adapter, case, and Hot Knife cleaning brush. Heats up in seconds! Blades cut expanded polystyrene EPS foam and extruded polystyrene XPS foam. Also features spring-loaded safety trigger.

CutRite Hot Knife Kit # 56-1100HKTCR\$177.45

HOT WIRE FOAM FACTORY

Most tools in the entertainment industry used for cutting and sculpting foam are designed for the construction industry. These affordable tools are designed with the artisan in mind. We put them to the test and found them to be equally as effective as conventional knives, incredibly nimble and comfortable to use over long periods. Take a look and call us with any questions.

HOT KNIFE: Like a hand-held scroll saw and power drill for foam. The blades are made from thin tough steel with a unique round shape that slices quickly and cleanly in any direction.

FREEHAND ROUTER: Rigid cutting wire can be bent into any shape. Great for custom contours and working in awkward spaces.

SCULPTING TOOL: Great for freehand sculpting, carving, and scroll cutting. The arms pivot so the wire can be taut or looped outward. Features on/off slide switch in handle.

ENGRAVER: Only the pointed tip heats up, making it perfect for detail work.

KITS:

Kits below include the tools, case, wires/blades, and the Multi-Heat Power Supply. Call for other kits, tools, and replacement wires and blades.

| | |
|---|----------|
| Sculpting Tool + 6" Hot Knife Kit #56-4100K43P6 | \$152.96 |
| Freehand Router + 6" Hot Knife Kit #56-4100K44P6 | 134.96 |

| Compound Bow Cutter #56-41000050A | \$206.96 |
| 2' Wires (4-pack) #56-4100006B2 | 17.96 |
| 4' Wires (4-pack) #56-4100006B4 | 17.96 |

FLAME RETARDANTS

ROSCOFLAMEX PA

"PA" = Paint Additive. One bottle treats one gallon of paint. Useful for treating scenic materials that cannot easily be treated by other methods and for supplying the additional protection of a fire retardant paint coating to scenic elements. Always best to treat substrate materials first, then apply paint treated with PA. Not for use with oil based paints or metallic paints. 8oz bottle.

"PA" Paint Additive #54-1E79PA \$13.25

ROSCOFLAMEX WD

Use Roscoflamex WD to treat wood and cellulosic materials. Plywood, board stock, sheet goods, hay, acoustical tile and other common materials can all be rendered flame retardant with Roscoflamex WD. After the Roscoflamex WD treatment has dried fully, wood materials can be painted or stained without affecting the flame retardance. 1 gallon.

"WD" Raw Wood #54-1379WD \$59.01

ROSCOFLAMEX NF

Most natural fibers can be effectively treated using Roscoflamex NF. Among the many fabrics commonly used in scenery or costumes, use Roscoflamex NF on cotton, muslin, scrims, cotton netting, natural velours, wools, linens, natural felts, and most other decorative, garment or upholstery fabrics made with natural fibers. Easy to use, with no greasy after effects, Roscoflamex NF is the best solution for insuring your scenery and props meet local fire regulations. 1 gallon.

"NF" Natural Fibers #54-1379NF \$39.73

ROSCOFLAMEX SF

Treating synthetic fabrics can be difficult since the synthetic threads of the fabric do not absorb liquids in the same manner that a natural fiber does. Roscoflamex SF will treat many synthetic fabrics, such as polyesters, nylons, acrylics and rayons, as well as most cotton/synthetic blends. Always test a sample to ensure compatibility and effectiveness. Leaving no residue or powdery build up, Roscoflamex SF simplifies the task of insuring all your softgoods and scenic fabrics will meet the Fire Marshall's expectations. 1 gallon.

"SF" Synthetic Fiber #54-1379SF \$59.01

ROSCOFLAMEX PC

Roscoflamex PC was formulated specifically to treat the many paper products commonly used in props and scenery construction. 1 gallon.

"PC" Paper & Cardboard #54-1379PC \$59.01

ROSCOFLAMEX DF

Roscoflamex DF is a gentle solution that maintains the qualities of delicate, soft drape fabrics. Good for lace, chiffon, silk, etc. 1 gallon.

"DF" Delicate Fiber #54-1379DF \$59.01

FLAME OUT II

Polymer-based liquid concentrate that is used to treat most natural and synthetic fabrics specifically cottons, silks, nylons, polyester, rayons, and blends. FLAME OUT II is also effective on cellulose such as paper, wood, foam core and other like materials. FLAME OUT II meets or exceeds MVS302, NFPA 701, ASTM E-84, UFAC Class 1, and FAA vertical and horizontal. NON-TOXIC. **Mix with an equal amount of water 1:1. Coverage (per diluted gallon) can vary; approximately 350-500 square feet.**

1 Gallon (Yields 2 gallons) #54-93FOII \$ 49.75
5 Gallon (Yields 10 gallons) #54-95FOII 214.50

TIPS & TRICKS:

- **TO ENSURE COMPATIBILITY AND EFFECTIVENESS, ALWAYS TEST FR TREATMENT ON SAMPLE FABRIC/PIECE BEFOREHAND.**
- **WHEN TREATING PRODUCTION PIECES, DUPLICATE EXACT TREATMENT PROCESSES ON TEST PIECES FOR USE BY FIRE MARSHALL OR OTHER AUTHORITY HAVING JURISDICTION.**

DRAPERY CLEANING & TREATMENT

BMI Supply is pleased to offer drapery dry-cleaning and FR (flame retardant) treatment services. The process includes thorough cleaning, minor repairs, and FR treatment by immersion method. This results in a completely refreshed and safe drapery. Typical turnaround time is 2-3 weeks, but can vary depending on job size and overall workload. Please plan accordingly. In some cases, certain fabrics may not be well-suited to this process. Additionally, some draperies may be deemed too frail or worn to be effectively treated. It may be more cost-effective to purchase new draperies than to clean & treat old ones. **Please call or email with your drapery size & fullness (pleating) information for a comprehensive quote.**

LIGHTING ACCESSORIES

EZ-Fit Glove

Hot Hand Gloves

SETWEAR EZ-FIT GLOVES

Gloves designed for the entertainment industry! Padded Spandex top, breathable Clarino synthetic leather palm, smooth surface thumb and index finger eases detailed handling. Hidden interior stitching eliminates snagging. XS to XXL sizes.

EZ Fit Gloves #25-11004X..... \$18.95

SETWEAR HOT HAND GLOVES

Great for electricians! Palms, tops, and thumbs have Thinsulate and a second layer heat resistant leather to provide extra protection. Designed with an easy entry wide opening longer elastic cuff.

Hot Hand Gloves #25-1100XX..... \$47.81

SETWEAR GLOVE CLIP

Insurance for your gloves! Molded construction with small Setwear logo. Fits belts up to 3" wide. Secures with simple button snap.

Molded Glove Clip #25-110039.....\$9.55

SETWEAR COMBO TOOL POUCH

Above pouch w/tape measure holder & glove clip on the side. Holds up to 33' tape measure (most models). Fits up to 3" wide belts with secure sewn loop. Hook and loop flap. 7.5" tall x 6.5" wide. Our most popular pouch yet.

Combo Tool Pouch #25-110020.....\$30.67

SETWEAR TOOL LEASH

Made with polyurethane cord with a nylon core for added durability. Attach to your wrist, belt, scaffolding, scissor lift, or trussing. Black. Includes wristband, alloy snap hooks. Cheap insurance against dropping tools!

Tool Leash #25-110023.....\$18.44

BTS Wrench

APOLLO BTS WRENCH

Save time and space with a 2-in-1 wrench designed specifically for the lighting professional. The adjustable end's wide capacity jaw allows you to work with more fastener sizes and the openings on the other end handle many common wrench needs. Sales benefit ESTA's Behind The Scenes Foundation!

Apollo BTS Wrench #25-280001..... \$69.00

Ultimate Focus Tool

Ratcheting Ultimate Focus Tool

Flat Focus Tool

ULTIMATE FOCUS TOOL

Fits bolts on a standard C-clamp. Slots fit most wing nuts, thumb screws, smaller shackle bolts, and most yoke handles. Other features: Integrated pin splitter, tie-off, and a continuity tester for Stagepin, Twistlock and Edison connectors. Opens a cold beverage when you're done using all the other features. Machined from aluminum, coated with a hard anodized finish.

Ultimate Focus Tool #25-240001.....\$72.75

RATCHETING ULTIMATE FOCUS TOOL

Includes all features from the Ultimate Focus Tool (see above), with the addition of a robust ratcheting assembly which cleverly accommodates all bolts typically found on C-clamps.

Ratcheting UFT #25-240003.....\$97.00

FLAT FOCUS TOOL

Simple straightforward tool designed to be light, compact, useful, and economical. Graduated slots grab most clamp nuts/bolts.

Flat Focus Tool #25-240004.....\$20.00

ALTMAN WRENCH

An industry classic.

Altman Wrench #25-020001.....\$15.20

MEGA COMBO WRENCH

This 2.75" long wrench fits all your C-clamp bolts AND fits in your pocket.

| GAM Color 24" x 50' | 29-3DXXXX | 149.61 |
| GAM Heat Shield 24" x 50' | 29-3D0099 | 149.61 |
| Lee Color 48" x 25' | 29-210XXX | 141.10 |
| Lee Color HT 46" x 13' | 29-211XXX | 124.50 |
| Apollo 24" x 25' | 29-41XXXX | 72.98 |

LEE GEL QUICKROLLS

Save time and money with Lee Quick Rolls! Each roll is 25' long with your choice of standard gel frame widths such as 6.25", 7.5", 10", etc. Color is ready for framing with just one cut, saving you time and eliminating gel waste! Pricing on quick rolls is 20% - 30% cheaper than buying gel in sheets. Choose from the entire Lee color palette (except HT series).

| Width | # Cuts/roll | Item Number | Roll Price |
|--------|-------------|-------------|------------|
| 6.25" | 48 | 29-2GXXXX | \$23.34 |
| 7.50" | 40 | 29-2HXXX | 28.01 |
| 10.00" | 30 | 29-21XXXX | 37.35 |

GEL CABINET

Sick and tired of flimsy cardboard storage drawers? Take a look at this hand crafted solid wood gel storage cabinet from the fine folks at Apollo Design.

Measuring 23" x 26" x 17" tall, this cabinet has 10 easy-access sliding shelves that each hold 50 sheets of gel. Optional caster base provides easy transport. Interlocking dowels provide stability for stacking multiple modules.

| | |
|-------------------------------|----------|
| Gel Storage Cabinet #65-10004 | \$375.00 |
| Caster Base #65-10012 | 100.00 |

APOLLO GEL WRAP

These gel wraps feature scored seams shaping the gel tube into a triangle that can be split open and fed along a fluorescent tube and fitted into place. This means the fluorescent tube can remain installed, saving installation labor/time and avoiding tricky handling of fragile lamps.

Gel Wraps are shipped and stored flat. Available in any Apollo gel color.

| | |
|--|---------|
| T5 (1/2" diameter) - 48" #29-4TXXXX | \$15.53 |
| T8 (1" diameter) - 48" #29-4NXXXX | 16.43 |
| T12 (1-1/2" diameter) - 48" #29-4LXXXX | 17.33 |

ROSCO QUICK COLOR SLEEVES

An excellent and economical choice to color correct fluorescent tubes for television and film production. Decorative colors available to enhance retail displays, holiday attractions, and more. Quick, easy, and reusable. Fold flat for transport and storage. Specify Roscolux Color.

| | |
|---------------------------------|---------|

| White (Box of 12) #25-990001 | \$11.00 |
| Black (Box of 12) #25-990002 | 11.00 |

PAINT PENS

By popular demand, we have paint pens in stock! These are the real deal by Sanford / Sharpie. Opaque paint, acid free, water and fade resistant. Medium point tip. Great for marking fixture yokes, accessories, tools, and most turf that needs marking. Black and white standard, other colors available by special order.

| | |
|-----------------------------|--------|
| Paint Pen, White #25-990013 | \$3.15 |
| Paint Pen, Black #25-990014 | 3.15 |

PERMACOLOR DICHOIC FILTERS

Rosco dichroic glass color filters offer the greatest color saturation and filter longevity of any color filter product. Permacolor reflects unwanted portions of the spectrum whereas standard (polycarbonate) filters absorb the unwanted portion (translating to heat problems and poor gel life). Excellent for permanent fixture installations in museums, churches, retail displays, etc. Not for use with wide angle fixtures (>40°). Special color frames required.

| | |
|--|----------|
| 5.25" round (for 6.25" frame) #29-14XXXX | \$ 66.45 |
| 6.30" round (for 7.5" frame) #29-15XXXX | 85.26 |

LIGHTING ACCESSORIES

MEGA-CLAMP

Extruded aluminum, black anodized, no rust, 14 oz., and rated for 600 lbs. working load limit.

Mega-Clamp, Black #27-9000MAB \$10.50

MEGA-SWIVEL

Same as Mega-Clamp above, but with pan nut added.

Mega-Swivel, Black #27-9000MVB \$12.95

CAST IRON C-CLAMP

Classic Altman #510 C-clamp (pipe clamp) fits a wide range of pipe sizes.

Altman 510 C-Clamp #27-2000510 \$10.40

BIRDIE CLAMP

A handy lightweight clamp that will work with a PAR16 birdie yoke AND fit standard 1.5" pipe battens!

Birdie Clamp (Mini-Clamp) #27-9000MNB \$6.65

ROSCO SURE CLAMP

No tools needed, grips 1.25" to 2.00". Closes automatically with weight.

Rosco Sure Clamp #27-5078020 \$50.01

MEGA-COUPLER

AKA Half Coupler! High strength aluminum, 1100 lbs vertical load rating, fits 1.66" OD to 2.0" OD tube/pipe, integrated 1/2" attachment bolt included.

MLM, Aluminum #27-9000MLM \$19.60

MLB, Black #27-9000MLB 22.40

MEGA-CLAW

Great for moving lights. Weight of the fixture is supported while tightening. Fits 1.9"– 2.0" outside diameter pipe/ tube Safe working load is 1,100 lbs.

MWM, Aluminum #27-9000MWM \$31.20

MWB, Black #27-9000MWB 35.20

VERSI-CLAMP

Works with a wide range of truss, from 2" OD down to 1" OD, thanks to a unique 2-position latch. Quick release handle takes only 2 turns to drop the locking mechanism.

VCM, Aluminum #27-9000VCM \$29.60

VCB, Black #27-9000VCB 33.30

PURLIN CLAMP

The Purlin Clamp is perfect for installing on to purlins, I-beams, and bar joists up to 1" thick. 1/2" square head bolt for locking onto I-beam, 1/2" x 1" grade 5 hex head bolt to connect load. Micro-grooves for secure connection to beam. 500 lbs S.W.L.

PCM1/2 Purlin Clamp #27-90PCM12 \$11.85

SAFETY CABLE

Silver Safety Cable #27-90SLVSC \$2.25

Black Safety Cable #27-90BLKSC 2.85

ALTMAN SIDEARMS (IRON)

C-POINT DMX COMPANDER

The DMX Compander makes it possible to run three DMX512 universes in one CAT-5 cable by using three of the CAT-5 conductor pairs for DMX512 data (fourth pair is 0V reference). Use one at each end of CAT-5 trunk.

C-Point DMX Compander #33-90035.....\$19.75

C-POINT DMXTENDER

Quickly join two CAT-5 cables together to extend a run.

C-Point DMXtender #33-90036\$11.75

LIGHTING ACCESSORIES

FLEENOR DMX SPLITTERS

Doug Fleenor Designs is the gold-standard of DMX splitters, designed to split DMX signal to two or more receivers as well as isolate the receivers from the console and each other.

Typical uses include splitting signal between stage right and stage left dimmers, running an isolated split to moving lights, etc. Protects console from failed dimmers, lightning damage, and any other source of high voltage on control cables. 5-year warranty. Specify 3-pin XLR or 5-pin XLR when ordering!

- 123 One-in, three-out** #36-120005 **\$ 513.76**
- 125 One-in, five-out** #36-120006 **733.46**
- 1211 One-in, eleven-out** #36-120007 **1517.62**

SWISSON XSP DMX SPLITTERS

The Swisson XSP series of splitters offers superb reliability for professional use at events or on installations. The specially designed power supply ensures safe operation even under harsh mains conditions while each port is isolated and protected from transient voltages. An integrated microcontroller monitors the DMX protocol and indicates the presence of DMX signal or an error with the DMX. The XSP desktop/box models have a thread for a clamp and an eye for the safety line. These models are portable and suitable for truss mounting. The rack and double rack models are for 19 "rack systems. All models below are 5-pin XLR.

- Swisson DMX Splitter 1-in 5-out, Desktop** #36-C20001 **\$448.20**
- Swisson DMX Splitter 1-in 5-out, Rack Mt.** #36-C20002 **484.20**

SWISSON XSH HYBRID SPLITTERS

Fantastic unit for handling both powerCON and DMX distribution for LED fixtures, all in one single unit. The XSH features a powerCON 20A input and an XLR input and four (4) pairs of powerCon 20A and XLR outputs. The XSH comes with a built-in amp meter which makes it a breeze to keep track of the amount of power consumed. All models below are 5-pin XLR.

- Swisson Hybrid Splitter, Desktop** #36-C20003 **\$482.24**
- Swisson Hybrid Splitter, Rack Mt.** #36-C20004 **517.44**
- Swisson Hybrid Splitter w/RDM, Desktop** #36-C0005 **508.64**
- Swisson Hybrid Splitter w/RDM, Rack Mt.** #36-C0006 **543.84**

CHAUVET DMX SPLITTER

This economical Data Stream 4 DMX Splitter takes in a DMX feed and provides four (4) DMX outputs. Offers BOTH 3-pin and 5-pin connections for each output! Complete electrical isolation between input and output. Fits in a standard 1U rack space. Auto-ranging power input 100-240VAC.

- Chauvet Data Stream 4 Splitter 1-in/4-out** #36-920002 **\$129.99**

**CHECK OUT OUR WEBSITE
FOR MORE DMX AND NETWORKING GEAR!**

ENTTEC D-SPLIT DMX SPLITTER

Portable and inexpensive DMX opto/iso splitter featuring 1-in 4-out configuration. Excellent for small theatres, bands, DJs, churches, and other users. Uses 7V external power supply (included). Measures just 4.5" x 2.1" x 3.5".

- D-Split 3-pin and 5-pin** #36-B20001 **\$133.00**
- D-Split 5-pin only** #36-B20003 **133.00**

ENTTEC DMX/ETHERNET NODES

The Open DMX Ethernet (ODE) is a single port DMX/Ethernet node that can be configured as an input or output via a simple (free) software utility. Compatible with ESP and ArtNet DMX over Ethernet protocols. Handy as a DMX-output for Ethernet enabled consoles or PC-based controllers, or as a simple DMX-out node on a distributed Ethernet network. The ODE can also serve as an input for lighting visualizers or media servers. The ODE w/POE (power over ethernet) is capable of operating on a powered ethernet network, allowing convenient usage without a power supply. 0.60 lbs. 5.2" x 1.6" x 2.4".

- ENTTEC ODE** #36-B90004 **\$261.00**
- ENTTEC ODE w/POE** #36-B90002 **314.00**

ETC RESPONSE 4-PORT GATEWAY

ETC's Response 4- Port gateway is a DMX/RDM distribution device built on the quality and reliability of ETC's network development. Converts network protocol to four (4) configurable DMX outputs. This gateway is perfect for networking systems using the industry standard streaming ACN™ (sACN) protocol. Uses bidirectional Ethernet communication with other network devices to send or receive DMX512 data and RDM messages. Configure with ETC Net3 Concert Software. Additional models available, please call!

- Response 4-port, XLR-5 outs** #36-390011 ... **\$995.00**
- Response 4-port, RJ45 outs** #36-390012 **995.00**

DMX RELAY

The Universal DMX Relay is ideal for interfacing DMX control systems to non DMX devices such as fans, slide projectors, confetti cannons, fog machines, coffee makers, and much more. Capable of switching up to 15A inductive and non-inductive loads via a NEMA 5-15 receptacle (Edison). Uses DMX 512 protocol via 3-pin XLR in and thru connectors. Comes with 6' power cord with 15A Edison connector.

- DMX Relay** #36-960003 **\$164.43**

LIGHTING ACCESSORIES

SHoW DMX SHoW BABY 6 DMXCAT

SHoW Baby is a breakthrough in plug-and-play wireless DMX transmission - a single unit can be used as a transmitter or receiver.

Made by City Theatrical, the leader in wireless DMX gear! Great way to get DMX to a location where a cable run would be impractical. Latest version supports 6 show IDs.

SHoW Baby 6 #36-980010.....\$306.00

DMXcat is a powerful, multifunction, DMX test tool that works in tandem with your smartphone. DMXcat itself is a small, battery-powered interface with a 5-pin XLR for connecting into a DMX line (or fixture). Via Bluetooth, the DMXcat interacts with a series of apps (Android or iPhone) that can perform as DMX controller, fixture tester, RDM controller, DMX tester, RF spectrum analyzer (for Wi-Fi networks), and more! Also has built-in LED flashlight, alarm (if misplaced), and a belt clip. Lots more info on website!

DMXcat Multifunction DMX Tester #36-E70001.....\$331.50

SHoW DMX NEO

Updated version of rock-solid SHoW DMX devices for the professional user. Take DMX512 control data from a control source and input it into the SHoW DMX transceiver. The signal is then transmitted to SHoW DMX receivers using a clever synchronized hopping pattern to ensure the utmost data integrity. An improved array of user-selectable features ensures peaceful coexistence with other WiFi signals. RDM capabilities included! ArtNet and ACN capable. Plenty of additional advanced features, specifications, and useful accessories.

NEO 5701 Transceiver #36-980004\$1178.10
NEO 5711 Receiver #36-980005..... 803.25

SWISSON W-DMX / CRMX

The Swisson XWL series of wireless DMX devices employs both Wireless Solutions' W-DMX and LumenRadio's CRMX, making these units versatile for mixing with existing gear or rental gear. With a latency of only 5ms, these devices provide a robust DMX connection comparable to a wired link. These compact units have threads built-in to accommodate a range of mounting needs.

Swisson DMX Transmitter #36-C80001.....\$438.24
Swisson DMX Receiver #36-C80002394.24

SWISSON DMX TESTERS

The **XMT-120A** is a powerful DMX troubleshooting device capable of generating DMX, analyzing DMX, recording/editing scenes, sequencing, testing cables, moving light test functions, and more. Features graphic LCD display with backlight. Kit includes carrying case and XLR adapters. Runs on 9V battery. Updated version includes improved battery / LCD performance and computer interface for firmware updates. **XMT-350 model adds RDM capabilities!**

Swisson XMT-120A-SET #36-C70001.....\$403.20
Swisson XMT-350-SET #36-C70002..... 648.00

CHAUVET RDM2GO TESTER

The **Chauvet RDM2go** is a tool for working with fixtures over a DMX/RDM data line. The palm-sized controller performs a multitude of tasks including RDM functionality, DMX snapshot, DMX input/output monitoring, cable integrity checker, and more. Recharges via a standard micro USB jack and comes with a convenient carry pouch and connector converters.

