

## High Output, RGBALC Color Mixing

### Exceptional Quality

The HotBox™ X4 RGBALC is a top performer and undoubtedly our most powerful and versatile HotBox™ to date. Equipped with 4x 20W RGBALC 6-in-1 LEDs, it delivers vibrant color mixing and smooth effects. It can be rigged for stage lighting, used in a freestanding position, or easily fit into standard-sized box trusses for truss warming. With a 25° beam angle, variable dimming curves, and striking strobe effects, it is perfect for a wide range of indoor lighting applications.

### Innovative Design

Built with advanced features and durability in mind, this fixture offers multiple built-in programs, customizable chase effects, and is ideal for video applications with flicker-free LEDs and user-adjustable PWM settings. Its well-structured 4-button OLED menu ensures easy navigation, while RDM protocol adds another layer of professional control. Housed in a solid metal casing, it features industry-standard powerCON® TRUE1-compatible power and 5-pin DMX in/out connections.