Chauvet RDM2go #36-960018.....\$299.00

NUDELTA DMX TESTER

This tester has the three features you need most: Send signal, receive signal, and test cable. It can send any level to any DMX address with simple commands similar to those found on popular lighting consoles. It can also test for valid DMX signal and show you the level at any address. Furthermore, the DMX Tester can test continuity on all five pins of a standard DMX cable and indicate which pins are not connected or cross-wired. Choose between seeing the DMX percentage or seeing the full DMX value. Uses 9 volt battery (included). Made in the USA.

NuDelta DMX Tester #36-970002.....\$285.00

BLIZZARD LIGHTCASTER W-DMX

Blizzard Lighting's LightCaster series makes use of the W-DMX 2.4Ghz Frequency-Hopping Spread Spectrum technology to provide a reliable and cost-effective wireless DMX solution. The transceiver unit can function as a transmitter OR receiver, while the receiver model does just that (and saves a few bucks). You'll need at least one transceiver and one receiver for a working system. 500 meter line-of-sight range. Check out our website for complete system details!

Blizzard W-DMX Transceiver #36-980011.....\$299.99
Blizzard W-DMX Receiver #36-980012.....\$249.99

DMX DATA DETECTORS

Tests for DMX data +/- on pins 1, 2 & 3 on any DMX output. Small and lightweight, self contained circuitry, no battery required. Small key ring and clip attached for clipping on lanyard or belt

5-pin XLR #25-100010.....\$25.50
3-pin XLR #25-100009..... 23.50
5-pin XLR / 3-pin XLR Set #25-100011..... 45.00

LIGHTING ACCESSORIES

STAGE PIN LAMP TESTER

Plug the fixture in and know if you have a good lamp indicated by green LED. Also checks for hot/ground short and neutral/ground short indicated by red LED and buzzer. All of this by plugging in the fixture!

3V lithium battery and key ring for tie-off included.

Stage Pin Lamp Tester #25-100004.....\$26.50

dbx CT-2 Cable Tester

dbx CT-3 Cable Tester

STAGE PIN POWER TESTER

This compact tester is effortless to use. Plug it into the circuit and this handy device tests for open ground, open neutral, open hot, hot/ground reverse, and hot/neutral reverse. Works on any 110-125VAC stage pin circuit.

Long life Neon indicators, no batteries required. Key ring for tie-off safety included.

Stage Pin Power Tester #25-100003.....\$22.50

dbx CT-2 CABLE TESTER

We all know how frustrating and time consuming it can be when your cables fail. With the cost-effective dbx CT2 cable testing unit you can now evaluate a large variety of your cables with ease. The CT2 offers many common connectors such as Speaker Twist, XLR, Phono, BNC, DIN, TRS, TS, DMX, & Banana. The CT2 allows for testing cables even with different connectors at each end. For example, it is simple to test a TRS to XLR cable. With well illuminated LED indicators and a simple rotary dial, users can quickly establish whether a cable is wired and functioning correctly, or if it is dead and in need of repair. Requires 9V battery (not included). Measures just 3.5"W x 5.5"L x 1.5"H.

dbx CT-2 Cable Tester #25-310001.....\$34.95

GAMCHEK

Check power supply, lamp continuity and cable wiring. GamChek is compact (less than eight inches long) and can be easily carried in a tool kit. Bright LEDs are recessed in the GamChek molded housing which is equipped with 20 amp male and female connectors. GamChek weighs 9.5 ounces, and comes with 9V battery.

GAMChek Stage Pin #25-050001.....\$169.75

dbx CT-3 CABLE TESTER

The dbx CT3 is an advanced cable testing unit allowing you to evaluate a large variety of cables with ease. The CT3 offers many common connectors such as RJ45, RJ11, MIDI, Speaker Twist, XLR, RCA Phono, BNC, DIN, TRS (1/8" and 1/4"), TS, DMX, & Banana. Unlike the CT-2 tester above, the CT-3 can be split into 2 parts (a SENDER and RECEIVER) so pre-installed and long cables can be tested. Also features a test tone generator. Super-rugged construction for durability and longer life. Requires two (2) 9V batteries, one for each side of tester (not included).

dbx CT-3 Advanced Cable Tester #25-310002.....\$129.95

19-PIN CABLE TESTER

Now you can test for incorrect wiring and shorts quickly and confidently on 19 pin Socapex-compatible cables. Hook both ends of the cable to the tester, turn the rotary switch through all 19 positions, and the green LEDs tell you what is wrong. Rotary switch has 25000 cycle life and allows you to check for intermittent problems. Rugged metal chassis with convenient handles. Lightweight and compact (7.25"W x 5.125"H x 4.875"L). Powered by two (2) AA batteries (included).

19-pin Cable Tester #25-100002.....\$335.00

XLR DATA CABLE TESTER

This robust XLR data cable tester will check your 3-pin, 4-pin, and 5-pin XLR cables (DMX, color changer, intercom, etc...) for correct wiring, shorts, and intermittent problems. Bright and easily understood LED readout allows for quick operation. High quality rotary switch rated for a minimum of 10,000 cycles. Also can check adapters such as 3-pin to 5-pin. Lightweight & rugged ABS plastic case. Powered by two (2) AA batteries (included).

XLR Cable Tester #25-100022.....\$142.00

Lightwright® 6

THE PROFESSIONAL'S PAPERWORK TOOL

LIGHTWRIGHT 6

Lightwright is a unique cross between a spreadsheet and a database, designed specifically to manage professional lighting design paperwork. Lightwright knows that dimmers and circuits shouldn't be overloaded, that striplights have more than one color, that color scrollers have a whole series of colors and need a control channel, and that some lights don't use color at all! Beamwright program for beamspread calculations included for free. External ID to match program to AutoCad or Vectorworks. Version 6 includes integration with select lighting consoles! Other features include data exchange, multiple open show files, extensive worknotes, multiple-user file history, label maker, and more! Windows or Mac.

VECTORWORKS®
A NEMETSCHKE COMPANY

VECTORWORKS SPOTLIGHT

BMI Supply is your source for Vectorworks Spotlight, the premiere drafting software for the entertainment industry. This comprehensive CAD application is intuitive and powerful, enabling users to produce complex drawings. Whether you design lighting, scenery, sets, corporate events, theatrical productions, or exhibits, Vectorworks Spotlight offers ease-of-use not found in competing products.

Flexibility: Enjoy the freedom to design the way you want. With Vectorworks Spotlight you're not limited to a certain workflow, so you have the freedom to work on any size project or in 2D or 3D.

Versatility: Create, model, and present with one application. Vectorworks Spotlight marries precision 2D drafting and flexible 3D modeling with advanced lighting, visualization, and production tools. Easily draft light plots, create stunning set designs, and lay out your exhibits and events while simultaneously automating paperwork and visualizing design concepts in 3D.

Intuitiveness: Work the way you think. Do what you like to do best—design. You won't waste time getting up to speed because Vectorworks Spotlight's simple interface and what-you-see-is-what-you-get display make it easier to learn and use than standard CAD applications. No matter what you're switching from, Vectorworks Spotlight's interface will feel familiar. Vectorworks' SmartCursor™ technology replaces manual drafting tools, so even inexperienced CAD users can make the switch easily.

LIGHTING ACCESSORIES

ROSCO I-CUE MIRROR

A cost effective method for achieving greater flexibility and control with your ellipsoidal spotlight. The I-Cue mirror attachment fits into the gel slot of ETC Source 4, Altman Shakespeare, Strand SL, or Selecon Pacific fixtures. One spotlight can handle dozens of focuses throughout your production. Onboard DMX allows control directly from your lighting console. 16-bit resolution for ultra smooth and precise mirror movement. Power from one of Rosco's 24V power supply units or from available power on your existing Wybron Forerunner, Chroma Q, or most other color changer power supplies.

Rosco I-Cue Mirror #28-381000\$771.15

APOLLO SMART MOVE

This is the next generation in gobo moving effects technology! In addition to simple multi-direction rotation, the Smart Move by Apollo offers an array of individual gobo movement such as stutter,

earthquake, whip, swing, clock, and more! Smart Move is ideal for a broad range of applications with or without a control board. The Smart Move gobo rotator holds one or two "B-size" round gobos, secured by a reversible retaining ring. Smooth belt drive makes this one of the quietest rotators available. Black powder-coat 18 gauge steel chassis provides rigidity and durability. Rugged 24V power supply included. Sized to fit ETC Source 4, Selecon Pacific, Altman Shakespeare, and Strand SL ellipsoidal fixtures. All these features for a price better than most basic rotators!

Apollo Smart Move #28-7SMOVE\$362.18

Smart Move JR #28-7SMOJR\$43.98

(for use in Source 4 JR)

Smart Move DMX #28-7SMDMX\$453.18

(all features of Smart Move plus DMX control and indexing. Powered by 24V DC DMX power supply)

ROSCO SIMPLE SPIN

Basic dual gobo rotator operated with on-board speed control or via a modern dimmer. Rotation speeds from 1/3 RPM to 24 RPM. Belt driven, nearly silent operation. Threaded Teflon gobo retainer collar makes changing 86mm-size glass and steel gobos fast and easy.

Rosco Simple Spin #28-3SSPIN\$400.40

ROSCO REVOPRO

Designed for event and retail use. Control via DMX as with REVO above, or with on-board control system offering 100 pre-programmed effects. Effective for advanced standalone applications such as retail stores, location events, eateries, etc.

Rosco RevoPRO #28-3REVOP\$602.80

Above: Right Arm (empty)
Right: with Source 4

APOLLO RIGHT ARM 3

A slick device for adding simple pan and tilt control to most conventional theatre and studio lighting fixtures, in addition to cameras, LCD projectors, and other instruments. Right Arm contains a two point balancing system that allows the use of fixtures which are front or rear heavy, without adding counterweights or modifying the fixture. An optional speed control channel provides smooth movements. Pan and tilt ranges can be defined in advance, limiting the fixture to areas that require light and improving overall accuracy. Excellent for repositioning specials, repositioning difficult-to-access cove or FOH positions, and for ongoing labor savings. Includes internal power supply for 24vDC output to scrollers, gobo rotators, etc. 5-pin XLR DMX input. 340° pan range, 270° tilt range. 26" tall (w/clamp), 15" wide, 7" deep. Weights 28 lbs. (without fixture). Fixture weight limit is 40 lbs.

Apollo Right Arm 3 #28-7RTARM\$1161.00

GAM FILM/FX

GAM Film/FX fits in the drop-in iris slot of Source 4, Shakespeare, and Strand SL to create a compact and powerful scenic projector. Easily achieve stunning special effects such as moving clouds, rain, snow, fire, water ripples, and many other scenic elements. The machined drive rollers coupled with a high performance motor provide reliable continuous performance. Control via dimmer, GAM DMX power supply, auxiliary 4-channel dimmer, or stand-alone operation. Choose between regular and slow speed (for those very slow cloud crawls). Current FX Reels to choose from: Fluffy Cloud, Fire/Waves, Streaky Cloud, Rain, Snow, Small Dots, Construction, Foilage, Heavy Rain, Water Fall, Clouds, Diamonds, Moving Breakup, Heavy Snow, and Thin Clouds.

PROJECTORS AND ACCESSORIES

OPTOMA PROSCENE WU1500

The Optoma ProScene WU1500 is a fully-featured installation projector, built for demanding professional applications where image quality, performance, and reliability are paramount. Native WUXGA resolution, **12,000 lumens brightness**, and 5000:1 contrast deliver vivid, crystal-clear images. Dual lamps with lamp relay and 24/7 operation provide ultimate reliability, ensuring that this is a projector in which you can have complete confidence. Additional features include motorized lens shift, edge bleeding, 360° operation, and six (6) different lens options (accommodating throw distances ranging from 10' to over 200'). Internal mechanical shutter allows for complete darkness for scene changes during live performances.

CONTACT US FOR MORE DETAILS AND PRICING!

OPTOMA X600

The X600 is a proven performer in the Optoma lineup. It offers XGA performance with 6000 ANSI lumens. X600 accepts a wide variety of computer and video input signals including HDMI, DVI-D, dual VGA, S-video, and more. Also supports multiple 3D formats! Filter-free design does not require regular filter cleaning, saving you time and money.

X600 #69-20004..... \$1399.00

OPTOMA EH320UST

This 4000 ANSI lumen ultra short throw projector offers 1080p resolution and a superb 20,000:1 contrast ratio. Great for scenic projections in tight spaces! 0.25:1 throw ratio means you can get a 100" image from less than 2' away. Plenty of additional features to ensure usefulness for most projection needs.

EH320UST #69-20002 \$1599.00

OPTOMA ML750

The Optoma ML750 is a "tiny", LED-source projector that you can tuck away in a scenic piece or other inconspicuous hiding spot. Connect to computer via HDMI or project without a laptop using the built-in memory, microSD card slot, or USB connection. Optional wireless control adapter (via wifi) makes operation even easier! LEDs rated for over 10 years with typical usage.

ML750 #69-20001 \$499.00

PROJECTOR DOWSER

City Theatrical brings you a finely crafted dowser that takes a projector's not-so-black "video black" and gives you a true blackout. This unit is traditionally controlled with DMX-512 (via an accessory/scroller power supply), but can be locally controlled as well. Fits most video projectors. An included mounting plate allows a variety of mounting options depending on the situation at hand. Reliable and effective.

4160 Projector Dowser #28-404160 \$480.00

2199 2-unit Power Supply #28-402199..... 128.00

IMAGECUE

ImageCue enables users to select and display images and videos from a DMX512 lighting console without requiring the complexity of a media server! Uses only 12 channels of DMX512. Each ImageCue includes a library of 255 images and videos.

Users can supply their own images and videos using a USB flash drive or external hard drive to provide access to over 65,000 image and video files. **ImageCue is fast!** Images and videos are selected and displayed/played in less than a quarter of a second. Users can instantly "bump" from image to image, image to video, video to video, or video to image. **ImageCue accepts JPEG files for still images, and H264 (AVI) for video files.** PNG files with transparency can be overlaid onto images and videos. ImageCue gives the user full RGB mixing control of the background; color mixing can also be used in the foreground to tint images and videos. Full dimming control is provided for the output. This is a stunning and cost-effective tool for handling your projection needs!

ImageCue Image/Video Server #69-30001 \$797.00

PROJECTION SCREENS

ROSCO PROJECTION MATERIALS

Rosco offers five (5) different screen types to suit most any production need. Cut screen can be incorporated into scenic pieces or adhered to your own custom frame. All goods 55" wide and sold by the linear yard.

Front White - Highly reflective, opaque material. Front White is best suited for situations requiring a bright image and wide viewing angle. High gain (brightness) means ambient light should be well controlled.

Light Translucent - Slightly opaque, light gray screen. For projection, ideally suited for high ambient light situations (such as outdoors). High light transmission allows the screen to compete with ambient sources. Excellent for bounce drops and diffusion.

Twin White - Rosco's most popular and versatile screen. Milky white color makes for equally bright images using front or rear projection (allowing for seamless crossfades). Viewing angle approaches a full 180°. For front projection, ambient light must be well controlled.

Black - Ideal for high ambient light situations. Dark gray color comes to life with excellent resolution when backlit with a strong source. Viewing angle limited to 60°. Hides well within the framework of a set.

Grey - Offers many advantages of the black material with a wider viewing angle (120°).

- Rosco 55" Front White Screen #60-224055.....\$20.43/yard
- Rosco 55" Light Translucent Screen #60-22305520.43/yard
- Rosco 55" Twin White Screen #60-221055.....20.43/yard
- Rosco 55" Black Screen #60-22205520.43/yard
- Rosco 55" Grey Screen #60-220055.....20.43/yard

ROSCO TRANSPARENT SCREEN TAPE

For temporarily seaming screen yardage together for a production, or for temporary repairs of screen materials. Taped seams may spread within two months. Rolls are 2" x 55 yards.

Rosco Screen Tape #08-9SC02CL\$7.75

CUSTOM PROJECTION SCREENS

Made-to-order front and rear projection screens are a phone call (or email) away! We can produce custom screen sizes with unfinished edges or ready-to-hang with grommets, pockets, or any other specified finish. All materials are inherently flame retardant PVC. Choose from front (opaque) white, grey, black, creamy white, pale blue, or translucent. Rosco materials above also available. Minimum size is 220 square feet.

DA-LITE POWERED SCREENS

BMI Supply is proud to carry the complete line of projection screens from Da-Lite. In addition to the Fast Fold series listed here, Da-Lite offers powered screens, portable tripod screens, Insta-Theatre screen packages, lace-and-grommet screens, wall mount screens, auditorium roll-up screens, and raw screen materials. Not sure what product suits your venue?

Call on our years of experience to help!

FAST-FOLD DELUXE SCREENS

Made by Da-Lite. Professional's choice for compactness and portability. Lightweight yet exceptionally stable folding aluminum frames with projection screen, all neatly stored in a rugged poly case with wheels (included). Set up is quick and easy with no tools needed. Support legs allow screen adjustment up or down in 6" increments. 1.25" square aluminum tubing with plated hardware stands up to heavy use. All tubing is brushed and burr free to eliminate sharp edges. All models below feature Dual Vision surface, good for front or rear projection.

| Size | Da-Lite Item | BMI Item | Price |
|--------------|--------------|-----------|-----------|
| 6' x 8' | 88696 | 60-190021 | \$1024.00 |

CONVENTIONAL PROFILES (ELLIPSOIDALS)

ETC SOURCE FOUR ELLIPSOIDAL

Source Four spotlights remain the go-to choice for entertainment lighting. The Source Four uses a high efficiency, compact filament HPL lamp. The reflector is coated with dichroic layers which reflect 95% of visible light while transmitting 90% of infrared energy (heat) back through the reflector. Because the body and lens tubes are modular, you can change a 19° to a 50° with a quick lens tube swap. Rotating gate and shutter assembly allows fast alignment of patterns. **Supplied with pipe clamp and color frame.**

ETC SOURCE FOUR JR.

Source Four Jr. is the answer for venues where premium beam quality and energy savings are vital, but budget constraints are also at the fore. Source Four Jr. uses the same 575 watt HPL Lamp as the ETC Source Four. This makes it easy to mix installations while keeping spare lamp inventory costs to a minimum. Source Four Jr. also uses the same color frame as Source Four, so the same sized gel and accessories work with both fixtures. Source Four Jr. is available in three versions, with 26°, 36°, and 50° field angles. **Includes pipe clamp and color frame.**

| ETC Source Four JR Zoom #38-110012 | 370.00 |

ALTMAN PHOENIX ELLIPSOIDAL

Altman has crafted an ellipsoidal fixture with an impressive feature lineup. Foremost, the Phoenix can be purchased for use with HPL lamps or traditional 2-pin G9.5 lamps (GLA, GLC, etc). Altman also developed a locking shutter system that holds your focus. Lens barrel and enclosed

accessory holder rotate a full 360° giving your electricians total control. Minimal light leakage, durable die-cast aluminum and sheet metal construction, interchangeable lens tubes (can even use competitor tubes!), tilt angle markings, and anti-reflective lens coatings are among the additional features. Made in the USA. **Includes bare lead, safety cable, color frame. All items below feature HPL socket.**

ETC SOURCE FOUR MINI

The Source Four Mini is everything you expect from an ETC fixture but packaged in a fixture that's just one-tenth the size of a traditional Source Four. At 9" long, the Source Four

Mini can go anywhere: museums, restaurants, light labs, theaters and other small-scale installations. The portable version featured here comes with a miniature C-clamp, E-sized pattern holder, gel media frame, and 50W lamp. **All items below are BLACK, check our website for additional options. LED version available, please visit our website.**

LOOKING FOR A SPECIFIC LEGACY ELLIPSOIDAL FIXTURE OR PARTS?

GIVE US A SHOUT!

LED PROFILES

With the **ETC Source 4WRD LED retrofit**, you can advance any full-size, tungsten Source Four ellipsoidal to LED efficiency in seconds, with just a wrench and Phillips screwdriver. Simply remove the traditional lamp burner assembly, insert the new guide rod, and attach the 4WRD assembly.

That's it!

4WRD (Watt Reduction Device) is as bright as a 575-watt, extended life HPL lamp, but uses 70% less power. It affords you the same superior optics, accessories, and flexibility as your original Source 4 fixture, because you are simply changing out the lamp burner assembly.

4WRD is controlled via DMX or integrated with your existing dimmed circuits.

This incredible advancement to the Source Four fixture is available either as a retrofit or as a complete light engine. See offerings below!

ADDITIONAL DETAILS:

- 3000°K color temp
- 48 white leds in each lamp
- 77% cooler surface than tungsten Source 4
- 48.7 lumens per watt, compared to 13.3 lumens per watt for tungsten Source 4
- Die-cast aluminum housing
- Two button user interface
- IP20 rating, indoor use
- DMX in/thru via RJ45
- Compatible with standard yoke
- UL and cUL listed
- Three year warranty!

Above: Source 4WRD Retrofit Unit

Right: Source 4WRD shown installed on a Source 4 fixture. Note that the standard yoke still fits!

LED PROFILES

ETC SOURCE 4 LED

ETC merged their LED fixture development with the industry-standard Source 4 fixture body to create a powerful, energy-efficient fixture backed by ETC's service standards. LED configurations below include Lustr+ (color mixing), tungsten (warm) white, daylight (cool) white, and variable white. **The units featured here include the LED engine and shutter gate assembly** along with

a PowerCON lead cord with your choice of popular plugs. Add your desired ETC EDLT (enhanced definition lens tube) to complete the fixture. All fixtures below are BLACK.

ETC S4 LED Lustr+ #67-80038.....\$2015.00

ETC S4 LED Tungsten (warm white) #67-800392015.00

ETC S4 LED Daylight (cool white) #67-800422015.00

ETC S4 LED Studio HD (variable white) #67-80057.....2015.00

ETC SOURCE 4 LED SERIES 2

Source Four LED Series 2 Lustr - Updated array features the addition of a lime-green LED emitter. Lime green increases the luminaire's lumen output in open white and lighter tints to better match the color of a conventional Source Four fixture. Lime also enriches color-rendering by better marrying the red and blue ends of the color spectrum, for truer-to-life light that fills in the gaps that ordinary LEDs leave behind. ETC also added more red in the Source Four LED Series 2 Lustr array, working in unison with the lime-green to produce ambers, straws and pinks much brighter than the original Source Four LED.

Tungsten HD - Variable white array produces warm whites between 2700° and 4500°K.

Daylight HD - Variable white array produces cool whites between 4000° and 6500°K.

The units featured here include the LED engine and shutter gate assembly along with a PowerCON lead cord with your choice of popular plugs. Add your desired ETC EDLT (enhanced definition lens tube) to complete the fixture. All fixtures below are BLACK.

ETC Series 2 S4 LED Lustr+ #67-80058.....\$2420.00

ETC Series 2 S4 LED Tungsten HD #67-80072.....2420.00

ETC Series 2 S4 LED Daylight HD #67-800732420.00

LENS TUBES FOR ETC SOURCE 4 LED

The EDLT series is the preferred lens tube for ETC Source 4 LED fixtures. The high-quality lenses ensure the brightest output, even field, and crisp pattern projection. 14/70/90 tubes already feature EDLT-grade lensing.

ETC EDLT 19° Lens Tube 38-110024 \$298.00

ETC EDLT 26° Lens Tube 38-110032 298.00

ETC EDLT 36° Lens Tube 38-110029 298.00

ETC EDLT 50° Lens Tube (LED) 67-80043 330.00

ETC Source Four 14° Lens Tube 38-110025 350.00

ETC Source Four 70° Lens Tube 38-110026 350.00

ETC Source Four 90° Lens Tube 38-110027 350.00

ETC COLORSOURCE SPOT

ETC's latest LED profile fixture brings made-in-the-USA ETC quality at wallet-friendly prices. The **ColorSource Spot** outperforms other four-color LED profiles thanks to its combination of red, green, blue, and lime emitters. ETC

applied its extensive color-mixing knowledge to the fixture, ensuring it can achieve brighter, richer, and more believable colors than other budget LEDs. The ColorSource Spot is also more dependable. You don't have to worry about it fading over the course of a show, because it compensates for thermal droop to keep the color going strong. All units below BLACK with 5-pin XLR. Power cord included. **Lens tube additional.** RJ-45 models also available.

ColorSource Spot #67-80070 \$1510.00

ColorSource Spot Engine Only #67-80068 ..1465.00

COLORSOURCE SPOT DEEP BLUE

Original ColorSource Spot fixtures use an RGB-L array where the 'B' represents the use of blue LEDs. ColorSource Deep Blue replaces those blue LEDs with a deeper 'Royal Blue' (indigo) LED. How does this impact your color mixing? The Deep Blue array will be able to hit some popular dark blue and red gel colors that the original array cannot, such as R27, R382, R358, and L181. Certain saturated greens and teal colors are sacrificed, however. All units below BLACK with 5-pin XLR. Power cord included. **Lens tube additional.** RJ-45 models also available.

Deep Blue Spot #67-80121 \$1510.00

Deep Spot Engine Only #67-80123.....1465.00

Fresnel Adapter

Cyc Adapter

SOURCE 4 LED ACCESSORIES

Well, this is supposed to be a "profile" fixtures page, but there are a couple of useful accessories for the ETC Source 4 LED engines that we'd like to share.

Fresnel Adapter - Attach to LED engine for a soft wash light with a 15° to 50° zoom range

Fresnel Adapter #67-80080.....\$500.00

Cyc Adapter - Attach to LED engine for a broad cyc wash, readily blended with adjoining fixtures.

Cyc Adapter #67-80052.....\$400.00

Adapters above NOT for use on HPL units!

LED PROFILES

CHAUVET PRO OVATION LED PROFILES

Chauvet Professional offers four (4) different LED profile fixtures to suit your needs!

E-260WW - Single source warm white LED that exceeds output of traditional 750W tungsten ellipsoidals. Smooth dimming down to the bottom of the curve. Framing shutters, gobo slot, color frame slot, and interchangeable lens tubes (compatible with popular brands). PowerCON in/out, 3-pin and 5-pin DMX connectors, RDM compatible. Dimming via DMX.

E-160WW - Energy saving wonder with output that rivals a 575W tungsten fixture, yet draws less than 100W. Smooth dimming, nearly silent, even field, many control options. Warm white. Dimming via DMX.

ED-190WW - The revolutionary ED-190WW can be dimmed via your existing theatrical dimmers! DMX control also possible. Advanced electronics automatically detects what power and data the fixture receives and responds accordingly. Warm white.

E-910FC - The next step in the evolution of the Ovation series, the E-910FC is a color-mixing profile spot featuring an RGBA-Lime array. Also features a Virtual Color Wheel to match popular gel colors used with tungsten sources. 16-bit, ultra smooth dimming for discerning theatre environments. Same physical features as Ovation units above.

E-260WW with 19° lens tube #67-C0061 **\$1329.99**
E-260WW with 26° lens tube #67-C0062 **1329.99**

ALTMAN PHX 250W LED

The Altman PHX 250W LED Profile Spots are state-of-the-art luminaires in function, style, and efficiency. Fully locking shutters and a 360° rotating barrel help keep your fixture's focus intact and easy to attain. Features durable die-cast aluminum and sheet metal construction. An impressive fixture when compared to a traditional ellipsoidal. **All fixtures include lens tube, c-clamp, safety cable, and Powercon lead cord with male Edison plug. Black is standard, but you can also choose white or silver at no extra charge.** Choose from RGBA, RGBW, and 3000°K warm white (3K WW) models below. 5K white also available, along with 5° and 10° models.

PHX 250W RGBA 19° #67-30014 **\$1560.00**
PHX 250W RGBA 26° #67-30015 **1560.00**

PRG RENEW LED RETROFIT

The PRG RH+A ReNEW retrofit uses your existing ETC Source 4 lens tube and shutter assembly to create a powerful LED profile spot. Typical output exceeds a 575W

HPL lamp in a traditional Source 4 unit. ReNEW is available in 3000°K and 5700°K versions. LED chip-on-board design can be readily updated when improved LEDs become available. Additional features include standalone operation, 196-watt max power consumption, PowerCON in/thru, ETL listing, and more. Available models include DMX control or LD (line dimmable...uses your existing dimmed circuits). All items below are BLACK.

ReNEW Retrofit DMX 3000K #67-90035 **\$1140.00**
ReNEW Retrofit DMX 5700K #67-90036 **1140.00**
ReNEW Retrofit LD 3000K #67-90040 **920.00**

CONVENTIONAL WASH

ETC SOURCE FOUR PAR

Using a die-cast aluminum reflector and enhanced coatings, Source Four PAR delivers equal or better light output than conventional 1000 watt PAR 64s and an even field. Changing beam angles is as easy as snapping in one of four low cost lenses. Source Four PAR's compact design means more units can be mounted on a pipe or fit into a truck. Comes complete with color frame, set of 4 lenses, and bare power pigtail. EA (Enhanced Aluminum) is the traditional model. MCM (Metal Cold Mirror) offers a cooler beam (more heat directed out back of fixture).

- Source Four PAR EA, Black #38-130001..... \$235.00**
- Source Four PAR EA, White #38-130003..... \$325.00**
- Source Four PAR MCM, Black #38-130002..... \$390.00**

ALTMAN STEEL PAR CANS

These rugged PAR fixtures feature heavy gauge steel construction. Tough black powder coating, hinged rear cover for lamp access, spring-loaded color frame lock, 36" bare pigtail, 360° beam rotation lamp holder. All models include color frame and safety cable. PAR56 can accept 300W and 500W lamps. PAR64 offerings include 500W and 1000W. UL and cUL listed.

- Altman PAR56, Black #38-230003 \$83.20**
- Altman PAR64, Black #38-230004 88.00**

ALUMINUM PAR CANS

These general purpose PAR cans feature lightweight spun aluminum construction, positive-locking yoke, ceramic sockets, safety screen, octagonal color frame, and installed Edison plugs. Steel

reinforced rivets withstand touring applications. Matte black enamel finish. UL listed. PAR56 can be used with 300W or 500W lamps. PAR64 can be used with 500W and 1000W lamps.

- PAR56, Edison, Black #38-930023..... \$41.00**
- PAR64, Edison, Black #38-930022..... 43.00**

BIRDIES (PAR 16)

Compact PAR 16 unit with E17 intermediate screw base socket and 18" tail w/molded Edison connector. Handy for theatrical and architectural applications where space is limited. Color frame included. UL Listed! Uses FSA, FSB, FSC, etc family of lamps.

- PAR 16 Birdie, Black #38-930001 \$34.23**
- PAR 16 Birdie, Chrome #38-930002..... 34.23**

ETC SOURCE FOUR PARNEL

With the PARNel, ETC introduced a fixture with the function of a Fresnel and the power of a Source 4 PAR. With its unique wave lens design and precision focusing knob, the PARNel lets you quickly access a 25° - 45° beam spread. Excellent heat management through die-cast aluminum construction, sealed reflector housing, and integral heat sink fins. Smooth, soft, symmetrical field is perfect for down washes. Weighs only 8 lbs. Includes color frame, bare pigtail.

- ETC Source 4 PARNel, Black #38-120001..... \$315.00**
- ETC Source 4 PARNel, White #38-120003..... 405.00**

ETC SOURCE 4 FRESNEL

Using proven HPL lamp technology, the ETC S4 7" Fresnel provides soft-edged area lighting with user-friendly controls, energy-efficiency, and superb build quality. Features an adjustable-balance yoke, enclosed accessory slot (no light leak!), and easy-to-use focusing mechanism. Relamping is easy via access through a bottom door...no need to break focus to change lamps. Includes color frame and bare power pigtail.

- ETC 7" Source Four Fresnel, Black #38-120004..... \$415.00**

ALTMAN 6" AND 8" FRESNELS

Popular wash fixtures featuring sheet steel construction, slide focus mechanism, and even-field Fresnel lenses. **65Q 6" model can be outfitted with an HPL socket and use the same lamp inventory as your Source Four fixtures.** Retrofit kits also available. All units include color frame and safety cable. 65Q models UL listed up to 750W. 75Q model listed for 1000W. 65Q good for 10' - 30' throws. 75Q suited for 20' - 40' throws. All units feature black finish.

- 65Q 6" Fresnel w/MPF Socket #38-220003..... \$134.40**
- 65Q 6" Fresnel w/HPL Socket #38-220010 156.00**
- Retrofit Kit to convert 65Q to HPL Socket #40-2003HPL 64.00**
- 75Q 8" Fresnel (Mogul prefocus) #38-220007 277.60**

ALTMAN #100 3" FRESNEL

This "inkie" Fresnel features a 3" heat-resistant lens, cast aluminum body, double contact bayonet socket for 100W lamp, slide adjustment focus, 36" lead, and mounting base. Color frame, safety cable included. Throw: 5' - 15'. Black. Great for set lighting, event lighting, and more.

- Altman 3" Fresnel "Inkie" #38-220002 \$128.00**

GHOST LIGHT

Traditional theatrical lighting fixture! This solidly built unit has a laser-cut steel boom base, casters, center pipe mast, and protected screw-base socket housing. Also features a 10' lead cord with Edison plug for easy plug-in. Built-to-order, please allow a couple weeks lead time.

- Ghost Light #38-990003 \$295.00**

LED FIXED WASH

ETC DESIRE D22

Little sibling to the D40 and D60 fixtures described below. Great for applications where a smaller fixture is needed, but you do not want to sacrifice superb performance. 22 total emitters, available in a variety of LED arrays based on your color or white light needs. Below are portable models for c-clamp mounting. Track and canopy versions also available.

- ETC D22 Lustr+ Color Mixing #67-80060\$1005.00
- ETC D22 Studio HD (white with tint-control) #67-80061 1005.00
- ETC D22 Tungsten White #67-80062 1005.00
- ETC D22 Daylight White #67-80063 1005.00

Variety of D22 diffusers available for \$25.00 ~ \$28.00 each.
See full listings on our website.

ETC DESIRE D40

LED lighting does not have to be ugly! ETC's Desire D40 Series LED fixtures produce brilliant, high-quality, efficient light in a PAR-like fixture body. With the unparalleled x7 Color System, Desire fixtures create a balanced blend of deep, saturated colors or natural white that can be combined into a rig with conventional fixtures or used by itself. Intuitive built-in control functions include quick setup options so you can quickly

and easily adjust the luminaire's performance. ETC has also included an innovative "red shift" option allowing Desire fixtures to mimic a tungsten fade. Using the built-in color-pickers on ETC lighting control consoles, you can pick a gel match for the Desire fixtures to produce or you can modify the color to get the exact shade you want. D40 features 40 LED emitters and is convection cooled (no fans!). DMX in/thru, Powercon in/thru. Options below include VIVID color array (most saturated colors) and LUSTR+ (versatile color including lighter tints for theatre). Dedicated white and outdoor versions available.

- ETC D40 VIVID #67-80040.....\$1815.00
- ETC D40 Lustr+ #67-80029 1815.00
- ETC D40 Studio HD (white with tint control) #67-80173 1815.00

Variety of D40 diffusers available for \$25.00 ~ \$34.00 each.
See full listings on our website.

ETC DESIRE D60

Big sibling to the D40 LED wash above. Slightly larger fixture with 60 total LED emitters. This one is fan-cooled. Fantastic total light output for the fixture cost (the best of any ETC LED fixture). Great for bright color down washes, backlight system, or to augment a white-light system with color-changing capabilities. Featured below are the VIVID, Lustr+, and Studio HD models. Dedicated tungsten white and daylight white

- models also available. IP66 outdoor versions also available.
- ETC D60 VIVID #67-80028.....\$2215.00
- ETC D60 Lustr+ #67-800562215.00
- ETC D60 Studio HD (white with tint control) #67-800332215.00

ETC FIXTURES LISTED HERE
INCLUDE POWERCON CORD WITH
CHOICE OF PLUG.

ETC COLORSOURCE PAR

Most budget LEDs use red, green, blue, and possibly white and/or amber emitters, a combination that results in a limited color range. In contrast, the **ColorSource PAR** benefits from ETC's experience in LED color-mixing, by using a unique

recipe of red, green, blue, a twist of lime, and an extra dash of red. The lime and double-red emitters expand the ColorSource PAR's color range, allowing a richness only possible from ETC LED luminaires. And, when ColorSource PAR fixtures are used at any intensity, they maintain their color quality. Models below offer choice of 5-pin XLR or RJ-45 for DMX. Units below are BLACK, white also available.

- ColorSource PAR, 5-pin #67-80064\$805.00
- ColorSource PAR, RJ-45 #67-80081 805.00

COLORSOURCE PAR DEEP BLUE

Original ColorSource PAR fixtures use an RGB-L array where the 'B' represents the use of blue LEDs. ColorSource Deep Blue replaces those blue LEDs with a deeper 'Royal Blue' (indigo) LED. How does this impact your color mixing?

The Deep Blue array will be able to hit some popular dark blue and red gel colors that the original array cannot, such as R27, R382, R358, and L181. Certain saturated greens and teal colors are sacrificed, however. All units below BLACK, white finish also available.

- CS PAR Deep Blue, 5-pin #67-80119.....\$805.00
- CS PAR Deep Blue, RJ-45 #67-80120 805.00

LED FIXED WASH

COLORDASH S-PAR 1

COLORDash S-Par 1 uses a high-power RGBA LED engine and a homogenizing lens to produce a beautifully blended color palette with a subtle soft edge. It is fully convection cooled and uses IP rated power and data connectors. Also features color temperature presets from warm white to daylight.

This coupled with an innovative touch display and rugged split yoke make it ideally suited for any application where silent operation, ease of installation, and weather conditions are to be factored in. Includes power cable w/Edison plug.

COLORDash S-Par 1 #67-C0068\$479.99

COLORDASH PAR-HEX 7

COLORDash Par-Hex 7 adds the brightness and intensity of ultraviolet light to any design without requiring a separate UV filter. Featuring seven RGBWA + UV LED chips, it produces a rainbow of deeply saturated colors, plus any variation of white and bold UV with no distractive multi-colored shadows. Ideal for tours and live productions, this lightweight fixture has a 21° beam angle. Silent and

flicker free, it's also right at home at broadcast studios and houses of worship. Offering simple and complex DMX channel profiles, power linking, Neutrik® powerCON® connections as well as 3-and 5-pin DMX connectors, it lends itself to applications of any size. Includes powerCON - Edison cable.

COLORDash PAR-HEX 7 #67-C0037.....\$349.99

COLORDASH PAR-HEX 12

COLORDash Par-Hex 12 is an intensely bright hex-colored RGBAW+UV LED wash light that satisfies the need for a color wash, a white wash, and a UV wash. It projects deeply saturated colors, a variety of whites, and a brilliant ultra-violet, flicker-free and without multi-colored shadows. It offers 4 distinct dimming curves and many DMX personalities for programming versatility. The lightweight yet rugged housing, split yoke, and Neutrik® powerCON connections make COLORDash Par-Hex 12 a great fixture for lighting live productions and events. Includes powerCON - Edison cable.

COLORDash PAR-HEX 12 #67-C0055.....Discontinued

COLORDASH PAR-QUAD 18

COLORDash Par-Quad 18 is powered by 18 quad-colored RGBA LEDs in a compact and durable housing. Amber LEDs help produce any variation of white and stunning saturated colors for an expansive palette devoid of multi-colored shadows. A split-yoke bracket eliminates the need for floor stands. Power linking with locking Neutrik® powerCON® power in and out and 3- and 5-pin

DMX connectors simplify connections and setup. COLORDash Par-Quad 18 also includes a gel frame holder and gel frame. Includes powerCON - Edison cable.

COLORDash PAR-QUAD 18 #67-C0060.....\$499.99

CHAUVET PROFESSIONAL®

CHAUVET PROFESSIONAL WELL FIT

WELL Fit is a must for event lighting. A discrete, high-powered RGBA LED up-lighter, this small battery powered wash light comes in a reflective chrome housing designed to blend into any décor.

WELL Fit can be controlled

wirelessly either by W-DMX or by an included IR remote. It can also be controlled manually from the display on the fixture using built-in automated programs. Includes drop-in road case for easy storage

and re-charging of batteries. Approximately 8-hour run time with LEDs all on. 5-hour recharge time. Beam angle 11°, field angle 18°. **WELL Fit** is a perfect solution for quick setup and distinguished accent lighting.

WELL Fit 6-pack with case #67-C0043.....\$3799.99

COREPAR 80 USB

From the Chauvet DJ line, the **COREpar 80 USB** produces a full spectrum of light with the unsurpassed color mixing of COB (Chip-on-Board) technology. Includes separate magnetic lens allowing easy change from ultra-wide wash to narrow beam. High-frequency LED dimming achieves smooth LED fades. Control options include DMX, master/slave, and sound activation as well as wireless control with D-Fi USB (optional). Point-and-shoot operation of static colors and automated programs is also possible with the optional IRC-6 remote control. The unit's robust sit-flat housing features power (IEC) and DMX outlets (3-pin) on the side, a great feature for uplighting.

COREpar 80 USB #67-C0056.....\$229.99

COLORADO 1-TRI TOUR

One of the oldest and most trusted LED wash units still available! 3-watt tri-color RGB LED engines (14), various control modes, built-in programs, Powercon in/thru, DMX in/thru, and a useful double-yoke. 17° beam angle, 88 watts max.

COLORado 1-Tri Tour #67-C0003.....\$399.99

LED FIXED WASH

CHROMA-Q COLOR ONE 100X

The Chroma-Q Color One 100X LED Par features a fully homogenized beam, eliminating the color separation and shadows synonymous with LED lighting. Using core LED technology from the Chroma-Q premium performance lighting range, this multi-purpose fixture is ideal for a wide range of applications. New "X" model offers nearly 60% more output than original fixture.

Chroma-Q Color One 100X #67-90031\$667.40

BRILLIANT SOLUTIONS

ELEKTRALITE EYEBALL 5-IN-1

Able to fit in tight spaces, the Elektralite eyeBall RGBWA 5-in-1 is ideally suited for integration into existing rigs and new projects. The eyeBall is lightweight and small, allowing for more fixtures to be hung in a given space. DMX control via 5-pin XLR, power in and thru via IEC cable. This unit comes with a boatload of accessories, more than most LED...double yoke, IEC power input cable, IEC extension (pass-thru) cable, short DMX input cable, AND a set of 5-pin to 3-pin adapters. Great value!

ELEKTRALITE DAZER

The Elektralite Dazer family of LED lighting fixtures are engineered at an incomparable level of intensity for its range. At the heart of the ElektraLite Dazer are thirty-six powerful 5-watt LED's. Its rugged design allows the Dazer to be a workhorse in stage, studio, worship, and architectural applications. The Dazer's sophisticated diffraction lensing system provides a packed punch of color in a variety of beam spreads. Included with each fixture are four interchangeable optics, providing 15°, 25°, 40°, and 60° beam spreads. The models featured here include Red, Green, and Blue (RGB) and a warm white (3000°K).

Elektralite Dazer RGB #67-G0004\$747.12
Elektralite Dazer Warm White #67-G0007747.12

ELEKTRALITE 1018-AI

1018-AI offers a unique RGBWAI LED array - Red, Green, Blue, White, Amber, and Indigo. Indigo is an almost UV blue that offers you "Congo Blue"-like colors. Six (6) LED colors gives you a much more complete color range. LEDs are united in clusters, giving you a homogenized output. Smooth dimming.

Elektralite 1018-AI #67-G0006\$791.12

ELATION SIXPAR 200

The Elation SIXPAR 200™ features (12) 12W 6-IN-1 RGBAW+UV LEDs, 100,000 average hour LED life, 15° beam and 25° field angles, electronic strobe and dimming (0-100%), 5 variable dimming curve modes, dual yoke / floor stand, multiple unit power linking, RDM (remote device management), rugged die-cast aluminum exterior, flicker free operation for TV and FILM, 150W max power consumption, and a multi-voltage universal auto switching power supply (110-250v). Includes powerCON cable. Excellent value!

Elation SIXPAR 200 #67-E0004\$460.00

ELATION SIXPAR 300

The Elation SIXPAR 300™ features (18) 12W 6-IN-1 RGBAW+UV LEDs, 100,000 average hour LED life, 15° beam and 25° field angles, electronic strobe and dimming (0-100%), 5 variable dimming curve modes, dual yoke / floor stand, multiple unit power linking, RDM (remote device management), rugged die-cast aluminum exterior, flicker free operation for TV and FILM, 220W max power consumption, and a multi-voltage universal auto switching power supply (110-250v). Includes powerCON cable. One of the brightest and most versatile LED wash fixtures at this price point.

Elation SIXPAR 300 #67-E0005\$600.00

MARTIN RUSH PAR1 RGBW

The Martin RUSH PAR 1 RGBW is a bright LED PAR Can with premixed RGBW color mixing. Features 7 10W CREE LEDs. It offers electronic dimming and strobe and comes with a flexible bracket for floor or truss mounting. 17° spread, 5-pin XLR in/thru, powerCON in/thru, auto-ranging power input, 78W typical power consumption. Body constructed from durable, high-impact, thermoplastic material.

Martin RUSH PAR1 RGBW #67-M0002\$495.00

LED ZOOM WASH

ALTMAN PEGASUS

The **Altman Pegasus Fresnels** are 6" and 8" white output LED Fresnels that are both mains dimmable and DMX controlled all in one luminaire. Pegasus replicates the soft light output that is expected from a theatrical or studio Fresnel. Under 150 watts, the 6" Pegasus Fresnel far surpasses the output of its 500 watt incandescent counterpart. The Pegasus 8" meets the output of its 750 watt incandescent counterpart. Additional features include

PowerCON and DMX in/thru connections, RDM, universal power supply (100-240VAC), 50,000 hour LED life expectancy, and all metal construction. C-clamp, color frame, and safety cable included. **Proudly made in the USA!**

Altman Pegasus 6" #67-30032 **\$ 932.00**

Altman Pegasus 8" #67-30033 **1065.60**

Ovation F-95WW FRESNEL

Here's another Chauvet LED unit we were impressed with in our demo room. Ovation F-95WW features a compact and lightweight design that delivers a beautiful soft flat field with high-quality glass optics. Ovation F-95WW is built to work in a variety of stage and TV applications. Its fantastic zoom range of 10° to 54° and soft, warm white wash make it a versatile replacement for aging six-inch fresnels. Quiet operation and

smooth dimming control make it a smart choice for any theatrical and/or studio application. Continue to use your gel stock and never worry about burnout or blowing a lamp. You'll also drop your power needs from at least 500W per fixture down to 108W. Not bad! The usual DMX in/thru (3 and 5-pin), Powercon in/thru, strobe, dimmer, etc. Includes lead cord with Edison plug. 14 lbs.

Ovation F-95WW #67-C0080 **\$799.99**

Ovation F-165WW FRESNEL

Powered by 16 10-watt LEDs, Chauvet's Ovation F-165WW Fresnel delivers a smooth, even wash with a warm color temperature and a beautiful soft field. It also features an easily adjustable, motorized zoom with a range from 25° - 76°. Yes, that's right, a Fresnel with a zoom you can adjust remotely via DMX! You can also manipulate the zoom manually at the fixture itself. Also accommodates barn doors for glare reduction and beam shaping. Selectable dimming curves make it compatible with older, traditional theatre Fresnels. Other nitty-gritty details: 16-bit dimming resolution for smooth fades, nearly silent operation DMX in/thru (3 and 5-pin), Powercon in/thru, 7.5" frame size, 170 watt max, 15 lbs. Includes powerCON - Edison lead cord.

Ovation F-165WW #67-C0033 **\$1149.99**

Right: Fresnel adapter installed on Source 4 LED engine.

SOURCE 4 LED FRESNEL ADAPTER

The Source Four LED Fresnel is like no Fresnel you've seen before. The adapter fits any Source Four LED light engine and creates washes with soft edges. The light blends evenly with smooth overlap and uniform distribution. The Fresnel adapter is adept at sculpting light using traditional barn-door technology and attachments, to customize the look and shape of the light. And with the highest-quality light output, the Source Four LED Fresnel can be used in any application - on stage or in the studio. Offers 15°-50° zoom range. Features heat- and impact-resistant polycarbonate lenses. Adds immense versatility to your Source 4 LED purchase!

LED ZOOM WASH

COLORADO 1 SOLO

COLORado 1 Solo builds on the pedigree of the COLORado line of fixtures with advanced optics and superb performance in any environment, from indoor stages to outdoor festivals. This powerful RGBW LED wash projects an even, fully homogenized beam through fast and smooth zooming optics (8°-55°). It utilizes IP rated power and data connectors as well as full convection cooling for a silent and reliable operation, indoors and outdoors. Features one (1) 60W RGBW LED with 50,000 hour life expectancy. IP65 Powercon, 5-pin XLR in/thru.

COLORado 1 Solo #67-C0078\$599.99

COLORADO 2 SOLO

COLORado 2 Solo uses three (3) 40 W RGBW engines to project a beautiful and fully homogenized beam through fast and smooth zooming optics (7° - 42°) IP rated power and data connectors, and full convection cooling ensure a reliable and silent performance indoors and out, in a wide range of applications from theatrical to outdoor festival productions. IP65 Powercon, 5-pin and 3-pin XLR in/thru.

COLORado 2 Solo #67-C0076\$899.99

COLORADO 3 SOLO

One of the brightest and most versatile zoom wash units on the market. COLORado 3 Solo uses advanced zooming optics (8°-45°) and three (3) 60 W RGBW engines to project an intense and fully homogenized beam. IP rated Powercon and data connectors (3-pin and 5-pin), and full convection cooling ensure a reliable and silent performance indoors and out. Also features standalone color mixing and automated

programs. This is a tremendous fixture for theatrical applications, touring, and event lighting.

COLORado 3 Solo #67-C0069\$1249.99

BLIZZARD COLORISE ZOOM RGBAW

Searching for that LED par can that is bright, loaded with features, and as quiet as a church mouse? Colorise Zoom RGBAW fixtures come fitted with 36 3W high output RGBAW LEDs with a 10°-40° zoomable beam angle, diffused lens, and AnyFi™ wireless DMX receiver which supports W-DMX™ and other wireless protocols. Attractive cast aluminum housing with heat sink allows for silent convection cooling. Users can control Colorise™ Zoom

RGBAW fixtures with DMX, master/slave, and automated programs. It has a well-structured, easy-to-navigate LED control panel menu. Industry standard powerCON-compatible power input/output connections, 3/5-pin DMX in/out. 2-year warranty. Countless additional fixtures that make this a tremendous fixture at a great price.

Blizzard Colorise Zoom RGBAW #67-B0024\$599.99

MARTIN RUSH PAR 2 ZOOM

RUSH PAR 2 RGBW Zoom is a bright, single-lens LED PAR Can with fully premixed color from 12 RGBW LEDs and a spectacular 10 – 60 ° zoom. It offers electronic dimming and strobe and comes with a flexible yoke for floor or truss mounting. 5-pin XLR for DMX in/thru, PowerCon power in/thru, power consumption 151W. We've seen this unit in action and it is excellent. The wide zoom range makes this a fantastic option when you need versatile color wash options.

Martin Rush PAR 2 Zoom #67-M0001\$895.00

COLORADO 1 QUAD ZOOM

COLORado 1 Quad Zoom is an excellent indoor/outdoor wash light with seven Osram RGBW LEDs delivering big time power from a compact, yet solid housing. It maintains its IP65 rating with IP rated DMX cables, but standard 5-pin XLR DMX cables work perfectly for indoor use. A 13° to 45° zoom gives you ample control over the beam, and selectable dimming curves facilitate the integration of the fixtures into an existing rig. Center pixel control provides even more dynamic effects with full 16-bit dimming.

COLORado 1 Quad Zoom #67-C0081\$579.99

COLORADO 2 QUAD ZOOM

COLORado 2-Quad Zoom is a solid indoor/outdoor wash light featuring 14 bright quad-colored Osram (RGBW) LEDs and a 14° to 44° zoom. Selectable dimming curves facilitate its integration into an existing rig. This excellent LED wash light maintains its IP65 rating with IP rated DMX cables, but standard 5-pin XLR DMX

cables work perfectly for indoor use. IP rated power and data connectors allow for easy connections without the need for proprietary cabling.

COLORado 2 Quad Zoom #67-C0070\$1129.99

- FC-3Y 3 Cell Yoke w/Pipe Clamp #27-200FC3Y **64.80**
- FC-2X2Y Yoke w/Pipe Clamp (2 over 2) #27-2FC2X2Y **78.40**

ALTMAN SKY CYC

Workhorse cyc fixture by Altman that remains in wide use. 12' spacing typical for broad, even distribution. High efficiency reflector, UL listed for up to 1500W per cell, multiple mounting configurations. Lamp at 1000W or 1500W. Comes complete with pipe clamp, yoke, color frame, safety cable and safety screen.

- 1-Cell Sky Cyc #38-270006 **\$ 407.20**
- 2-Cell Sky Cyc #38-270007 **747.20**
- 3-Cell Sky Cyc #38-270008 **1058.40**
- 4-Cell Sky Cyc #38-270009 **1349.60**

ALTMAN GROUND CYC

Workhorse ground row cyc fixture! Spring loaded color frame doors compartmented for color separation. Asymmetrical distribution for even cyc washes. Lamp at 300W, 500W, 750W, or 1000W per cell. Luminaire available in 1 lamp through 12 lamp configurations with single to 4 circuit wiring. Safety screen, color frames and floor trunions included.

- 1 Compartment, 1 Circuit #38-270003 **\$314.40**
- 2 Compartment, 2 Circuit #38-270004 **472.00**
- 3 Compartment, 3 Circuit #38-270010 **712.00**
- 508 Hanging iron and clamp #27-2000508..... **41.60/pair**

TIMES SQUARE S100 WASH

The S100 Wash is designed for applications where a broad wash of light is needed in a limited amount of space. At only 4.5" wide x 4.5" tall x 3" deep the S100 can fit into small spaces behind doors and entryways. A

hinged accessory holder and tempered clear glass lamp shield are included. Accepts 100 watt ESR and ETD lamps or 150 watt ETC and ETF lamps (not included). Color frame and barndoor are available.

- S100 Wash** #38-T90001 **\$78.30**

TIMES SQUARE LIGHTING WORKLIGHT

Times Square Lighting's W575 and W150 are compact, wide angle flood lights that are ideal for general lighting and washes.

The W575 model uses the popular stage and studio GLA, FLK and FLK/X lamps (not included) and is dimmable. The W150 model uses the long-life, 12,000-hour CDM150/T6/830 lamp (not included) and is non-dimmable. The compact 7.5"x7.5"x7-7/8" size allows this fixture to be located where older, higher wattage fixtures might not fit while delivering high light output. Features include a multi-position yoke, removable color frame and an integral glass safety shield. Available in black, white or silver finishes.

- W575 Worklight** #38-T90002..... **\$202.50**
- W150 Worklight** #38-T90003..... **351.01**

ALTMAN Q-LITE

Open-face fixture for use in spaces where maximum light output and beam are required for fill or flood lighting. Includes standard yoke, safety screen, color frame and safety cable.

6-3/4"H (with yoke) x 11-1/2"W x 6-3/4"D (with barndoor). 1kW produces a very broad beam which will uniformly illuminate an area 25' x 43' at a distance of 10' with a center intensity of 56fc. Safety screen included. Q-Lite JR max lamp is 650W, includes barndoors.

- Q-Lite** #38-260025 **\$217.60**

ETC COLORSOURCE LINEAR

ColorSource Linear combines the bright, bold output of the ColorSource family with a sleek linear design to create a versatile and affordable strip light. Whether being used to create a stunning wash of light on your stage or to light a wall, the ColorSource Linear uses ETC's unique RGB-L color system to provide beautiful LED lighting. ColorSource Linear is contained in a strip light, or batten, form factor and uses the same proportionate recipes of red, green, blue, and lime LEDs as the ColorSource PAR. This creates a color range and richness only possible from ETC LED luminaires. The Linear fixture was designed to allow multiple fixtures to be mounted end to end with no visible break in light. Additional features include homogenized optics, simple user interface, powerCON in/thru power connections, DMX in/thru (5-pin XLR or RJ45), RDM or local configuration, LED droop compensation for consistent output, and tour-grade housing. Uses optional secondary lenses to customize beam-spread (native field angle is ~30°). Available in 0.5 meter, 1 meter, and 2 meter lengths. All units below black.

- Ovation B-2805FC #67-C00592399.99**

COLORADO BATTEN 72 TOUR

COLORado Batten 72 Tour is a class leading batten-style wash light powered by 72 calibrated red, green, blue, white and amber LEDs. The incorporation of white and amber LEDs affords superb color rendering and a vast palette from soft pastels to saturated hues. Its 16-bit dimming capability as well as five selectable dimming curves provide smooth fades and facilitates its incorporation into aging traditional rigs. Integrated trunnions accommodate clamps for vertical or horizontal hanging. 43 degree spread. Adjustable feet double as hanging bracket. Neutrik powerCON in/thru, 3-pin & 5-pin XLR for DMX.

- COLORado Batten 72 Tour #67-C0011\$749.00**

COLORDASH BATTEN QUAD 6

COLORdash Batten-Quad 6 is a linear wash fixture with six individually controllable quad-colored RGBA LEDs outputting any variation of white as well as richly saturated colors. It pixel maps beautifully when used in multiples because it maintains an even pixel pitch. Setup is easy with a hanging bracket, floor trunnions, 3- and 5-pin DMX connectors and secure powerCON power in and out.

LED CYC & BORDER LIGHTS

CHROMA-Q COLOR FORCE II

From the makers of one of the most popular professional cyc lights, Chroma-Q does it again: the multi award-winning Color Force II, a batten that delivers formidable output and superior color blending, all with smooth even coverage. With four powerful homogenized cells per foot, these units can be grouped and controlled to match your creativity. Unightly color shadowing is eliminated with an innovative optical system that gives power enough to light nearly 12m of cyclorama. Perfect for a wide range of cyclorama, flood, and wall washing applications where a powerful throw is needed. Available in 6 ft / 1.8m, 4 ft / 1.2m, 1 ft / 0.3m versions, these fixtures are specifically designed to fit in flight cases used with the original Color Force.

Additional feature/specs: Neutrik powerCON TRUE 1 power in/thru, 5-pin XLR DMX in/thru, built-in auto-ranging power supply, anodized aluminum body (black), multiple control modes, 22 degree beam spread. Cyc (80° x 35°) and border lensing (43°) available.

OSRAM KREIOS LED WORKLIGHTS

These have become popular fixtures with BMI Supply's customers. Broad, even wash over large areas makes this an ideal worklight fixture. FL offers 3000 lumens, FLx offers 5000+ lumens. The FLx can also be dimmed with most theatrical dimmers. Both models offer indoor/outdoor rating, 40,000 hour expected LED life,

UL certification, black housing, blunt power cord, and 3-year warranty. Save the time/hassle of changing lamps!

BLIZZARD PIXELSTORM COB

Bright batten-style LED wash fixture that is 1-meter long. PixelStorm COB fixtures are powered by 12x 25-watt, high output RGBAW COB LEDs that make for a powerful wash with the additional eye candy of pixel mapping effects! 4-button control panel provides a ton of goodies such as 3 separate pixel group R/G/B/A/W intensity levels, strobe effects, 33 built-in auto programs, sound active modes, and custom static colors. Features also accessible via DMX (3-pin in/thru). DMX connections support powering Blizzard's wiCICLE wireless DMX system without the need for external power. This excellent LED fixture comes equipped with dual hanging brackets with locking knobs for secure mounting, plus industry standard powerCON compatible power input/output to daisy chain multiple fixtures with ease! 234-watt max power draw. Backed by Blizzard's 2-year warranty.

LED CYC & BORDER LIGHTS

Spectra Cyc 50

Spectra Cyc 100

Spectra Cyc 200

Above: CYC Adapter
Left: CYC Adapter installed on Source 4 LED engine.

SOURCE 4 LED CYC ADAPTER

Any Source Four LED Engine can become a superior tool for lighting cycloramas with the addition of the CYC Adapter. The Source Four LED CYC produces a smooth wash that looks like it came from incandescent sources. Fewer Source Four LED CYC units are needed to cover an entire cyclorama, because their light stretches so high and is evenly distributed, without scallops or visible gaps. Taking advantage of the expansive color ranges of x7, Series 2, or ColorSource arrays, the Source Four LED CYC can be fine-tuned to accentuate or suppress certain hues in painted backdrops, creating an incredible artistic impact. Requires no additional lenses or diffusion.

Cyc Adapter #67-80052\$400.00

Adapter above NOT for use on HPL units!

ALTMAN SPECTRA CYC

Altman Spectra Cyc series are cyclorama wall wash luminaires using red, green, blue and amber (RGBA) LED emitters to achieve a stunning palette of colors. Designed for theatrical and architectural applications, the Spectra Cyc blends colors via a patented LED lens which reduces pixelization from direct view. The on-board power supply allows for direct power & data input which can be daisy chained. The Spectra Cyc is compatible with both DMX and RDM protocols. Comes complete with a library of pre-programmed single colors to various color mixes Constructed from laser-cut sheet aluminum. ETL, cETL, & CE listed. Made in the USA. All units include Powercon pigtail with male Edison plug, black safety cable. RGBW, 3K white, and 3K-6K tunable white also available.

CHAUVET PRO OVATION CYC LIGHT

Updated! Ovation C-805FC by Chauvet Professional is a great replacement for tungsten-halogen cyc lights that creates nearly every color in the gel book while consuming considerably less power. Moreover, you will eliminate the need for repeated gel changes due to burnout. LED source consists of red, green, blue, amber, and LIME LEDs (RGBAL) which yields a powerful arsenal of color mixing possibilities. With 2 separately focusable sections on top of each other, you can achieve excellent blending between units and adjust how high the unit throws up your cyc without sacrificing intensity at the bottom.

Ovation Cyc C-805FC #67-C0085\$1299.99

FOLLOWSPOTS

ALTMAN COMET

The Comet remains a popular followspot with top-operated framing iris and dimmer controls, 360W high performance lamp, spring-loaded automatic color boom, sheet steel and diecast aluminum construction, adjustable castered stand, removable 25' long power cable, dual adjustable lenses, and UL listing. Throw: 50' - 150'; Footcandles: 320 - 36 smallspot; 132 - 15 largespot. Includes lamp.

Altman Comet #42-110001\$1580.80

LYCIAN 1206 MIDGET

One of the smallest, lightest, quietest, electrically dimmable units available. Uses FEL 1000W quartz (300 hr.) lamp. Projects from a small spot to a large full stage flood. Features spread lens system, 5-frame self-cancelling color boom, nichrome steel iris, dowsers, shutters, and balance for ease of operation. Throw: 40' - 120'; Footcandles: 250-27.

Lycian 1206 Midget #42-310003.....\$1944.00

CANTO 1200 MSR

Fine Italian craftsmanship combined with superb value make the Canto Followspot an ideal choice for most followspot needs. Optical-quality glass reflector coupled with variable zoom double condenser lens system offers exceptional performance and flexibility. Features sturdy extruded aluminum and sheet metal construction, nichrome steel iris, manual dimming control, spot size and focus controls, and five-color boomerang. Drop-down lampholder secured with microswitch interlock to ensure safe lamp changes. Includes external power supply, 52 lbs (head), 69 lbs (power supply), 16 lbs (stand). Zoom range is 8° - 22°. Typical throw: 50'- 150'. Footcandles (spot): 949 - 105.

ROBERT JULIAT BUXIE

Buxie is a little spot with the powerful punch. The electronic PSU is quiet and fixed to the yoke for space saving. The 2,000-hour, 575W MSD HR lamp, lends the user the confidence of hot re-strike for rapid action following any unexpected power failure. Its compact dimensions make it perfect in places where space is at a premium or as a truss spot. As with other Robert Juliat fixtures, the build quality is unparalleled. Suitable for throws up to ~ 70'.

RJ Buxie Followspot #42-710004.....\$5152.64

ROBERT JULIAT TOPAZE

A professional unit for throws from 50' to 150'. 1200W single ended discharge lamp offers superb brightness through a double condenser optical system. Features 100% closing iris, 100% soft closing manual dimmer, 6-way color changer with removable frames, and a softening effect filter on a flip lever. Topaze serves up a punchy 100 footcandles at the edge of the field at a throw distance of 115'.

Robert Juliat Topaze #42-710002\$7992.80

TELRAD FOLLOWSPOT SIGHT

The TELRAD followspot sight projects a lighted 3 circle sight onto a clear viewfinder window for accurate aiming. Alignment through two back mounted screws affords adjustment for any throw length. AA batteries required, not included.

Telrad Sight #25-150001.....\$40.00

Telrad 2" Riser Base #25-150004..... 19.20

Telrad 4" Riser Base #25-150005..... 19.20

PERFECT-PICKUP

Adjustable precision instrument that readily attaches to any followspot using its magnetic base. Two sight rings mounted on a 7" long sighting arm afford precise adjustment of the sight for perfect aiming every time. No batteries are needed and it comes with its own carrying tube.

Perfect-Pickup #25-140001.....\$25.00

SOURCE 4 FOLLOWSPOT YOKE

Using a Source 4 fixture, you can put a follow spot anywhere with the #1500 Follow Spot Yoke. The durable steel construction increases the fixture's bulk, preventing vibration even at long throws. The ingenious mounting angles allow a perfectly balanced fixture, no matter if it's a S4 50° or S4 5°. The bottom of the pan bearing features female 1-1/2" NPT. Any length of 1-1/2" Schedule 40 pipe can be threaded into the yoke. If you own Source-4's, why purchase an entire follow spot when you can use your existing inventory?

Followspot Yoke #27-1001500.....\$612.36

DROP IN BOOMERANG

Turn any Source Four or Shakespeare into a compact lightweight followspot. It drops into the color slot, holds six colors, and reverses for right or left handed operation. Made of durable aluminum. Add the boomerang handle to avoid hot hands and counter-balance the unit.

Drop In Boomerang #27-1001410.....\$332.10

Boomerang Handle #27-1001415..... 64.80

SOURCE 4 FOLLOWSPOT HANDLE

This insulated handle makes the operator's life much more pleasant and the fixture movement easier to manipulate. Installation is simple.

Followspot Handle 1360 #27-1001360\$42.50

**ADDITIONAL FOLLOWSPOTS AVAILABLE!
PLEASE CALL OR EMAIL.**

CHAUVET PROFESSIONAL ROGUE RH1 HYBRID

Rogue RH1 Hybrid beam and spot possesses an unrivaled optical system with 8-facet and 6-facet prisms that are completely layerable and controllable. Powered by a 330 W Osram Sirius lamp, Rogue RH1 Hybrid delivers an ultra-intense output of 111,000 lux @ 15m with tight beam angles of 2.5° – 8° in Beam mode, zoom range of 5° – 19° in Spot mode, and 18° – 38° range in Wash mode. Indexing and static scrolling gobo wheels and a 13-hue color wheel add to the stunning visual effects that this powerful fixture can create.

Rogue RH1 Hybrid #39-91008.....\$2999.99

CHAUVET PROFESSIONAL ROGUE R2 SPOT

Rogue R2 Spot offers incredible value with a stunning range of colors and effects, all supported by professional quality engineering. Rogue R2 Spot offers gobo-morphing technology and two variable scrolling color wheels for an unlimited number of shape-changing and split-color effects. Rogue R2 Spot uses a powerful 240 W LED light source in a 16.5° beam angle for a brilliant light that creates an eye-catching audience experience.

Rogue R2 Spot #39-91010.....\$1899.99

CHAUVET PROFESSIONAL ROGUE R2 WASH

Rogue R2 Wash is a valuable addition to most any lighting rig - events, theatre, concerts, and more. Durable and dependable, this moving wash workhorse produces a bright, powerful light and offers five zones of LED control to pixel map its 19 (15 W) RGBW quad-LEDs. A stand out zoom range of 12° to 49° gives it the spread to cover even the largest areas. Smooth color mixing, simple and complex DMX channel profiles and powerCON in and out are just some of the other features that make this fixture a solid performer in any setting.

Rogue R2 Wash #39-91009.....\$1499.99

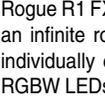

CHAUVET PROFESSIONAL ROGUE R3 WASH

A big brother to the R2 Wash above, Rogue R3 Wash is an ideal moving wash workhorse. It outputs a bright, evenly dispersed light and offers nine zones of LED control to pixel map its 37 (15 W) RGBW quad-LEDs. A quick moving zoom range of 12° – 49° gives it the spread to cover large areas. Smooth color mixing, simple and complex DMX channel profiles, and powerCON in and out round out the excellent features of this outstanding moving wash. Great bang for the buck.

Rogue R3 Wash #39-91019.....\$2699.99

CHAUVET ROGUE R1 FXB

Rogue R1 FX-B shakes things up! It orchestrates an infinite rotation of both pan and tilt for its 5 individually controlled heads, powered by 5 pixel mappable 15 W RGBW LEDs. Crisp beams, rocket quick movements create amazing aerial effects.

Rogue R1 FXB #39-91014.....\$1299.99

AYRTON

Digital Lighting

AYRTON MAGICDOT-SX

MAGICDOT-SX is an optically evolved multipurpose RGBW LED fixture with ultra-rapid beam movement and continuous rotation on pan and tilt. The compact footprint allows multiple MAGICDOT-SX luminaires to be installed with a minimum amount of space between them. Features an advanced 8:1 optical zoom that has a fixed transmitting lens, no visible moving parts, and has an incredible zoom range of 5° to 40°. The short stroke of the zoom system permits MAGICDOT-SX to switch from intense beam mode to sweeping wash mode almost instantaneously. In addition to DMX control, MAGICDOT-SX can also be controlled using LumenRadio CRMX. Incredible number of additional features!

MagicDot-SX #39-A1002.....\$2312.00

AYRTON MAGICRING-R1

Long-awaited and unique in the industry, MAGICRING-R1 is the smallest beam luminaire with continuous rotation. Highly compact, lightweight, super-fast, and powerful, MAGICRING-R1 is fitted with seven (7) 15 Watt RGBW LED sources, each individually controllable and paired with high-yield, 67 mm collimated optics of 4.5° beam aperture. Provides an overall flux of 2,500 lumen and an unmatched centre beam intensity of 262,500 candela from an overall power consumption of only 150 Watt. The distinctive finish of the optics and the individual control of each LED source affords MAGICRING R1 numerous graphic effects.

MagicRing-R1 #39-A1007.....\$2372.00

AYRTON MAGICBLADE-R

MAGICBLADE-R is a design that offers continuous double rotation on PAN/TILT axes. Its unique feature is the in-line layout of its seven RGBW LED sources, paired with the tight beam angle of the optics, which allow

the creation of consistent light curtains. On stage, MAGICBLADE-R's center beam intensity enables excellent visual perception of the beams in an environment saturated with light. With a small physical footprint, MAGICBLADE-R can be installed in many unique positions. Coupled with the individual control of the 7 RGBW LED sources, you can achieve a multitude of new effects.

MagicBlade-R #39-A1003.....\$3443.00

AYRTON NANDOBEAM S3

NANDOBEAM S3 is a powerful and ultra-fast moving-head in a compact housing, the smallest in the NANDOBEAM line. Its advanced optical system, coupled with state-of-the-art 15 Watt RGBW LED emitters, delivers an 8° narrow beam as well as 40° wide coverage. NANDOBEAM S3 delivers a consistent 4,000 lumen output across its full beam range. The quality of its color-mixing makes the NANDOBEAM S3 capable even in the most demanding environments. Offers quick and precise movements, along with a broad range of control option for eye-catching effects. 300W max power draw.

NandoBeam S3 #39-A1004.....\$3086.00

AYRTON NANDOBEAM S6

NANDOBEAM S6 is a powerful and ultra-fast new generation moving-head fixture in a compact housing. Its advanced and highly efficient proprietary optical system coupled with powerful 15 Watt RGBW LED sources provide a narrow 8° beam as well as wide 40° coverage. NANDOBEAM S6's thirty-seven (37) 15 Watt LEDs are cooled by heat-transfer fluids and heat-exchange material. This advanced cooling technology gives an extended LED lifetime, quiet operation, and maximum light source efficiency. 6,000 lumen output combined with the wide zoom range make NANDOBEAM S6 a premium lighting tool for use as a beamlight or washlight.

NandoBeam S6 #39-A1005.....\$5016.00

AYRTON NANDOBEAM S9

NANDOBEAM S9 luminaire is the latest development and the most powerful fixture in the NANDOBEAM product line. Equipped with a new-generation power supply offering over 95% total output efficiency, this power feature enables the highly compact luminaire to use its LED sources continuously at full power without any loss of performance. NANDOBEAM S9 is equipped with fifty-five (55) high-performance Osram 15 Watt RGBW LED emitters arranged in rings around a central LED which is independently controllable to give a multitude of graphic effects possibilities. Wide 8°-40° adjustable zoom. Active fluid-based cooling system allows heavy use under extreme conditions.

MOVING LIGHTS

ROBE LEDBEAM 100

Robe's super fast LEDBeam 100 is the ultimate beam effects lighting tool. Features 12 - RGBW LEDs with life expectancy of 60,000 hours. A highly optimized motorized control produces speedy pan and tilt movement, three LED zones allow the creation of various colour chases, and the extra punchy 7° beam angle can be amplified with fast strobing. Simplified control via pre-programmed colors, color chases, effects on a virtual colour wheel, and various strobing/pulsing effects allows quick and easy programming.

Robe LEDBeam 100 #39-71013 **\$2039.25**

ROBE LEDWASH 300

The Robe LEDWash 300 offers great flexibility with superior homogenization of the light source. Features 19 multichip RGBW LEDs and motorized zoom with an impressive 15°-60° range. This compact fixture is ideal for small-to-medium applications, particularly those where space and accessibility are issues.

Robe LEDWash 300 #39-71010 **\$3494.25**

ROBE LEDWASH 600

The super-slim LEDWash 600 features 37 x 10 Watt RGBW multichip LEDs with color output ranging from gentle pastels to the richest saturation. Arranged in 3 concentric rings, these LEDs offer unique possibilities for creating stunning color and pattern audience blinding effects as well as for providing comprehensive and perfectly even wash coverage. This system sets the LEDWash 600 ahead of any other LED wash light products, making it a truly "multi-purpose" unit, equipped also with an extremely versatile 15° - 60° motorized zoom and powerful fast strobing.

Robe LEDWash 600 #39-71016 **\$5699.25**

ROBE POINTE PROFILE

Beam, spot, wash, and FX all in one fixture. Bright and super-fast with a sharp parallel beam that cuts through the air with ease. Projects static or rotating glass gobos and features two prisms. Use the frost filter and any of the 13 colors to create a smooth wash. The Pointe has an output far greater than seems possible from its small body, due to the efficient short arc Sirius 280 W discharge source and the Robe optical configuration.

Robe Pointe #39-71014 **\$5744.25**

MARTIN MAC AURA

The **Martin MAC Aura** is an award-winning wash light offering powerful performance. It is the first LED moving head wash light to combine multicolor beam LEDs (RGBW) with a backlight LED array that takes the synthetic look out of LED wash lights. Use the fixture as a powerful single-lens wash or for eye-candy looks. Aura's built-in FX engine offers extraordinary effects, along with an unrivaled 11°-58° zoom for angling wide or high-intensity beam looks.

Martin MAC Aura #39-11019 **\$5000.00**

MARTIN RUSH MH 2 WASH

Compact yet powerful, this fast and agile LED wash light moving head features RGBW color mixing. Unique wash beam effects are possible with auto trig shows and music trig sound activation. Also features 17 degree beam angle, strobe effect, 3- and 5-pin DMX connections, powerCON power connections, 125W typical power consumption.

Martin RUSH MH2 Wash #39-11020 **\$1095.00**

MARTIN RUSH MH 6 WASH

The RUSH MH 6 Wash is an exciting adaptation of the hugely popular RUSH PAR 2 RGBW Zoom, using the same LED engine and zoom system and adding moving head capability. The RUSH MH 6 Wash offers a fully pre-mixed color system from 12 x 10 W RGBW LEDs with a spectacular 10°-60° zoom. It also offers full electronic dimming, strobe effects and temperature-controlled fan cooling for quiet operation. 2000 lumens,

32 pre-programmed color macros, 3- and 5-pin XLR DMX connections, powerCON in/thru, and more.

Martin Rush MH 6 Wash #39-11022 **\$1500.00**

MARTIN MAC QUANTUM PROFILE

This extremely bright LED profile fixture combines top-quality white light with a fast, smooth, CMY color mixing system and crisp gobo projection on surfaces as well as mid-air. With all this and the new Animation FX system that allows never-before seen beam animations, the market now has the first real 700/800W discharge lamp replacement in a profile fixture that effectively harnesses cutting-edge LED technology. Offers super high-speed movements and effects in a compact and lightweight design. Light source: 475 W LED engine. Minimum LED lifetime: 50 000 hours (to >70% luminous output). Zoom range: 12° - 36° (1:3). Output: 12,700 lumens. Many additional features, too numerous to list!

Martin MAC Quantum Profile #39-11021 **\$8444.00**

LIGHTING CONTROL

ETC ION 1000

ETC's ION console offers a compact footprint packed with elegant and intuitive EOS-based software! With the ION, fully integrated control of conventional and moving lights is available to almost every level of operator. The base ION hardware features a large programming keypad, dedicated moving light controls, grand master, blackout button, master split fader, and more. For greater flexibility, ION can host up to six USB-connected fader wings (1x20, 2x10, or 2x20), for a total of 200 additional submasters with paging controls. ION is fully networkable for systems needing multiple controllers, remote video, and the Net3 Radio Focus Remote.

(monitors additional)

ETC ELEMENT

If you are a current (or former) user of ETC's Express series of consoles, you'll find this a comfortable and exciting upgrade. Based on ETC's award-winning Eos® control system, Element is affordable, easy to use, and packs in the fundamentals of hands-on lighting control. Element comes in two hardware versions (40 fader & 60 fader) to suit your rig. Each supports either 250 or 500 channels and two full universes of DMX output. Great for conventionals, scrollers, moving mirror attachments, gobo rotators, LEDs, and a handful of moving lights. Call or email for package pricing on Element and accessories!

ETC EOS Ti

Eos Titanium (or Eos Ti) is ETC's flagship lighting control desk, with powerful hardware, easy-to-navigate software, and the right tools to bring professional productions to fruition. Ti features large-format, high-resolution articulating multi-touch displays with a substantial programming surface. It also offers a dedicated multi-touch encoder display, 20 user-definable buttons, a backlit keyboard, motorized faders, multiple USB and video ports - everything to make the experience of designing and programming a breeze.

Price on Request

ETC GIO

Need an capable desk for a large touring show with a complex rig? Looking for a board that saves space in control rooms without scrimping on power? Want a desk compact enough to carry from the control booth to the tech table every day? ETC's Gio is an on-the-go road warrior in a tidy footprint that can handle shows of any size with ease. Boasting integral multi-touch displays and the programming capacity of the Eos Titanium (Eos Ti) desk, Gio is ready to hit the road or seamlessly tie-in with your existing EOS Ti, EOS, or Ion system.

Price on Request

ETC GIO @5

Gio @5 brings the high-end control of the larger Eos consoles to venues with tighter spaces or tighter budgets. This portable console packs all the control necessities into a compact footprint, so external monitors and accessories are optional. With an articulating, 17-inch, multi-touch LCD display, five definable and page-able motorized faders and a master fader pair, Gio @5 is the perfect step up for Ion users who want expanded hands-on access to playbacks, color control, Magic Sheets and more.

ColorSource 40

ETC COLORSOURCE CONSOLE

ColorSource consoles provide hands-on control designed for the latest technology. These affordable, portable desks specialize in streamlined, plug-and-play setup; when the console powers up, it uses RDM to recognize intelligent lights in the rig and auto-populates them in patch. Whether you're recording cues or working on the fly, these consoles have you covered, with faders that can be used to play back looks and effects or to mix the perfect color in your LED lights. ColorSource 20 has 20 channel/playback faders and can handle up to 40 devices. ColorSource 40 has double the capacity. Both feature one (1) DMX 512 5-pin output, one (1) USB port, and 2GB onboard show file storage.

ColorSource 20 AV

ETC COLORSOURCE AV CONSOLE

ColorSource AV builds on the easy-to-use feature set described above for the standard ColorSource consoles. The AV series consoles come equipped with HDMI and audio output, so you can run sound cues, images, interactive Video Toy effects, sound-to-light effects, and regular old lighting cues from the same, compact device. In addition to these AV features, there is a bit more horsepower under the hood. AV consoles have two (2) DMX-512 outputs, two (2) USB ports, network capability (sACN, ArtNet, RDM), and compatibility with the "Amigo" platform-independent remote control via network system. ColorSource 20 AV has 20 channel/playback faders and can handle up to 40 devices. ColorSource 40 AV has double the capacity.

LIGHTING CONTROL

CHAMSYS MAGICQ MQ60

The **ChamSys MagicQ MQ60** is part of a new generation of small and lightweight MagicQ Consoles specifically designed for travelling lighting designers. It features a built-in 4-port ethernet switch, built-in UPS battery, and supports an external monitor (in addition to the built-in touch screen). **It is a console of choice for controlling lighting, video, and LEDs.**

MagicQ software features include easy patching from a library of 11000 fixture personalities and simple programming. Shows can be programmed on any console or computer and played back on any MagicQ system. Show files are forward and backward compatible across software release versions and new features are regularly added to the software. In addition to directly supporting an external monitor, an additional 3 monitors can be connected using networked computers. For example, a network cable can be run to a designers laptop at the tech table and any view displayed there. Low power consumption means the MQ60 does not require a fan, enabling silent operation for exposed FOH positions.

Additional Highlights:

- Four (4) patchable, direct DMX outputs
- 12 universes over Ethernet: Art-Net I, II or III, Pathport, Shownet, or sACN.
- MIDI input and output, as well as audio input for synchronization.
- 2D and 3D pixel mapping.
- Connects to a PC or Mac running MagicVis (free 3D visualization software).
- Connects to a PC or Mac running MagicHD (free 8-layer Media Server).

CHAMSYS MQ60

\$7800.00

Item #45-221002

CHAMSYS SOFTWARE...

ChamSys, a UK company, is one of the original leaders in PC-based control software and other software tools. Here are the primary components, all **FREE** for your use with ChamSys consoles!

MagicQ - This is the core operating software running on consoles or on your PC.

MagicVis - 3D visualization software. Pre-visualize shows, program blind, see what your next console action will achieve in a live show - before you take it!

MagicHD - Media server that is seamlessly integrated with MagicQ and MagicVis. 8-layer capability, full HD resolution, accepts all common video and image formats.

ADDITIONAL MAGICQ COMPACT CONSOLES

In addition to the MQ60 above, ChamSys offers a couple other consoles in the MagicQ Compact line. Both include the same core features outlined above, with notable differences outlined below. Check out our website for complete details on each console!

MQ40N - Entry-level console in the Compact series with a simplified user interface. Four (4) universes max (direct DMX or via single network output). No built-in UPS.

ChamSys MagicQ MQ40N #45-221001\$5400.00

MQ80 - Top of the line console supporting up to 24 universes. Enhanced onboard screen size, advanced MIDI/audio support, and more!

ChamSys MagicQ MQ80 #45-221003 \$11,600.00

CHAMSYS PC WINGS

These programming/playback wings serve as companions to MagicQ software running on your PC or as an add-on wing for your Compact console (Extra Wing only).

PC Wing Compact - Programming and playback wing for use with your PC. Two (2) built-in DMX universes, no additional dongle needed. Connects via USB.

PC Wing Compact #45-227002\$2800.00

Extra Wing - Adds 12 additional playback faders and 12 execute buttons to your Compact console or added on to your PC running MagicQ. Internal USB hub for connecting multiple wings.

Extra Wing #45-227003\$2800.00

PC Wing Compact

LIGHTING CONTROL

COGNITO²

The **Cognito²** console solves the complex task of programming shows for systems that include incandescent dimmers, moving lights and color changing LED fixtures with a streamlined user interface to guide you through the process of selecting lights, adjusting their attributes, and recording reference libraries, memories, and cues. **Cognito²** features a robust processor and support for an external monitor. "Starter" console offers one (1) universe of DMX and one (1) 5-pin XLR output only. Subsequent PRO models offer channel count as noted, plus two (2) 5-pin XLR outputs, enabled Ethernet connection for Pathway protocol / sACN / ArtNet, DMX input port, MIDI show control, RS232, and contact closure. PC-based versions also available! Many more valuable features, check out our site for details.

- Cognito² Starter Console** #45-201001..... **\$2740.50**

- Starter to Pro512 Upgrade** #45-201005..... **708.75**

ENTTEC D-PRO

D-PRO is a software-based lighting controller which plays well with a host of different professional level hardware devices from ENTTEC. It has plenty of advanced features for the most demanding lighting

professional, allowing for control of up to 8 universes worth of DMX512 data, and it packs more than a few innovations. D-PRO's graphical user interface will allow novices and veterans alike a quick learning curve, but for the seasoned operator who wishes it, a robust command line is available. It supports virtually unlimited cues, palettes and groups, a multi-layered cue list playback engine, scripting, effects and much more. The DMX USB Pro Mk2 interface below (2 universes) is perfectly suited for D-PRO, converting USB output from your computer to DMX signal on 5-pin XLR connections.

- ENTTEC D-PRO 2-universe** #44-130..... **\$190.00**
- ENTTEC D-PRO 8-universe** #44-131..... **475.00**
- ENTTEC DMX USB Pro Mk2** #36-B90007..... **209.00**

ENTTEC PLAYBACK WING

The ENTTEC Playback wing is the perfect add on for ENTTEC D-PRO control software and other PC lighting control software. The wing is ethernet based. Features high-quality keys and faders, 2-digit display, and upgradable firmware.

- ENTTEC Playback Wing** #45-184004..... **\$718.00**

GRANDMA² ONPC

grandMA² onPC software is a free download! Generate signal from your computer by purchasing an onPC Node, add additional hands-on control with the Fader Wing and/or Command Wing. These wings pave the way for mobile use of the highly flexible and powerful grandMA² control system, at a fraction of the cost of a full-size console. Wings connect to your PC with a simple USB cable. grandMA is the preferred platform for countless touring professionals and venues alike. Larger nodes also available.

- grandMA onPC Command Wing** #45-194001..... **\$5872.50**
- grandMA onPC Fader Wing** #45-194002..... **4374.00**
- grandMA 2Port onPC Node 1K** #36-D90001..... **2227.50**
- grandMA 2Port onPC Node 2K** #36-D90002..... **3159.00**

HEDGEHOG 4 SERIES

HedgeHog 4s are the littlest of the Hog range and still pack quite a punch, running the same software as all the other Hogs. All models include ArtNet and CITP capabilities and are designed for small to mid level shows.

They are compact, lightweight and easy to take on a plane! Running on Linux, they are fast, stable and ready to Hog. Perfect consoles for use in school theaters, nightclubs, corporate events, medium scale rental jobs, or churches. Outputs two (2) universes of DMX-512 via 5-pin XLR connectors, or four (4) universes via sACN network output. "X" version (or upgrade) supports six (6) universes of DMX (sACN, adds Hog Net compatibility, AND provides external monitor support.

- HedgeHog 4 II Console** #45-081001..... **\$6090.00**
- HedgeHog 4X Console** #45-081002..... **8625.00**
- HedgeHog 4 "X" Upgrade** #45-086003..... **2900.00**

Additional Hog items available, please call or email for details!

JANDS STAGE CL

The JANDS Stage CL is designed specifically for LED fixtures but is just as suitable for conventional lights. Incredibly easy to use. Each of the twelve channels has a Saturation encoder and a Hue encoder that you can adjust to set the color you want. As you turn the dials, an LED on the channel shows the color you're creating. This is so intuitive that even someone with no experience of lighting can grasp it immediately. And of course, each channel has the traditional fader and flash button to set the intensity of the light. Lots of additional programming features to make operation easy. 5-pin DMX output, Ethernet output for ArtNet.

- JANDS Stage CL Console** #45-151005..... **\$1338.88**

**ADDITIONAL ENTTEC, GRANDMA, HOG,
AND JANDS CONTROL SOLUTIONS AVAILABLE!**

LIGHTING CONTROL

POCKET CONSOLE DMX

The Pocket Console DMX is a compact, inexpensive, feature-rich DMX console that can handle a full universe (512 addresses) of DMX. Eight faders can be assigned various DMX addresses in "patch" mode by simply tapping the appropriate bump button when that DMX

address is active. LED display is readable in complete darkness. Useful tool for moving light testing/troubleshooting, emergency backup, softpatch teaching tool, small or simple shows, and remote focus applications. The Pocket Console is powered using one 9V battery (3 hours operation typical) or 120V AC (through power supply, included). Compact at just 6-5/8" x 3-1/4" x 1-3/8" and 13oz. Includes integral 5-pin XLR DMX connection on minimum 18" pigtail. Rackmount version and storage cases also available.

- Pocket Console Basic** #45-141001 **\$315.00**
- Pocket Console PLAYBACK-8** #45-141002..... **395.00**
(stores up to 8 submaster cues for playback)

FLEENOR PRESET 10

A handy DMX512 snapshot device that records up to ten looks and plays them back at the press of a button. Available in a portable enclosure or as a single gang wall plate, the unit can function as a stand alone playback device or as an inline backup unit. When signal is present on the input side, that signal is passed through. If that signal is lost, the Preset 10 will begin transmitting the last

received DMX512 look, thus keeping the stage from blacking out. Pressing one of the ten preset buttons will crossfade from the held look to the recorded preset. Crossfade times are programmable from zero to 999 seconds. Makes an excellent entry station or simple stage manager's panel!

- Preset 10 - Wall Plate Version** #45-135001 **\$508.69**
- Preset 10 - Portable Version** #45-139001 **508.69**

LEPRECON 612/624 CONTROL CONSOLES

Leprecon's compact and economical 600 series memory consoles are fully featured and designed to withstand demanding uses. The twelve channel 612 and 24 channel 624 incorporate the same full travel faders and rugged aluminum chassis design as the bigger touring consoles. Both consoles feature two scene preset mode, bump buttons with add and solo modes, multiple pages of memory and programmable chase effects. Standard control protocol is microplex (3-pin XLR) or DMX (5-pin XLR). Protocol can be used simultaneously. Preset memory capability is 48 (with cue stack ability) for the 612 and 96 for the 624. A go button and timed fades are available on both consoles, and they also have a blind edit function.

- LP-612 MPX / DMX** #45-041014 **\$ 983.00**
- LP-624 MPX / DMX** #45-041016 **1676.00**

FULL LINE OF LEPRECON, LEVITON, LIGHTRONICS AND OTHER MANUFACTURERS AVAILABLE!

DMXcat by City Theatrical

DMXCAT

DMXcat is a powerful, multifunction, DMX controller and test tool that works in tandem with your smartphone. DMXcat itself is a small, battery-powered interface with a 5-pin XLR for connecting into a DMX line (or fixture). Via Bluetooth, the DMXcat interacts with a series of apps (Android or iPhone) that can perform as DMX controller, fixture tester, RDM controller, DMX tester, RF spectrum analyzer (for Wi-Fi networks), and more! Also has built-in LED flashlight, alarm (if misplaced), and a belt clip. Lots more info on website!

- DMXcat DMX Controller** #36-E70001 **\$331.50**

LEVITON/NSI 7000 SERIES

Leviton / NSI Corp's 7000 series digital controllers are simple and flexible with three operating modes. The consoles have two-scene preset operation, wide mode (for single scene with double the channels), and memory scene operation. Dual split crossfaders, bump buttons, and programmable chase functions standard. Output is NSI microplex and DMX512. Easy to program and operate, the MC 7000 series is ideally suited for small venues. Operating instructions printed right on the consoles!

- N7024 24/48 channels w/DMX** #45-051003... **\$877.91**
- N7016 16/32 channels w/DMX** #45-051002..... **665.28**
- N7008 8/16 channels w/DMX** #45-051001 **447.93**

LIGHTRONICS TL-4008/TL-4016

The TL-4008 memory controller (pictured) offers 16 channels, 8 scenes, and 2 programmable chases in a rugged yet compact case. Easy to use...but if you

forget anything, the instructions are printed on the bottom! Three modes of operation: 8 channels x 2 scenes, 16 channels x 1 scene, or 8 channels plus 8 recorded scenes. TL-4016 offers double the number of channels / scenes. Standard output protocol is LMX-128 (multiplex) via 3-pin XLR connector with DMX-512 available as an option.

- Lightronics TL-4008** #45-031002..... **\$333.00**
- Lightronics TL-4016** #45-031003..... **498.75**
- DMX Option DMX-01** #45-037001 **82.50**

DIMMING & POWER CONTROLS

ETC SENSOR3 INSTALLATION RACKS

Sensor3, featuring the CEM3 Power Control processor, bridges your system to the future. The ideal new theater design or retrofit uses a hybrid lighting system that can accommodate all loads - tungsten, LEDs, arc-source movers, and the unknown, while being ready for a time when LEDs may be the dominant source.

Sensor3 Installation Racks provide the ultimate in simplicity, ease of use, and support a wide range of electrical requirements. Designed for convenient front access installation with readily accessible line, load, and control terminals, Sensor3 racks can be bussed together and configured for single phase or three phase operation. The racks are constructed of heavy gauge steel and extruded aluminum components. The locking doors incorporate electrostatic air filters that insure cool operation of all components. Available in 12 module, 24 module, and 48 module racks. Other features and options are available.

Sensor3 systems are specially quoted on a venue-by-venue basis. Please call or email to discuss your specific needs!

ETC SENSOR AND SENSOR+ RACK UPGRADES

Have an original Sensor or Sensor+ dimming system? You too can enjoy the powerful benefits of the CEM3 processor with a rack upgrade that will set the stage for easy management of modern LED fixtures, moving lights, and more. Rack upgrades change out the appropriate hardware and wiring to accommodate the CEM3 and newer modules.

Call us for more details and a custom quote for your venue(s)!

ETC ThruPower Module

ETC THRUPOWER MODULE

The innovative **ThruPower** module can serve as a constant circuit (control system bypass), relay, or a traditional dimmer. This gives you the ultimate flexibility to configure your rack modules based on the specific fixtures being used. You can safely accommodate the power needs of a moving light, LED fixture, or a dimmable tungsten load. Two (2) circuits per module. Compatible with CEM3 systems only.

ThruPower TR20SAF (350µs) #46-160019\$640.00

ADDITIONAL SENSOR MODULES

With the increasing popularity of moving lights and LED fixtures, we see many customers needing to swap out existing Sensor D20 dimming modules for constant circuit and relay modules. Below are a couple of the more popular choices. Larger amperage versions also available, as are Advanced Features. Call us to discuss your specific needs!

CC20 20A Constant Circuit Module - Provides two (2) circuits at 20A each with separate breakers. Fits in one (1) rack slot.

CC20 #46-16015.....\$195.00

R20 20A Relay Module - Provides two (2) relays at 20A each. Great for powering down LEDs remotely. Also fits in one (1) rack slot.

R20 #46-16014.....\$500.00

ETC SMARTPACK DIMMING

SmartPack delivers ETC's professional Sensor technology in an economical dimmer pack that can operate stand-

alone or combined into small systems. This standard 19" wide, 2RU tall pack is available in 12 x 1.2kW or 6 x 2.4kW configurations. Wall mount versions also available. Features include: DMX512A compatible built-in presets and sequencer, auto-restart, dimmer test functions, user-selectable dimming curves, field selectable single phase/three power input, rugged 18 gauge steel enclosure, magnetic circuit breakers, superior heat management, low noise fan, backlit LCD, power/DMX LED indicators, DMX in/out, soft patch, and multi-language support. Excellent for bars, nightclubs, ballrooms, small road shows, churches, meeting rooms, community theatre, and much more.

ETC SMARTMODULE2 DIMMING

SmartModule2 combines ETC dimmer design with portable packaging to provide another economical Smart Solution. Available with either six (6) 1200W dimmers or four (4)

1200W dimmers, SmartModule comes in a convenient convection-cooled package with your choice of Edison, Stage Pin, or Twistlock output connectors. An integrated control module includes local control capabilities and 20 preprogrammed chases for unattended operation. DMX in and thru connections allow simple integration into existing dimming systems or packages. Also features RDM discover and addressing, floor-friendly upright design, and flexible power bare pigtail input (20A three-phase, flush mount grounded twistlock also available). 4-circuit models below are single phase; 6-circuit models below are three phase.

ETC ES750 FIXTURE DIMMER

An individual fixture dimmer by ETC!

This compact single dimmer comes with a yoke mounting bracket for simple attachment to your fixture. The dimmer features ETC's new fan-less "ES" (Electronic Silent) technology that nearly eliminates filament buzz (0 dBA at 1 meter when used with HPL lamp). Models below feature matching power-in, power-out connector types as noted. 5-pin XLR in/thru for DMX data. Special models available with attached lamp burners for S4 fixtures. All items below are BLACK, white also available.

DIMMING & POWER CONTROLS

ETC COLORSOURCE RELAYS

ColorSource Relay is a revolutionary wireless power control solution that switches power and easily transmits DMX to remote or hard-to-reach places. It receives wireless DMX signals and automatically enables power switching and DMX for up to 16 amps of power. The ColorSource Transmitter connects to hard-wired DMX and sends wireless DMX to any ColorSource Relay within 328-feet (100-meters). When you power down your console, the relays follow suit after several seconds. Minimal setup required. Wired version also available.

- CSR-T ColorSource Relay Transmitter** #36-360004..... **\$395.00**
- CSR-W ColorSource Relay Receiver** #36-360003..... **395.00**
- CSR-D ColorSource Relay DMX (wired)** #36-360002..... **225.00**

Various mounting solutions available, please see website.

SYNAPSE 4 POWER MANAGEMENT

Chauvet Synapse 4 is an intelligent relay pack that controls power sent to individual lighting units. Takes one powerCON input and branches it into four outputs, each of which can be powered off individually via DMX. Easily de-power sections of a lighting rig to save power and extend fixture life. Also splits DMX signal!

- Chauvet Synapse 4** #36-960017..... **\$399.99**

LEPRECON WATSON

Leprecon Watson Power Management provides a simple and compact solution for installing, powering, and controlling LED fixtures. Uses DMX control to power on/off each fixture connected to Watson, extending fixture life and reducing energy use. Lowers installed cost with single power drop supporting several fixtures. Mounting bracket included.

- Watson W-1D Duplex Edison Out** #36-460001..... **\$602.00**
- Watson W-1PC powerCON Out** #36-460002..... **602.00**

LEPRECON ULD PORTABLE DIMMING

The ULD-360 has all of the features found in the original 360 series dimmers plus added benefits that are sure to offer years of reliable service. Features dual 25 amp SSR's, illuminated magnetic breakers, superb overvoltage protection, and fully encapsulated chokes for quiet operation. Each channel can be defined as either a non-dim, fluorescent, or fixed intensity level.

Standard packs offer 1800W max capacity per pack via a single 15A power input pigtail. HP (High Performance) packs have two 15A power inputs for a 3600W max capacity. DMX-512 (5-pin) standard.

- ULD-340 Series - Four (4) dimmers per pack**
- ULD-340 Edison** #46-33019..... **\$751.00**
- ULD-340-HP Edison** #46-33015..... **866.00**

Additional models available, including those with W-DMX. Please call.

LEVITON/NSI D4DMX DIMMERS

D4DMX is an economical satellite dimmer pack for use with a variety of controllers. D4DMX offers four (4) dimmers rated at 1200W each, 2400W maximum for the pack (20A max input, 15A Edison plug included). Features circuit breakers for each dimmer, built-in mounting bracket, and instructions on the dimmer pack itself. 3-pin XLR and 5-pin XLR versions.

- D4DMX-MD5 (5-pin)** #46-43008..... **\$217.35**
- D4DMX-MD3 (3-pin)** #46-43009..... **217.35**

ELATION UNI BAR

The UNI BAR is a compact single DMX channel dimmer featuring 10 amps of maximum channel output, dimmer or switch pack modes, dimmer preset and limit settings, local HTP dimmer control, input for an optional analog HTP dimmer controller, power failure memory, 3-pin DMX in/out, (2) Edison 3-prong outputs, 3-button control panel, and LCD display. Easily mounted using standard truss clamps or couplers.

- Elation Uni Bar Dimmer** #46-93006..... **\$104.00**

ELATION CYBER PAK

The CYBER PAK is an all-in-one dimmer/power/MIDI pack with multiple functions. This pack allows you to convert from a dimmer to a relay pack through the menu function. Edison duplex outputs, 3-pin DMX in/thru, NEMA 6-20P 20A Edison power input. 600W max per channel, 2400W pack max.

- Elation Cyber Pak** #46-93003..... **\$200.00**

LIGHTRONICS AS SERIES DIMMERS

AS Series dimmers are ideal for portable/touring applications. Switch between dimmer and relay mode to suit your application. Includes top bracket for easy mounting with standard C-clamp.

15A Edison plug(s) (provided) for power input can be upgraded to 20A plugs for maximum pack capacity. Models listed feature Edison outputs and DMX control. Socapex and stage pin also available.

- 40:** 4 ch, 1 power input, 600W/ch, 2400W pack max
- 42:** 4 ch, 2 power inputs, 1200W/ch, 4800W pack max
- 62:** 6 ch, 2 power inputs, 1200W/ch, 4800W pack max

AUDIO

JBL EON 600 SERIES POWERED SPEAKERS

The latest JBL EONs are a big step forward in technology developed specifically to deliver the best sound possible regardless of its application. These speakers feature JBL's advanced waveguide technology, JBL transducers, and wireless remote control of onboard DSP EQ parameters via Bluetooth. Enclosure designs have been optimized for ideal acoustic resonance taking advantage

of injection molding techniques and mechanical shaping of the enclosures. EON features a self-powered design, impressive frequency range, and useful on-board controls.

- JBL 15" Powered Speaker EON 615** #50-0EON615 **\$499.99**
- JBL 12" Powered Speaker EON 612** #50-0EON612 **449.99**
- JBL 10" Powered Speaker EON 610** #50-0EON610 **399.99**

JBL EON 618S SUBWOOFER

The EON618S is a powered portable PA subwoofer in the EON600 series from JBL Professional. It has been designed to deliver class-leading performance in a variety of applications supporting EON600 and other full range systems. The EON618S enclosure

has been designed to maximize cabinet volume while maintaining a highly transportable footprint. This leads to extraordinary low frequency production, making the EON618S the loudest, lowest, cleanest subwoofer in its class.

- JBL EON 618S 18" Powered Subwoofer** #50-EON618S..... **\$799.99**

JBL EON ONE SYSTEM

The JBL EON ONE is an all-in-one linear-array PA system with a built-in 6-channel mixer. This unique system offers proven JBL Professional sound quality, including a 10" bass-reflex subwoofer for excellent low-frequency response. Mid/high upright array breaks-down and stores neatly into the sub cabinet. Offers 380 watts of power with wide coverage pattern. Also includes Bluetooth connectivity for streaming audio from a mobile device. Great for mobile performers, stand-alone background music system, and so much more. Extraordinarily versatile.

- JBL EON ONE System** #50-0EONONE **\$999.00**

JBL EON 206P AND 208P

EON206P and 208P are self-contained, portable PA systems featuring multiple input channels with individual tone controls, reverb and convenient sound output capabilities that allow the user to integrate the system into any number of audio environments. 206P features two 6.5" speakers with a 6-channel mixer. 208P features 8" speakers, 8-channel mixer, Bluetooth connectivity, AND an AKG handheld mic.

- JBL EON 206P System** #50-EON206P **\$449.00**
- JBL EON 208P System** #50-EON208P **699.00**

JBL SRX800 SERIES

JBL Professional has made a name for itself by producing great sounding, long-lasting portable PA systems. With the introduction of the **SRX800** line of powered portable PA loudspeakers, JBL has set the standard for what a professional powered PA system should be. SRX800 brings together JBL's premium transducers and enclosures, Crown's Proprietary Front-End DriveCore Technology, user-configurable DSP, and full HiQnet Network control compatible with a variety of platforms. SRX800 is a perfect all in one solution wherever high performance, comprehensive control, and pristine sound are required. Great for touring, installed sound systems, theatre production, houses of worship, and more. Lots more specs on our website!

SRX812P

SRX815P

SRX835P

AUDIO

SOUNDCRAFT SIGNATURE SERIES

The **Soundcraft Signature Series** are high-performance, small format, analog mixers with onboard effects. They feature smooth, premium-quality faders with GB Series audio routing. The console is built using tour-grade robust metal construction,

top-quality components, and an internal power supply.

| | |
|---|-----------------|
| Soundcraft Signature 10 Console #48-SC0009 | \$299.00 |
| Soundcraft Signature 12 Console #48-SC0010 | 349.00 |
| Soundcraft Signature 16 Console #48-SC0011 | 599.00 |
| Soundcraft Signature 22 Console #48-SC0012 | 699.00 |

SOUNDCRAFT Si EXPRESSION

Soundcraft Si Expression consoles are powerful, cost-effective digital audio mixers. All Si Expression consoles have busses, output processing, and connectivity to match the versatility of the inputs; the 14 aux/group mixes can be configured as 14 mono mixes, 8

mono plus 6 stereo mixes or almost anything in between, whilst the 4 matrix mixes can be mono or stereo as needed. To complement the channel and bus processing, all Si Expression consoles integrate four stereo Lexicon FX processors based on the MX400 providing a wealth of sounds, user adjustable parameters, and dedicated tap-tempo keys. Every input processing channel has dedicated processing for high pass filter, input delay, gate, compressor, and four band EQ whilst keeping it under control is a comprehensive automation system augmented with four mute groups. Many additional features and options including networking and digital recording.

| | |

dbx 266XS COMPRESSOR/GATE

Adding a dbx 266xs Compressor/Gate to your live sound rig or studio gives you more dynamic control to help create a more polished, professional sound. Makes it easy to bring vocals to the front of your mix - adding greater clarity and making them stand out from the surrounding instruments. The 266xs can operate in stereo or dual-mono modes and features quality XLR and 1/4" TRS inputs and outputs. It cuts no corners on visual feedback with gain reduction metering and easy-to-read backlit switches.

dbx 266xs #51-DB007 \$149.95

dbx 166XS COMPRESSOR/LIMITER/GATE

Similar in specs to the dbx 266xs above, but also features a limiter. Gives you full control over your sound with unparalleled dbx quality.

dbx 166xs #51-DB0008 \$239.95

dbx 1066 COMPRESSOR/LIMITER/GATE

At the heart of the 2-channel 1066 is the dbx V2 VCA. Developed especially for the 1066 and other 10 series products, this latest VCA boasts superb dynamic range characteristics while maintaining very low distortion and almost immeasurable noise characteristics. The dbx 1066 performs better than compressors selling for hundreds more.

dbx 1066 #51-DB0009 \$429.95

LEXICON MX200

Designed with both live sound reinforcement and home recording in mind, MX200 features the deep, rich reverb and effects algorithms that built the Lexicon legend, and adds increased versatility with specialty effects and dbx dynamics. Each of the 32 stunning reverbs and effects – and their parameters – are all instantly accessible within a single button push or knob turn on the intelligently designed front panel without wading through bank after bank of tedious menus.

Lexicon MX200 #51-LX0001 \$199.00

LEXICON MX300

Packs much of the punch of the MX400 below in a stereo (2-channel) format that is affordable yet powerful. Includes USB hardware plug-in capability for use with your DAW workflow.

Lexicon MX300 #51-LX0002 \$249.00

LEXICON MX400

The MX400 offers 4-in/4-out versatility, hands-on control, and road-ready ruggedness. Studio-quality sound in an easy-to-use 1RU package. Unique hardware plug-ins for PC and MAC further expand the flexibility to this powerful unit.

Lexicon MX400 #51-LX0003 \$299.00

dbx 131s EQUALIZER

dbx EQs are the industry standard for touring, studios, and audio installations. The dbx 131s includes a single 31-band channel of 1/3-octave equalization, ± 12 dB input gain, switchable ± 6 dB or ± 12 dB boost/cut range, 20mm nonconductive sliders, an intuitive user interface, and output level metering. 1RU tall.

dbx 131s #51-DB0002 \$159.95

dbx 215s & 231s EQUALIZERS

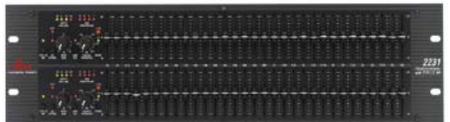

These units are similar in function to the 131s above, but offer 2 channels of equalization. 215s (pictured) is 1RU tall and offers 15-bands for each channel. 231s is 2RU tall and offers 31-bands for each channel.

dbx 215s #51-DB0003 \$159.95

dbx 231s #51-DB0004 199.95

dbx 2215 & 2231

Renowned dbx equalizer technology with the added benefit of instant encode/decode Type III Noise Reduction in-circuit at the push of a button, increasing S/N ratio by up to 20dB. These units also feature PeakPlus Limiters to transparently tame the wildest hits or the subtlest nuances of any signal. 2 channels. 2215 offers 15-bands per channel, 2231 (pictured) has 31-bands per channel.

dbx 2215 #51-DB0005 \$429.95

dbx 2231 #51-DB0006 529.95

dbx DRIVERACK PA2

DriveRack PA2 provides all the processing you need between your mixer and amplifiers to optimize and protect your loudspeakers. Control EQ, set delay, eliminate feedback, and so much more. Setup wizards make getting started a breeze.

dbx DriveRack PA2 #51-DB0001 \$399.95

dbx DRIVERACK VENU360

DriveRack VENU360 builds on earlier DriveRack models with control from mobile devices, 3-input/6-output configuration, improved AutoEQ, and more.

dbx DriveRack VENU360 #51-DB0010 \$799.95

AUDIO

AKG DMS800

The DMS800 reference digital wireless microphone system is a premier offering from AKG, designed to provide accurate signal transmission and reliability for theaters and other live events. The design of the DHT800 handheld transmitter has been improved, with microphone heads now interchangeable. Ultra-wide bandwidth of up to 150MHz offers reliable and versatile operation. An optional network remote control allows frequency coordination and monitoring of multichannel systems by PC software Audio Architect, Apple iPhone/iPad/iPod, or Soundcraft Vi consoles. The DMS800 also provides two digital audio outputs – for DANTE and AES EBU. Systems below include 2-channel receiver and 2 transmitters (handheld and/or beltpack w/mic, depending on system).

AKG WMS40

The WMS40 Mini wireless microphone system provides crystal clear sound and is a true plug'n'play solution. Up and running in quick fashion, it is the optimum wireless solution for small stages, clubs, places of worship, hotels, and gyms. The system is available in different packages, all of which includes a universal, switched mode power supply for worldwide operation. The WMS40 Mini system stands out for its extremely long battery life of 30 hours with a single AA battery which helps saving money in the long run. The handheld systems featured here include the HT40 handheld mic transmitter, a dynamic cardioid mic. Instrumental / bodypack systems also available. Incredible value!

AKG WMS40 Mini Single Set #47-AK0003 \$ 99.00
AKG WMS40 Mini Dual Set #47-AK0015 199.99

AKG WMS4500

The WMS4500 analog reference wireless microphone system provides highest channel quantity, maximum reliability, and easy setup. Combining several frequency bands allows to operate up to 70 channels simultaneously providing an enormous headroom of security for channel management. In combination with the outstanding audio quality WMS4500 gained worldwide recognition as a reliable workhorse in huge installations and on tour.

AUDIO

SHURE SM58

The SM58 is a legendary live vocal microphone known for its rugged reliability in almost any performance setting. Dynamic cartridge with distinct Shure upper-mid presence. Excellent for lead and back-up vocals. A must-have for any audio department. Includes clip, bag.

Shure SM58 Microphone #47-00SM58..... \$99.00

SHURE SM57

Like the SM58 above, the SM57 is an industry standard for performance and recording. Versatile and rugged, the SM57 is an exceptional instrument microphone and vocal microphone. Dynamic cartridge with cardioid pattern. A great all-around choice for many situations. Includes bag & clip.

Shure SM57 Microphone #47-00SM57 \$99.00

SHURE SM48S

A great value option within the long-running and respected SM family, the SM48S is a good performance mic for vocals and spoken word. Classic bright sound. Model featured here includes lockable on/off switch, a handy feature for events and conferences. Includes bag & clip.

Shure SM48S Microphone #47-048SLC..... \$59.40

SHURE BETA 58A

The Beta 58A is a high-output vocal mic with a frequency response tailored for close-up vocal. Chosen by leading technicians for professional live vocals and studio recording. Superior rugged construction handles rough handling. Dynamic supercardioid cartridge. Includes bag & clip.

Shure Beta 58A Microphone #47-00B58A..... \$159.00

SHURE SM63

Elegant yet rugged, the high-output SM63 omnidirectional microphone is designed for professional applications where performance and appearance are critical. SM63 is excellent for use on stage and in broadcast, recording, and TV studios. The smooth, wide frequency response of the SM63 is tailored for optimum speech intelligibility. A built-in humbucking coil makes the microphone virtually immune to strong hum fields, such as those produced by studio lighting. Champagne finish.

Shure SM63 Microphone #47-SH0013 \$123.75

SHURE SM81

Another Shure industry-standard microphone. The SM81 condenser microphone offers a razor-flat and wide frequency response, providing sonic accuracy in stage and studio applications. Features selectable low-frequency response via simple rotary switch. Pros choose this for mic'ing acoustic instruments, pianos, cymbals, choirs, and more. Requires phantom power. Furnished with swivel adapter, windscreen, and carrying case.

Shure SM81 Microphone #47-00SM81 \$349.00

AKG D5

The AKG D5 dynamic mic offers a crisp sound that readily cuts through the mix. Great for lead and backing vocals. Dual shock mounting minimizes handling noise. Supercardioid pattern ensures maximum gain before feedback.

AKG D5 Vocal Mic #47-AK0001 \$99.00

AKG D7

The AKG D7 reference dynamic vocal mic offers the subtle, open sound of a condenser but with the powerful resonance of a dynamic cartridge. Crisp and clean sound, almost no handling noise. Great lead vocal mic!

AKG D7 Vocal Mic #47-AK0002..... \$179.00

AKG C7

The AKG C7 is a reference handheld condenser mic delivering premium studio-quality sound for any stage performance. Pristine clarity and superb high-end response. Multi-layer pop noise filtering shock-absorber suspension ensure worry-free use.

AKG C7 Vocal Mic #47-AK0018 \$249.00

AKG C1000S

AKG C1000S is a multipurpose small condenser microphone renowned for its versatility. Great for recording and live sound reinforcement of acoustic instruments, percussion, pianos, and more. Can run on phantom power or AA batteries.

AKG C1000S Mic #47-AK0009..... \$199.00

ELECTRO-VOICE ND76

Designed to be a workhorse for all-around voice applications, the ND76 cardioid is precisely tuned to deliver clear and balanced vocal presence, as well as superior isolation from sound on the stage.

EV ND76 Vocal Mic #47-EV0001 \$129.00

ELECTRO-VOICE ND86

The ND86 is a robust, high-performance, large-diaphragm dynamic supercardioid vocal microphone. Designed for excellent acoustic control even in the largest venues. Durable tight-mesh grille.

EV ND86 Vocal Mic #47-EV0003 \$159.00

ELECTRO-VOICE ND96

ND96's special structural design creates performance characteristics allowing the microphone's gain before feedback in a mix to be significantly louder than most microphones.

EV ND96 Vocal Mic #47-EV0004..... \$199.00

AUDIO

CROWN / AKG PCC160

The PCC160 is a professional boundary layer microphone and an industry standard stage floor microphone. It's capable of withstanding up to 120dB SPL without distortion. A bass-tilt switch allows the user to tailor the

low-end response for particular applications. PCC (Phase Coherent Cardioid) technology uses diaphragms so small that any phase cancellations are above the audible range. This results in a wide, smooth frequency response free of phase interference. The PCC160 uses a supercardioid polar pattern that improves gain before feedback and reduces unwanted room noise from the rear.

Crown/AKG PCC160 Microphone #47-PCC160.....\$349.00

AKG PZM30 D BOUNDARY MIC

The PZM30 D high-performance hemispherical boundary layer microphone is designed for stage sound reinforcement, recording, and broadcasting. The capsule

is mounted in the pressure zone, an area where direct sound and reflected sound are in phase, which provides a 6dB higher sensitivity. Two selectable frequency responses (flat/rising) provide greater flexibility in mic placement and sonic character. The PZM30 D comes in a rugged, low-profile, metal housing with detachable cable that makes it sturdy and reliable for heavy duty applications.

AKG PZM30 D Boundary Mic #47-AK0008\$399.00

SHURE MX393/C

Low profile, professional condenser boundary microphone with interchangeable cartridges (model listed below is cardioid). Great for any boundary mic application, including altars, lecturns, tables, and stage/scenic placement. Features programmable membrane switch, LED indicator, and more. Requires phantom power.

Shure MX393/C Microphone #47-SH0036.....\$232.00

SHURE BETA 91A

Shure BETA 91A is often seen in kick drums, but is a tremendous microphone for many traditional low-frequency sound reinforcement applications. It makes a tremendous piano mic thanks to its slim form factor. With its half-cardioid pattern, it is suitable for other boundary mic applications as well. Features an updated microphone capsule, integrated preamplifier, and XLR connection. Comes with zipper pouch.

Shure Beta 91A #47-SH0048.....\$239.00

ELECTRO-VOICE RE90B

A condenser boundary microphone with "half-cardioid" pick-up pattern and built-in equalization, the RE90B is ideal for theatre, houses of worship, classrooms, and more. Delivers every word fully and naturally. Ultra-thin profile makes inconspicuous placement easy. 3-pin XLR termination. Durable steel screen.

EV RE90B Boundary Microphone #47-0RE90B\$317.00

ELECTRO-VOICE RE90H

The EV RE90H is a compact, hanging-style condenser microphone. Ideal for choral, instrumental, vocal groups, and live theater. Controlled cardioid polar response for distant sound pick-up without feedback. Offers remarkable clarity and consistency. Comes with a 25-foot braided and shielded

cable with built-in preamp and 3-pin XLR connector. Two-year full warranty and limited lifetime warranty on the element.

EV RE90H Hanging Mic #47-0RE90H\$317.00

SHURE 55SH SERIES II

Unmistakable stage icon features signature satin chrome-plated die-cast casing for vintage look and feel. Modern acoustic components inside ensure performance up to today's standards. Cardioid pickup pattern. Includes swivel stand mount and on/off switch.

Shure 55SH Series II #47-SH0014\$179.00

SHURE X2U XLR/USB ADAPTER

This adapter transforms your favorite XLR microphone to a USB microphone for digital recording. Features headphone jack with volume control for monitoring. Provides phantom power for use with condenser microphones. Offers an integrated pre-amp that allows control of input signal strength. Includes X2u, USB cable, zippered storage bag.

Shure X2U XLR-USB Adapter #47-SH0039\$99.00

TELE-Q RINGER

The one and only! Tele-Q is an electronic device designed to operate prop telephones for stage and screen. Operating from two 9-V batteries (included) or optional AC adapter, the Tele-Q drives any single-line telephone that works on a standard phone line. Operator determines ring pattern; simply press the button to ring, release to stop. Ringing also stops when phone is picked up, allowing ultimate flexibility and authenticity for your performance. For bell/clapper phones, ringing frequency can be changed from the default 20hz setting to mimic older or foreign phones. Measures just 3" x 5" x 1.75".

SMH-310

SMH-210

SMH-710

PRO INTERCOM HEADSETS

SMH-310 - Outstanding value. These are light & comfortable, with a soft removable ear muff that is also washable. Minimal moving parts. Dynamic microphone. Single ear, full size earmuff.

Pro Intercom Headset SMH-310 #53-300SMH310 \$81.00

SMH-210 - High-quality construction with wide frequency response, reducing "ear fatigue" for long-duration situations. Deep, comfortable ear cushions. Noise canceling microphone, flexible headband, electret microphone. Easy repair and service. Single ear, full earmuff.

Pro Intercom Headset SMH-210 #53-300SMH210 \$130.50

SMH-710 - This is a lightweight version of the SMH-310. At just 3.88 oz., this tidy unit is among the lightest headsets available. Ear cushion easily removable and cleanable. Left-ear use only.

Pro Intercom Headset SMH-710 #53-300SMH710 \$76.50

BP-1 SINGLE CHANNEL BELTPACK

Pro Intercom LLC beltpacks are engineered with frequency response that optimizes intelligibility and long-term listening comfort. The BP-1 can be affixed to the user's belt or to a wall using the secure clip attachment. The BP-1 is built using an extruded ribbed

aluminum case, recessed controls, and high quality components. Also features mic on/off switch, call signal, sidetone control, volume control, and matte black finish. 3.70" x 4.30" x 2.50", 13.5 oz.

BP-1 Single Channel Belt Pack #53-30000BP1 \$216.00

BP-2 TWO CHANNEL BELTPACK

Similar in construction to the BP-1 beltpack, the BP-2 offers a 2nd channel of intercom communication. Takes in two intercom signals via two 3-pin XLR connections, allowing the user to monitor either channel (or both simultaneously). Separate controls (volume, sidetone, microphone on/off) provided for each channel.

BP-2 Belt Pack #53-30000BP2..... \$324.00

BP.15 MINIATURE BELTPACK

Take the superior performance of the BP-1 beltpack and pack it into a case that is 1/7th (0.15) the size! The BP.15 is just that...a tidy version of the BP-1 that fits more comfortably on your belt or on that small swath of space left next to the lighting desk. Maintains the traditional 4-pin XLR headset jack, with a miniature XLR jack for the intercom signal. Includes a sturdy adapter cable for standard 3-pin XLR intercom cable. 3.4" x 2.1" x 0.9".

BP.15 Miniature Belt Pack #53-30000BP15..... \$243.00

MS-300 Main Station

PRO INTERCOM MAIN STATION

The MS300 is a 3-circuit Master Station with a unique hybrid configuration. Microprocessors operate all the switching, routing, and supervision functions while both the audio path and the core power supply remain analog. The result is a station with unrivaled flexibility, muscular reliability, and clean, smooth audio. Supervision functions include the individual monitoring of each circuit for faults, and reporting such by front panel LEDs. The 3 circuits can be operated independently or linked in A+B and A+B+C modes. All electronic "housekeeping" functions such as maintaining proper termination impedance are handled automatically. The MS300 can be used with a headset or handset or may operated in hands-free mode by plugging in an accessory close-talking, noise-canceling goose-neck microphone (available separately) and adjusting sidetone for deep suppression. The MS300 is compatible with most other 200ohm unbalanced party-line intercom devices.

MS-300 Main Station #53-3000MS300 \$956.25

MS-301 also available, which adds IFB, paging, and program audio functions.

LS3T (shown with optional mic)

LS3T DESKTOP SPEAKER STATION

The LS3 Talkback Loudspeaker Station is unique and packed with special features. There are three modes of operation. First is press-to-talk, release-to-listen using the speaker as the microphone in the talk mode. Second is full-duplex talk/listen when a close-talking, noise-canceling gooseneck is plugged in. Third is as a headset station when a headset is connected instead of a gooseneck mic. Since LS3s are likely to be used in remote locations, they are subject to having their front panel controls left in positions that will prevent communications from the Master Station (level can be turned down, the speaker switch left off, etc.) Pro Intercom Master Stations are all equipped with an override tone generator. When this inaudible tone is sent out and received by an LS3T, it automatically shifts to a predetermined group of settings, restoring volume, and resetting the speaker setting to listen.

LS3T Speaker Station #53-30000LS3T \$472.50

Shown above with optional gooseneck mic (LMS1, \$225.00)

TELEX REMOTE STATIONS

These stations have the same electronics as a beltpack, but flush mount into a 2-gang electrical wall box for permanent installation. Great for fixed intercom positions. Can be configured for Telex

Audiocom or Clear-Com systems. 4-pin XLR for headset connection.

- WM1000 1-channel** #53-100WM1000 **\$406.35**
- WM2000 2-channel** #53-100WM2000 **438.48**

TICKET WINDOW INTERCOM

The Audiocom ICW-6 represents the ultimate in reliable, rugged, and flexible security and ticket booth communications equipment. You never get a second chance to make a first

impression. First contact with your customer is usually at the ticket booth. Cracked, interrupted, and garbled audio is not what you want that impression to be. Unique audio-shaping circuitry and enhanced VOX (Voice Threshold Level Activation) operation ensure maximum voice intelligibility. Installation is quick and easy with our 2-piece maintenance-free polycarbonate enclosure. Customize your user interface and maximize efficiency with your choice of two (2) hands-free operation modes. Gooseneck microphone operation enables users to move freely to access cash drawers or information sheets without being tethered by a headset. Headset operation provides a higher level of privacy and reduces ambient noise levels in multi-user environments. System Frequency Response: 200 to 4.5kHz ±3dB.

TELEX BTR-700 BASE STATION

BTR 700 is the central base station of the Telex BTR-700 system, supporting up to four (4) TR700 belt packs in full-time transmit, full duplex operation. The system operates in the UHF band from 518 to 740 MHz, with 1440 user selectable frequencies available. At the Telex factory, twenty-four (24) groups are pre-selected for immediate use. Bright, clear, readable LCD display puts all of the features and information you need to access right at your fingertips. Without layer after layer of menus to deal with, the graphical user interface allows even new users to access, change, and store system settings. BTR 700 also features a full talk/listen headset station so that an additional user can communicate on the intercom channel. Superb Telex audio quality!

- Telex BTR-700 Base Station #53-100BTR700\$4125.87**

TELEX TR-700 BELTPACK TRANSCEIVER

Rugged yet lightweight cast magnesium beltpack withstands the rigors of stage and touring applications. Intelligent power control technology eliminates overloading the base station receiver - each beltpack senses when it is close to the base station and reduces its output by 10 dB. Detachable antennas make storage and shipping a breeze. Battery options include alkaline AA (~14 hour life) or rechargeable NiMH battery packs. TR 700 features a 4-pin XLR connector to accept standard Telex headsets.

- Telex TR 700 Beltpack #53-1000TR700..... \$1305.05**

FreeSpeak II System

CLEAR-COM FREESPEAK II

FreeSpeak II is the next generation distributed wireless solution. This high performance wireless intercom system is designed for extensive communication in large-scale operations. Its ability to maintain a strong and continuous wireless connection across an expansive coverage area while providing crystal-clear digital audio makes FreeSpeak II the ideal wireless roaming solution for live event, broadcast, sport production, and other applications.

FreeSpeak II Base-5 - This base station drives a wireless system that can connect up to 5 full-duplex beltacks. Up to 10 active transceiver antennas can enable beltack-to-base station distance range up to 3,200ft (1,000m). The system has 4-wire and partyline intercom connectivity, program feed input, stage announce, IFB, up to 5 wireless partyline groups, and partyline call alert functionality. The base station can intelligently mix 1.9GHz and 2.4GHz system components.

FreeSpeak II Base II - Feature-rich and powerful version of the above that supports up to 25 beltacks!

FreeSpeak II 1.9GHz Beltack - The five-channel, full-duplex FreeSpeak II digital beltack was uniquely designed for the rigorous demands of large-scale operations and continuous communication use. Ergonomic form factor, intuitive operation, and a rugged housing make the beltack ideal for extended use. This beltack operates in the 1.88 - 1.93GHz frequency band. Additional features: Programmable pushbuttons, two rotary encoders, reply button, menu driven display, internal antenna, and long battery usage (typically 18 hours of continuous talk time).

Freespeak II 1.9GHz Active Antenna - 1.89GHz-1.93GHz Band Active Transceiver Antenna allows users to freely roam around a facility while staying connected to the base station. Each Active Antenna can create a coverage zone of up to 1,475 feet. One Active Antenna supports up to 5 beltacks with the ability of adding more if roaming or more beltack support is required.

CUE LIGHT SYSTEMS

LC1

QL1

LOGICUE CUE LIGHT SYSTEM

The LogiCue system is a digital cue light system that makes cueing actors and production crew easy and accurate. 12 channels of control gives you fantastic flexibility in planning your cueing needs. Sets up quickly using standard microphone cables. Features self-test on power-up, tactile "clicky" buttons, simple on/off or red/green configuration options, digital readout of control address (on cue lights themselves), and 2-way acknowledgement (yes, we are here and saw the standby light). Compact control surface consumes minimal space at your stage manager position. Cue lights can be daisy chained or connected using "Y" cables. Master "go" button allows triggering groups of cue lights at once. This is a great system developed by a working theatre professional. Made in the USA!

LogiCue LC1 Controller #25-260001\$800.00

LogiCue QL1 Cue Light #25-260002..... 125.00

Rack mount controller also available.

SEE PAGE 87 FOR MIC CABLE!

LOGICUE DMX CONVERTER

The LogiCue DMX Converter is for converting the LogiCue signal to DMX-512. By converting the signal to DMX, you can use your LogiCue Controller to turn dimmers or relays on and off, just like you would do with a cue light. This application can be useful when using rope light on the fly rail, for example. The LogiCue DMX Converter generates twelve channels of DMX. The converter can be used along with our digital cue lights for a comprehensive cueing system.

LogiCue DMX Converter #25-260005\$265.00

CueSystem Desk 8-Channel

CueSystem Playback Unit

CueSpider (front)

CueSpider (bottom)

ETC CUESYSTEM

With CueSystem's plug-and-play network of cue light outstations and controllers, backstage communication is at your fingertips. CueSystem outstations connect using a standard, power-over-Ethernet network, making it easy to reconfigure or scale for your needs. Build a simple, hands-on system with a control desk and a few CueSpider outstations. For complex shows, add extra outstations and run preprogrammed cue stacks from CueSystem's downloadable PC application or optional Playback Unit.

CueSystem Desks - CueSystem Desks provide direct, hands-on control of CueSystem outstations. Available in both rack-mount and desktop configurations, desks control four, eight, or twelve individual CueSystem channels. For larger shows, multiple Desks may live on the same network, creating a flexible, easy-to-scale system.

CueSpider Stations - CueSpiders "go" wherever backstage communication is needed. Each CueSpider contains an informational readout screen and a red and a green cue light, which can be activated using preprogrammed cues on a PC or playback unit, or can be directly controlled using a CueSystem Desk. Easily placed and rearranged as production needs change.

CueSystem Playback - These dedicated Playback Units offer a simple interface with a readout screen that shows current and upcoming cues, cue selection and cue update buttons, and "standby" and "go" buttons to advance the cue stack.

ROSCO VAPOUR FOGGER

Vapour, the workhorse of Rosco's family of foggers, comes packed with all the features that a professional effects technician could want. Combining high-volume, continuous fog output, with a simple, one-step cleaning process and common core components that are designed to be replaced quickly, the Vapour can be relied upon to get the job done. 1200 watt heat exchanger, DMX on-board.

Rosco Vapour Fogger #19-0VAPOUR\$859.14

ROSCO VAPOUR PLUS FOGGER

Vapour Plus, designed specifically to fill large venues and outdoor spaces, produces impressive amounts of fog quickly and efficiently. This fogger produces stadium-sized effects, yet is small enough to mount inside box truss and power from a single mains circuit.

The Vapour Plus can be mounted horizontally or vertically to create cryogenic-style effects. Features: 1500 watt heat exchanger, constant blast output, onboard timer controls, detachable remote, air input for cleaning, integrated bottle carrier, modular construction, and more.

Rosco Vapour PLUS Fogger #19-VAPOURP\$1031.14

ROSCO MINI-V FOGGER

Mini-V, the most affordable and compact Rosco fog machine, delivers a continuous stream of professional-quality fog. The small design and efficient heat exchanger make it a perfect choice for mobile users or places that lack space for a larger fog generator.

Rosco Mini-V Fogger #19-00MINIV\$429.14

MARTIN JEM ZR25

The JEM ZR25 is a small yet powerful fog machine designed to deliver superior and uninterrupted performance in demanding professional applications. Via its 1,150 W heat exchanger, the JEM ZR25 produces large amounts of fog ideal for small to medium-sized venues and stages. The JEM ZR25 features variable output control for more subtle effects and is fully up-to-date with digital remote, DMX, and RDM.

Martin JEM ZR25 Fogger #19-2215330\$845.00

CITC MANIAC

Maniac combines a fog machine with an RGBA LED moving head wash light, allowing you to create dynamic and colorful fog/steam effects. Great for simulating fire and other eye-candy effects. Adjustable output & speed, wireless remote, DMX on-board, and more. Use SmartFog 15-Second fluid for best effects.

CITC Maniac #19-0MANIAC\$1995.00

SmartFog 15-Sec (gallon) #19-150495A25.60

SPECIAL EFFECTS

ULTRATEC SHOW FOGGER PRO

Show Fogger Pro is an excellent fogger for applications not requiring DMX control. Show Fogger Pro features Rapid Change Technology (RCT) for easy service in the field. In addition to RCT, the Show Fogger Pro boasts continuous output, integral one gallon fluid reservoir, and full function timer. Lifetime heat exchanger warranty when using genuine Ultratec water based fluids.

Show Fogger Pro #19-CLF4400.....\$969.68

VIPER NT

This excellent fogger from Look Solutions offers the latest in digital control with proven German fogger construction. DMX-512 standard, along with advanced on-board standalone control. Volume control in 1% increments from 0 to 99. 1300W heater. Holds 5L bottle.

Viper NT Fog Machine #19-0V10194.....\$1187.50

CHAUVET HURRICANE H1301

Hurricane 1301 is a water-based fogger capable of a great output of 20,000 cfm. It has a 3.3-liter (0.9 gallon) tank and takes only five minutes to heat up. It features a low-fluid indicator and automatic shutdown. Wired remote included.

Hurricane H1301 #19-00H1301\$149.99

CHAUVET GEYSER & VESUVIO

These innovative fog machines from Chauvet allow you to achieve colorful fog and steam effects from a single piece of gear. LEDs surrounding the fog nozzle yield saturated, color-soaked fog. Great for reveal effects! Three (3) models featured below to suit your needs. Specifics outlined below for each machine:

Geyser P4 - Four (4) 7-watt LEDs (RGBA+UV). 15' fog height. Wireless remote. 3-pin DMX.

#19-GEYSER4\$299.99

Geyser P6 - Six (6) 7-watt LEDs (RGBA+UV). 25' fog height. Wireless remote. 3-pin DMX.

#19-GEYSER6\$399.99

Vesuvio - The pro model. RGBA color mixing, larger 1600-watt heater, 3 & 5-pin DMX, and more.

#19-VESUVIO\$529.99

SPECIAL EFFECTS

ROSCO V-HAZER

The quiet and reliable V-Hazer spreads haze via innovative internal baffles that achieve greater output and thorough dispersion. The V-Hazer features the same rock-solid reliability and common core components as the Vapour. Blower

turns off when not in-use to ensure the quietest operation possible. DMX compatible, allowing for independent control of fan speed and pump volume via 2 channels. Remote included. Use V-Hazer fluid.

Rosco V-Hazer #19-0VHAZER\$1203.14

UNIQUE 2.1 HAZER

This powerhouse hazer from Germany offers quiet operation, minimal warm-up time, efficient fluid consumption, and DMX control. Also features variable output. Will run approximately 50 hours on a 2L bottle. Use Unique fluid only. Weighs approximately 19 lbs (w/o fluid).

Unique 2.1 Hazer #19-000DF41\$1757.50

REEL EFX DF-50

The DF-50 is an industry-standard machine for creating beautiful haze effects. Originally developed for Hollywood, the DF-50 has found its way into concert venues, casinos, theatres and countless other venues. Exceeds health & safety guidelines for AEA and other professional organizations. DF-50 can use traditional mineral oil-based fluid or a

newer water-soluble glycol-based fluid. No heater involved means no warm-up time. Compressor carries a 5-year warranty while all other components are covered for 1 year. 2L tank capacity (runtime approx. 35 hours), weighs 35 lbs.

Reel EFX DF-50 #19-000DF50\$3195.00

Reel EFX DF-50 w/DMX #19-DF50DMX 3595.00

LEMATRE MVS HAZER

The Multi Venue System (MVS) has whisper quiet twin variable high output haze projection fans and 90 degree electronically variable haze output direction. The high power air pump and advanced fan motor control provides a wide operational range while the large diameter hazing tube doubles the effective area, increases its working life span, and makes cleaning easier. Four-channel DMX is built into the unit. The MVS uses LeMaitre Neutron Haze fluid.

LeMaitre MVS Hazer #19-003004A\$1617.16

Bottle Carrier for MVS #19-000278848.04

Carrying Case for MVS #19-0003010 334.26

ULTRATEC RADIANCE HAZER

Ultratec continues to set new standards in haze technology with the release of the Radiance Hazer. Based on the proven Neutron Fluid formulation, Ultratec engineers developed a

unique 4-port Rapid Clean Vaporizing element that delivers robust hazing output with minimal maintenance downtime. Built-In DMX offers control of both the haze output and internal fan speed. This combination offers superb haze control and even dispersion. The Radiance can also be operated using an optional remote or the onboard controls. Removable power cable and multi-use bracket included. Use Luminous 7 fluid only.

Radiance Hazer #19-CLF2460..... \$1205.75

CITC AQUAMAX HAZER

The AquaMax by CITC offers long-lasting haze (like oil-based machines) but does so using a 100% organic water-based fluid! Get the best of both worlds: great haze without residue build-up on your expensive gear.

Aquamax also offers quiet performance, DMX on-board, low fluid consumption, remote timer control, and is made in the USA. Does not clog. 1000w power consumption, 8 minute warm-up, 22" x 10" x 10", 25 lbs. One (1) year warranty. Use AquaMax Organic fluid.

AquaMax Hazer #19-0100049..... \$2475.00

JEM COMPACT HAZER PRO

Robust yet small and lightweight, the Jem Compact Hazer Pro is a versatile haze machine designed for the highly demanding professional market. Its ability to produce exceptional atmospheric haze effects in a

short period of time while operating at low noise levels make it ideal for nearly any application from shows and events to theatre, TV studios, clubs, cruise ships, theme parks and more. Use C-Plus fluid.

JEM Compact Hazer Pro #19-CHZPRO.... \$1640.00

SPECIAL EFFECTS

BUBBLE MACHINE B-250

The Bubble King features three (3) double wands offering reliable output covering a large area. Manual onboard control makes setup a breeze. 56oz tank capacity, 120V power input, 58W power draw, weighs 13.2 lbs.

Measures 19" x 15" x 12". Use optional AC-W wireless controller for remote applications.

Bubble King B-250 #19-000B250\$79.99

BUBBLE KING B-550

The Bubble King features three (3) double wands offering reliable output covering a large area. Dual fans provide excellent push. Manual

onboard control makes setup a breeze. 56oz tank capacity, 120V power input, 88W power draw, weighs 13.2 lbs. Measures 19" x 15" x 12". Includes hanging bracket and power cord.

Bubble King B-550 #19-000B550\$179.99

CITC BUBBLE MAX X2 SYSTEM

The Bubble Max X2 allows you to choose either low or high bubble production by having either one or two wands going. This professional machine features an anti-leak

tank for overhead use. Produces up to 1400 bubbles per minute, which typically range in size from 1.25" - 3" in diameter. Three quarts of fluid will last roughly 4 hours. The X2 system includes a Director JR. fan and handy stand.

Bubble Max X2 System #19-0100190 \$576.00

QUESTIONS ABOUT WHICH EFFECTS MACHINE BEST SUITS YOUR NEEDS? GIVE US A SHOUT!

PLEASE SEE PAGE 97 FOR ALL FLUIDS!

ANTARI ICE

Antari ICE produces the ever popular, low-lying, "heavy" smoke of a dry ice machine without the inconvenience of dry ice or the potential hazards of CO2-laden smoke. Place up to 10 kg of ice into the ice chamber to cool the smoke produced by the 1000W smoke machine, then watch the floor disappear in ankle deep smoke. 10 kg of ice placed in the ice chamber can last up to 80 minutes with constant use. DMX on board or use timer remote. Use Antari FLR fluid.

Antari ICE #19-0000ICE\$800.00

ULTRATEC DRY ICER

The Dry Icer has been engineered to address many of the problems associated with homemade 55 gallon dry-ice machines. Molded from heat resistant cross-linked polyethylene. Features a dry-ice capacity of approximately 20 lbs. with a running time of approximately five to ten minutes. The flow rate is controlled by a ratchet lowering system which positions the basket at various depths in the boiling water, producing a powerful fog output through the front nozzle. No rusting, 'squirrel cage' fans, or pumps. Just simple efficient operation.

Ultratec Dry Icer #19-CLF1810\$1220.75

ROSCO COLDFLOW

Rosco Coldflow is an accessory for standard fog machines that converts liquid carbon dioxide (LCO2) to dry ice. The dry ice cools a uniquely designed aluminum extrusion that converts large volumes of fog into dense, low-lying fog. Unlike dry ice, liquid carbon dioxide is readily available, handles easily, and does not require any special storage. Includes remote and 7' hose for tank attachment. 22" x 12.5" x 12". 40 lbs. 120V, 0.5 amp.

Rosco Coldflow #19-COLDFLO\$1644.15

AQUAFOG DRY ICE FOGGER

This water-based system is light-weight, portable, and durable allowing you to create large amounts of billowing fog. The AQUAFOG 3300 features a durable molded thermoplastic tank for corrosion resistance and leak-proof use. The large lid lifts for easy loading of stainless steel ice shelf. Standard unit uses 120VAC. Features a low water level cutout switch as well as a sophisticated adjustable water temperature circuit to maintain temperature through long rehearsals. A 6" fan pressurizes the tank and sends the fog out to the stage. The convenient 4-plug system allows for easy remote control. Water cap: 28 gal (106 lbs.), Ice cap: 75 lbs. Standard 4" hose vent. Check our site for full product specifications!

ULTRATEC QUICK SHOT

A high quality, reusable, handheld launcher that doesn't bust your budget! The **Quick Shot** is a simple yet effective launcher for countless applications. Easy to use: Insert payload (streamers or confetti) into the barrel, screw a new CO2 cartridge into the valve assembly, and you're ready! Simply aim the barrel skyward and press the trigger lever. A back pressure cap can be used to add extra "pop" to the effect, but is not required for proper operation. Uses 16-gram CO2 cartridges (one per shot). Barrel dimensions 1" diameter and 30" length.

Quick Shot #21-31P1015 **\$81.70**

PRO FETTI

Rectangular tissue paper 5/8"x2-1/16" that is fire-retardant, colorfast, biodegradable, and non-toxic. The 1.1 lb. box contains 56 wrapped stacks for easy loading.

SPECIAL EFFECTS

PLASTIC SNOWFLAKES

Artificial snow allows you to make it snow any time of the year. Perfect for snow cradles or snow bags. Bigger flakes give you a slower, wafting snow (think lake effect snow!). Made of plastic and is non flame-retardant. Weight listed after flake size is total amount per box.

1/2" Flakes (25 lbs) #21-4400012 **\$ 80.88**
1/4" Flakes (30 lbs) #21-4400014 **91.78**
1/8"-1/16" Flakes (35 lbs) #21-4400018 **170.30**

CITC LITTLE BLIZZARD

The **Little Blizzard DMX XT** is a compact machine that makes foam flakes which dissipate once on a surface.

Flake size adjustable from a flurry to an all-out blizzard. Remote included, along with on-board DMX-512 interface for integrated control from your lighting console. Foam flake fluid is non-toxic. One gallon can last approximately 20-50 minutes, depending on output settings. "Sound Proofed (SP)" model is 70% quieter than the regular model. Try this industry standard item!

Little Blizzard DMX XT #19-0100255 **\$1305.00**
Little Blizzard DMX XT/SP #19-0100252 **1615.00**
Extra Dry Fluid, Gallon #19-150160A **29.95**

SILENT STORM SNOW

Creates phenomenally realistic effects ranging from a light snowfall to a blinding blizzard. This is one of the quietest snow machines available. Silent storm offers variable output and flake

size, complete control via remote (included) or on-board DMX interface, and built-in 1-gallon fluid jug holder. Uses True North Snow fluid - dries quickly with minimal residue. Add a Twister II or Tornado fan for improved throw distance and wider dispersion.

Silent Storm w/DMX #19-CLS7100 **\$1075.40**

HURRICANE II FAN

This is the granddaddy of fans. Powerful 1 HP motor pushes air out at speeds up to 62MPH, covering an area roughly 85' x 50' (e.g. most stages out there). Refined steel blades designed to minimize

noise and allow the unit to run continuously without overheating. Stand model includes bracket for mounting in multiple positions or for use as a floor stand. This machine pairs exceptionally well with snow machines, helping to propel flakes across a large stage area. 120V AC power input. Made in the USA, built to last.

Hurricane II w/Stand #19-0100160 **\$831.60**

DMX version also available.

SPECIAL EFFECTS

5" Candle Stick

Candle Kit

CANDLE LITE FLICKER CANDLES

Compare these patented candles to any others and you will immediately see Candle Lites' superior effect. These are superbly designed and constructed featuring a tiny logic circuit and three very bright bulbs. The logic circuit controls the flickering of the bulbs to simulate the look of a real candle. The bulb closest to the base of the candle flickers very slowly, the middle bulb a little faster and the top bulb flickers quickly and simulates the dancing flame of a burning candle. The three bulbs are encased in a flame shaped translucent shell to protect them and to soften and diffuse the flicker effect. The candles operate on 9 volts DC from either a battery or an AC power supply. **All items below are incandescent, providing the most realistic effect. LED versions available, which offer better battery life.**

Candle Kit - Includes the flame with twelve inches of wire to the electronics and a four inch pigtail for power. Designed to easily integrate into your existing prop.

Candle Stick - Prop candle effect ready-to-work out of the box. Molded candlestick with CandleLite flame tip, integrated on/off switch, and 9v battery slot inside.

Flicker Bulb E26 Med. Screw Base

Flicker Bulb Candelabra Base

FLICKER BULBS

Simple and inexpensive flickering light bulb offering classic flickering flame effect. Great for set piece chandeliers, candelabras, hurricane lamps, post lanterns, wall sconces, and more. Looks especially good in frosted/diffused lanterns. 130V, 3-watts, 2500 hours avg life, torpedo shaped bulb, ~ 3.6" long. Available in standard household medium screw base (E26) or candelabra base.

- Flicker Bulb, E26 #43-B410803 \$1.95
- Flicker Bulb, Candelabra #43-B410313 1.95

SPECIAL EFFECTS

MIRROR BALLS

- 8" Mirror Ball #23-A4006 \$14.80
- 12" Mirror Ball #23-A4007 32.50
- 16" Mirror Ball #23-34005 65.25
- 20" Mirror Ball #23-34003 99.75
- 3RPM AC Motor #23-84008 19.75

PINSPOT

Handy and compact pinspots provide a very narrow beam ideal for accents, chase sequences, and always popular mirror balls. Features durable metal housing with 6ft grounded AC cord, fuse, and twist-on lens cover. Uses 4515 PAR 36 lamp (included). ETL listed. **Pinspot w/Lamp #23-37002..... \$25.99**

LED SHADOW BLACKLIGHT

The LED Shadow is a blacklight panel wash that delivers excellent and economical blacklight effects using 192 UV LEDs. Built-in auto programs allow the LEDs to flash and strobe in patterns (0 - 14 Hz), 28° coverage angle, 405nm wavelength output, 12W power consumption. LED Shadow can be controlled via DMX (3-pin) or stand-alone programs. Uses 3 DMX channels. Weight 4.9 lbs, measures 14" x 10" x 6.5". CE approved.

LED Shadow #67-C0022..... \$149.99

ALTMAN UV-705 BLACKLIGHT

The UV-705 is a compact, 400w, high output floodlight. Designed to provide a broad, high intensity wash for illumination of fluorescent materials at a distance up to 60 feet. It does not need fans for cooling. Uses a 380w (MHL-450) lamp and easy to use focusing mechanism that affords wide to very wide flood settings. A special lens filters out harmful UV - B&C wavelengths and almost all visible light. Integrated ballast and ignitor, wire mesh safety screen, yoke, dual positive locking dogs, safety cable, heavy duty pipe clamp, 5A-SAG fuse, on/off rocker switch, and Edison plug. **Altman UV-705 #23-13006..... \$2432.00**

SEE PAR HEX 7 AND PAR HEX 12 LED FIXTURES ON PAGE 57 AS ADDITIONAL BLACKLIGHT/UV OPTIONS.

RUSH STROBE CWL

Versatile LED strobe by Martin offering a bright white strobe effect with 17,000 lumen output from 99 CREE 3W LEDs. Features 3-pin and 5-pin DMX, adjustable flash rate (0-25 Hz), and standalone capability. 87° beam angle. This is a powerful strobe at a great price.

Martin RUSH Strobe CWL #23-62005 \$600.00

MARTIN ATOMIC 3000 STROBE

The Atomic 3000 DMX is a powerful and rugged strobe fixture, used by countless theatres, nightclubs, and tours worldwide. Features a 3000W long-life Xenon lamp (included) at 5600°K color temperature, quiet temperature-controlled cooling fan, and preprogrammed special effects. Offers easy control via DMX, stand-alone, master/slave, or optional Detonator remote control. Typical power consumption is 8A. Measures 16.7" x 9.6" x 9.4", 17 lbs.

Atomic 3000 DMX 120V #23-62001..... \$1010.00

Atomic 3000 LED also available.

ELATION PROTRON 3K LED STROBE

The Protron 3K is a high powered LED strobe featuring (200) CREE 3W Cool White LEDs, 80,000 lumens, 120° beam angle, (2) power modes (HIGH or LOW), strobe effect macros including burst, pulse, lighting, and full ON*, (2) silent cooling fans, electronic dimming, 3/5pin DMX and powerCON in/out connections, (4) button LCD control panel, an integrated rigging yoke, 900W max power consumption, and a multi-voltage universal auto switching power supply (100-240v).

Elation Protron 3K LED Strobe #23-92004 \$800.00

CHAUVET STRIKE 1 IP65 STROBE

STRIKE 1 is a big, bold, outdoor-ready blinder powered by an intense 230 W warm white LED source. It is also an awesome strobe and a wide area floodlight. Its IP rated fan keeps it cool enough for use as a wash while IP rated direct power and DMX connections eliminate undesirable whips. An emulated "amber shift" warms the color temperature of the light as it dims to mimic incandescent lights perfectly.

Chauvet Strike 1 LED Strobe #23-C2003 \$919.00

CHAUVET DJ SHOCKER 90 LED STROBE

Shocker 90 is lightweight and little, and packs a brilliant, blinding white punch. It is a blinder that strobes and has 4 zones of control for a range of effects and patterns. Its eye-catching, automated programs work with Master/Slave mode to create a strobing light show quickly and easily. Controlled via control panel or with DMX. The Shocker 90 has a rugged die-cast housing.

Chauvet DJ Shocker 90 #23-C2002..... \$149.99

FLOORING

ROSCO DANCE FLOOR

Basic matte finish vinyl floor, excellent for touring companies and other "temporary" floor installations. Dance Floor is reversible with black on one side and your choice of white or grey on the other. Excellent for ballet, modern, jazz, lyrical, and hip-hop dance styles. 1.3mm thick, 63" wide, 2 lbs. per linear foot.

- Dance Floor, Black/Gray, 131.25' Roll #59-1DF1BG.....\$1635.13**
- Dance Floor, Black/Gray, Cut Footage #59-1DF2BG.....14.25**
- Dance Floor, Black/White, 131.25' Roll #59-1DF1BW 1635.13**
- Dance Floor, Black/White, Cut Footage #59-1DF2BW.....14.25**

ROSCO ADAGIO FLOOR

Excellent for all forms of dance, including ballet, tap, and modern. Heavy duty virgin PVC is tough and durable for hard shoe dance styles, yet supple enough for ballet. Travels well as a portable floor, suitable for permanent installation as well. 63" wide, .06" thick, 2.42 lbs. per linear foot.

- Rosco Adagio, Black, 101.7' Roll #59-1AG1BK.....\$1706.67**
- Rosco Adagio, Black, Cut Footage #59-1AG2BK.....19.25**
- Rosco Adagio, Gray, 101.7' Roll #59-1AG1GR..... 1706.67**
- Rosco Adagio, Gray, Cut Footage #59-1AG2GR.....19.25**

ROSCO ADAGIO TOUR FLOOR

A tough, lighter weight Adagio floor that lays flat quickly while still providing a terrific tap sound. Excellent for all dance types. Matte finish to prevent distracting reflections. Excellent for touring at 1.6 lbs. per foot. 63" wide, just 1mm thick.

- Rosco Adagio TOUR, Black, 101.7' Roll #59-1AT1BK.....\$1290.66**
- Rosco Adagio TOUR, Black, Cut Footage #59-1AT2BK14.50**

DANCE FLOOR CLEANERS

Regular cleaning of dance flooring ensures product life and keeps your performers happy. Use the All Purpose Cleaner for routine cleaning, Heavy Duty for stripping and deep cleaning of heavily soiled floors.

| Type | Liter Item | Liter Price | Gallon Item | Gallon Price |
|-------------|------------|-------------|-------------|--------------|
| All Purpose | 59-1APFC3 | \$14.75 | 59-1APFC4 | \$35.75 |
| Heavy Duty | 59-1HDFC4 | 14.75 | 59-1HDFC4 | 35.75 |

DANCE FLOOR TAPE

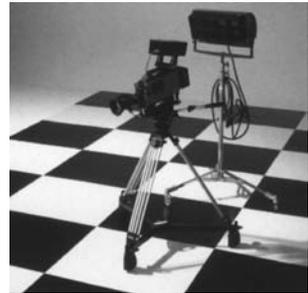

| Item Number | Description | Price |
|-------------|-----------------------|-------------|
| 08-3DN02BK | Black, 2" x 55 yds | \$5.45/roll |
| 08-3DN02WH | White, 2" x 55 yds | 5.45/roll |
| 08-3DN02GR | Gray, 2" x 55 yds | 5.45/roll |
| 08-3DN02CL | Clear, 2" x 36 yds | 5.45/roll |
| | Full case of 24 rolls | 4.95/roll |

PORTA BARRE

Just like the name implies, a truly portable ballet dance barre. Extremely lightweight, yet highly durable and stable for all exercises dancers normally do at a barre. Easy set-up and tear down saves time and effort. Sold complete with custom designed carrying case.

- 9' Barre w/case #59-1PB108.....\$508.00**
- 4'-6" Barre w/case #59-1PB054..... 316.75**

ROSCO STUDIO TILES

Unique, rugged floor product is 100% vinyl in 3' x 3' squares, making it easy to pick up and put down. Works well as a durable temporary or permanently installed floor. Should one or more tiles be damaged, replacement is simple and clean. Low luster sheen can be buffed to a high gloss. 3mm thick, 12 lbs. per tile.

- Studio Tile, Black #59-1RT2BK.....\$47.78**
- Studio Tile, White #59-1RT2WH..... 47.78**
- Studio Tile, Gray #59-1RT2GR..... 47.78**

ROSCO SUBFLOOR

Rosco's modular Subfloor system features a simple, innovative Wavelock interlocking design for tremendous stability. Made of medium density fibreboard (MDF) and strategically placed closed cell foam pads. Give us a call to discuss a custom quote for your space!

INSTALLATIONS

INSTALLATIONS DEPARTMENT

BMI Supply is more than day-to-day theatrical supplies! Our Installation Department features highly trained and certified staff specializing in the design & installation of stage lighting and rigging systems in houses of worship, high schools, colleges/universities, and performing arts centers. Along with new installations, BMI Supply offers inspections, maintenance, repairs, upgrades, and end-user training.

*IF YOU HAVE QUESTIONS OR CONCERNS
ABOUT YOUR TECHNICAL SYSTEMS, PLEASE CONTACT US!*

CAREERS @ BMI SUPPLY

GROWING TIRED OF A DEMANDING PRODUCTION SCHEDULE?

BMI Supply is always looking for qualified candidates for our growing company. Our primary positions offer a fantastic perspective on the Entertainment Industry and the opportunity to work with a wide range of customers, venues, and manufacturers, all while working more traditional business hours. We are located in the beautiful foothills of the Adirondack Mountains, in the greater Saratoga / Lake George region. It is an excellent community with affordable cost-of-living, plentiful recreation, diverse cultural activities, and easy access to world-class cities. Our competitive compensation includes health coverage, 401k, paid vacation, and more. Put your hard-earned training and experience to work with a leading business in the industry. Below are descriptions of our typical Sales and Project Manager / Technician positions:

SALES MANAGER

Serve as start-to-finish customer advisor for quotations, orders, technical guidance, and project planning. You'll also help evaluate new products and manufacturers to improve overall product selection for customers. We also exhibit at periodic tradeshows (1 or 2 per year). We operate in a team environment, with sales managers supporting each other as needs dictate. Ideal candidates have a broad working knowledge of technical theatre and/or event production, including experience with lighting, rigging, scenic construction, and audio. Other important characteristics include strong communication skills, computer skills, and the ability to multitask efficiently. A degree in technical theatre or a similar field is preferred (but not required), along with a minimum of 3 years hands-on industry experience. We are a team-oriented company dedicated to offering customers the best in service, selection, and savings.

PROJECT MANAGER / TECHNICIAN

Project Managers lead system installations in a wide range of venues including professional theatres, university theatres, schools, houses of worship, casinos, and more. BMI Supply employs both Rigging Project Managers and Lighting Project Managers. These important positions require knowledge of the technical theatre/event industry, equipment, and processes. Responsibilities include project costing, resource planning, interfacing with architects/engineers, and overall customer satisfaction. Successful candidates are typically ETCP certified, have formal training in technical theatre systems, and have at least 5 years of hands-on experience in lighting and/or rigging. This is an excellent opportunity for a motivated individual interested in diverse venues and working with a strong team of dedicated professionals.

BUSINESS & INDUSTRY AFFILIATIONS

NEW YORK STATE WOMAN-OWNED BUSINESS

BMI Supply is proud to be a certified NYS Woman-owned Business! This is a division of the Empire State Development program whose mission is to promote equality of economic opportunities for minority- and women-owned business enterprises, supplementing New York State's economic leadership. BMI Supply has been based in NY for all 30 years of operation.

UNITED STATES INSTITUTE FOR THEATRE TECHNOLOGY

USITT was founded in 1960 as an organization to promote dialogue, research, and learning among practitioners of theatre design and technology. Today, it has grown to include members at all levels of their careers and has embraced the new technologies being used in entertainment. USITT is now the leader in life-long learning opportunities for the entertainment design and technology industry.

BMI Supply has proudly supported USITT as a member for many years. We also exhibit regularly at the USITT Annual Conference and Stage Expo.

ENTERTAINMENT SERVICES & TECHNOLOGY ASSOCIATION

ESTA is a non-profit trade association based in North America with members around the world. ESTA's members are responsible for creating some of the most important programs in our industry including the Technical Standards Program, Entertainment Technician Certification Program (see below!), and more.

BMI Supply is a longtime Dealer Member of ESTA, actively participates in ESTA committees & programs, and regularly sponsors ESTA events.

**Employer of ETCP
Certified Technicians**

ENTERTAINMENT TECHNICIAN CERTIFICATION PROGRAM

The Entertainment Technician Certification Program (ETCP) is an industry-wide program that has brought together an unprecedented group of industry organizations, businesses and individuals to create a program of rigorous assessments for professional technicians. ETCP focuses on disciplines that directly affect the health and safety of crews, performers, and audiences.

BMI Supply is an official Employer of ETCP Certified Technicians. Many of our Installation Department staff members hold Rigging or Entertainment Electrician certifications (or both!).

BEHIND THE SCENES CHARITY

The Behind the Scenes Foundation is a non-profit, tax-exempt 501(c)3 organization established in early 2005 to create and support charitable programs for the entertainment technology industry. The Behind the Scenes charity provides financial support to entertainment technology industry professionals who are seriously ill or injured or to their surviving family members. Grants are tailored to each individual and uses can include basic living costs, medical related expenses, transportation, and funeral expenses. Behind the Scenes brings help and hope in times of great need.

BMI Supply is an annual donor to Behind The Scenes and participates in Behind The Scenes fundraising events.

MANUFACTURER LIST

BMI Supply is proud to offer product from the key manufacturers listed below. Looking for gear from a company not listed here? Give us a call. While other suppliers might leave you hanging, we will do our best to track down your product or point you in the right direction. Our sales managers are former TDs, electricians, and carpenters who understand the production process.

ORDERING INFO & TERMS

Pricing

Prices shown are current at time of printing. Prices and specifications subject to change without notice. Please call or e-mail for confirmation of prices and specifications. Updated product pricing is also posted at our website: shop.bmisupply.com. We reserve the right to correct any typographical errors.

Payment Terms

Amex, Visa, MasterCard, Discover accepted, along with cash/check in advance or COD in select cases. Most government, Federal, college, university and private school purchase orders accepted on open account at the discretion of BMI Supply. Open account terms are Net 30 from invoice date, unless other arrangements are agreed upon by BMI Supply. Payments received Net 31 and later incur a 1.5% service charge initially, and for every thirty (30) days thereafter. Any collection and/or legal fees are the responsibility of the purchaser.

Ordering

All orders subject to acceptance by BMI Supply. **Orders may be placed via web, phone, fax, email, or US mail.**

Returns

We understand circumstances arise that necessitate a product return. Returns will not be accepted without a return authorization (RA#) number issued by BMI Supply. Request for an RA# must be placed with BMI Supply within 10 days of receipt of order by customer. Returns expire 20 days after issuance of RA#. All returns are subject to a minimum 20% restocking fee. Some items may be non-returnable solely at the discretion of BMI Supply.

Freight

UPS, FedEx, USPS, and common carrier are used for shipping. Shipping costs are borne by the purchaser unless other arrangements have been agreed upon by BMI Supply. Most shipments are prepaid and added to purchaser's invoice. Please provide need-by date when ordering. Any freight damage claims must be made within three (3) days after receipt of product.

Liability

All products are sold with manufacturers' warranties. Our liability is limited to these warranties. No other claims for damages, labor and/or material will be allowed.
